Safeguarding Children/Child Protection Policy

At **GNRC** we work with children, parents, external agencies and the community to ensure the welfare and safety of children and to give them the very best start in life. Children have the right to be treated with respect, be helped to thrive and to be safe from any abuse in whatever form.

We support the children within our care, protect them from maltreatment and have robust procedures in place to prevent the impairment of children's health and development. In our setting we strive to protect children from the risk of radicalisation and we promote acceptance and tolerance of other beliefs and cultures (please refer to our inclusion and equality policy for further information). Safeguarding is a much wider subject than the elements covered within this single policy, therefore this document should be used in conjunction with the nursery's other policies and procedures. Safeguarding children is everybody's responsibility. At **GNRC** all staff, supply staff, students and visitors are made aware of and adhere to, the policy.

This policy works alongside these other specific policies to cover all aspects of child protection:

Acceptable internet use policy	Online safety policy
CCTV policy	Promoting positive behaviour policy
Data protection and confidentiality policy	Recruitment, selection and suitability of staff policy
Inclusion and equality policy	Respectful intimate care policy
Late collection and non-collection of children policy	Social networking policy
Lock down policy	Special educational needs and disabilities (SEND) policy
Lone working policy	Staff code of conduct
Looked after children policy	Supervision of children policy
Missing child from nursery policy	Supervision of visitors policy
Missing child from outings policy	Volunteers policy
Mobile phone and electronic device use policy	Whistleblowing policy
Nappy changing policy	Young workers policy

We ensure all staff, students and volunteers have the necessary knowledge and skills to carry out their duties and have sufficient understanding of how this policy and procedures support them in promoting and safeguarding the welfare of children. This is achieved through recruitment and induction processes and by offering ongoing training and support to all staff, appropriate to their specific role.

This policy is reviewed annually to ensure it remains in line with statutory guidance. Its effectiveness is monitored through staff and stakeholder reviews, appraisals and feedback to ensure appropriate knowledge and awareness is in place.

Legal framework and definition of safeguarding

- Children and Social Work Act 2017
- Criminal Justice and Court Services Act 2000
- Female Genital Mutilation Act 2003 (as amended by the Serious Crime Act 2015)
- Freedom of Information Act 2012
- Keeping Children Safe in Education 2022
- Safeguarding Vulnerable Groups Act 2006
- The Childcare Act 2006
- The Children Act 2004
- The Children Act (England and Wales) 1989
- The Counter-Terrorism and Security Act 2015
- The Data Protection Acts 1984, 1998 and 2018
- The Domestic Abuse Act 2021
- The Human Rights Act 1998
- The Police Act 1997
- The Sexual Offences Act 2003
- Working together to safeguard children 2018

Safeguarding and promoting the welfare of children, in relation to this policy is defined as:

- Protecting children from maltreatment
- Preventing the impairment of children's health or development
- Ensuring that children are growing up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes.

(Definition taken from the HM Government document 'Working together to safeguard children 2018).

Policy intention

The policy makes it clear that all staff, students and volunteers have a responsibility to safeguard children and young people and to protect them from harm. It aims to raise awareness of how to safeguard and promote the welfare of children and provides procedures should a child protection issue arise.

This policy applies to all children up to the age of 18 years whether living with their families, in state care, or living independently (*Working together to safeguard children, 2018*).

Safeguarding and promoting the welfare of children, in relation to this policy, is defined as:

- Protecting children from maltreatment
- Preventing the impairment of children's health or development
- Ensuring that children are growing up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes.

(Working together to safeguard children, 2018)

Child protection is an integral part of safeguarding children and promoting their overall welfare. In this policy, child protection shall mean:

- The activity that is undertaken to protect specific children who are suffering, or are at risk of suffering, significant harm.

To safeguard children and promote their welfare we will:

- Develop a safe culture where staff are confident to raise concerns about professional conduct
- Ensure all staff are able to identify the signs and indicators of abuse, including the softer signs of abuse, and know what action to take
- Share information with other agencies as appropriate.

We promote:

- Always listening to children
- Positive images of children
- Children developing independence and autonomy as appropriate for their age and stage of development
- Safe and secure environments for children
- Tolerance and acceptance of different beliefs, cultures and communities
- British values
- Providing intervention and help for children and families in need.

We have a duty to act quickly and responsibly in any instance that may come to our attention. If in any doubt about what constitutes a safeguarding concern, refer to the Designated Safeguarding Lead (DSL). If there is a concern, never do nothing (*Laming, 2009*), always do something, including sharing information with any relevant agencies. Safeguarding is everybody's responsibility.

GNRC aims to:

- Keep the child at the centre of all we do, providing sensitive interactions that develop and build children's well-being, confidence and resilience. We will support children to develop an awareness of how to keep themselves safe, healthy and develop positive relationships
- Be aware of the increased vulnerability of children with Special Educational Needs and Disabilities (SEND), isolated families and vulnerabilities in families,

including the impact of toxic trio on children and Adverse Childhood Experiences (ACEs)

- Ensure that all staff feel confident and supported to act in the best interest of the child, maintaining professional curiosity around welfare of children, sharing information, and seeking help that a child may need at the earliest opportunity
- Ensure that all staff are familiar and updated regularly with child protection training and procedures and kept informed of changes to local and/or national procedures, including thorough annual safeguarding updates
- Make any child protection referrals in a timely way, sharing relevant information as necessary in line with procedures set out by **West Sussex Safe Guarding Board**
- Ensure that information is shared only with those people who need to know in order to protect the child and act in their best interest
- Ensure that staff identify, minimise and manage risks while caring for children
- Take any appropriate action relating to allegations of serious harm or abuse against any person working with children including reporting such allegations to Ofsted and other relevant authorities
- Ensure parents are fully aware of our safeguarding and child protection policies and procedures when they register with the nursery and are kept informed of all updates when they occur
- Regularly review and update this policy with staff and parents where appropriate and make sure it complies with any legal requirements and any guidance or procedures issued by **West Sussex Safe Guarding Board**

To safeguard children and promote their welfare **GNRC** will:

- Create an environment to encourage children to develop a positive self-image
- Provide positive role models and develop a safe culture where staff are confident to raise concerns about professional conduct
- Ensure all staff are able to identify the signs and indicators of abuse, including the softer signs of abuse, and know what action to take
- Support staff to notice the softer signs of abuse and know what action to take
- Encourage children to develop a sense of independence and autonomy in a way that is appropriate to their age and stage of development
- Provide a safe and secure environment for all children
- Promote tolerance and acceptance of different beliefs, cultures and communities
- Help children to understand how they can influence and participate in decision-making and how to promote British values through play, discussion and role modelling
- Always listen to children
- Provide an environment where practitioners are confident to identify where children and families may need intervention and seek the help they need
- Share information with other agencies as appropriate.

GNRC is aware that abuse does occur in our society and we are vigilant in identifying signs of abuse and reporting concerns. Our practitioners have a duty to protect and promote the welfare of children. Staff working on the frontline with children and

families are often the first people to identify a concern, observe changes in a child's behaviour or receive information relating to indicators of abuse. Due to the many hours of care we are providing, staff may often be the first people to identify that there may be a problem. They may well be the first people in whom children confide information that may suggest abuse or to spot changes in a child's behaviour which may indicate abuse.

Our prime responsibility is the welfare and well-being of each child in our care. As such we believe we have a duty to the children, parents and staff to act quickly and responsibly in any instance that may come to our attention. This includes sharing information with any relevant agencies such as local authority services for Children's Social Care, family support, health professionals including health visitors or the police. All staff will work with other agencies in the best interest of the child, including as part of a multi-agency team, where needed.

GNRC aims to:

- Keep the child at the centre of all we do, providing sensitive interactions that develops and builds children's well-being, confidence and resilience. We will support children to develop an awareness of how to keep themselves safe, healthy and develop have positive relationships.
- Ensure staff are trained right from induction to understand the child protection and safeguarding and child protection policy and procedures, are alert to identify possible signs of abuse (including the signs known as softer signs of abuse), understand what is meant by child protection and are aware of the different ways in which children can be harmed, including by other children (peer on peer) through bullying or discriminatory behaviour
- Be aware of the increased vulnerability of children with Special Educational Needs and Disabilities (SEND), isolated families and vulnerabilities in families; including the impact of toxic trio (domestic abuse, mental ill-health & substance abuse) on children and Adverse Childhood Experiences (ACE's).
- Ensure that all staff feel confident and supported to act in the best interest of the child; maintaining professional curiosity around welfare of children and share information, and seek the help that the child may need at the earliest opportunity.
- Ensure that all staff are familiar and updated regularly with child protection training and procedures and kept informed of changes to local/national procedures, including thorough annual safeguarding and staff meetings.
- Make any child protection referrals in a timely way, sharing relevant information as necessary in line with procedures set out by the **West Sussex Safe Guarding Board**
- Ensure that information is shared only with those people who need to know in order to protect the child and act in their best interest
- Keep the setting safe online, we refer to 'Safeguarding children and protecting professionals in early years settings: online safety considerations and use using appropriate filters, checks and safeguards, monitoring access at all times and maintaining safeguards around the use of technology by staff, parents and visitors in the setting.
- Ensure that staff identify, minimise and manage risks while caring for children.

- Identify changes in staff behaviour and act on these as per the Staff Behaviour Policy
- Take any appropriate action relating to allegations of serious harm or abuse against any person working with children or living or working on any GNRC premises including reporting such allegations to Ofsted and other relevant authorities including the local authority.
- Ensure parents are fully aware of our safeguarding and child protection policies and procedures when they register with the nursery and are kept informed of all updates when they occur
- Regularly review and update this policy with staff and parents where appropriate and make sure it complies with any legal requirements and any guidance or procedures issued by the **West Sussex**

We will support children by offering reassurance, comfort and sensitive interactions. We will devise activities according to individual circumstances to enable children to develop confidence and self-esteem within their peer group and support them to learn how to keep themselves safe.

Definition of significant harm

The Children Act 1989 introduced the concept of significant harm as 'the threshold that justifies compulsory intervention in family life in the best interests of children'. It gives LAs a duty to make enquires to decide whether they should take action to safeguard or promote the welfare of a child who is suffering, or likely to suffer, significant harm.

Whilst there are no absolute criteria to rely on when judging what constitutes significant harm, consideration should be given to:

- The severity of the ill-treatment, including the degree of harm
- The extent and frequency of abuse and/or neglect
- The impact this is likely to have, or is having, on the child involved.

This may be a single traumatic event, such as a violent assault, suffocation or poisoning, or it can be a combination of events (both acute and long-standing) that impairs the physical, intellectual, emotional, social or behavioural development of the child.

Definitions of abuse and neglect

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused within a family, institution or community setting by those known to them or, more rarely, a stranger. Perpetrators of abuse can be an adult, or adults, another child or children.

(What to do if you're worried a child is being abused: Advice for practitioners, 2015 and Working together to safeguard children, 2018)

The signs and indicators listed below may not necessarily indicate that a child has been abused, but can help to indicate that something may be wrong, especially if a child shows a number of these symptoms, or any of them to a marked degree.

Indicators of child abuse

- Failure to thrive and meet developmental milestones
- Fearful or withdrawn tendencies
- Unexplained injuries to a child or conflicting reports from parents or staff
- Repeated injuries
- Unaddressed illnesses or injuries
- Significant changes to behaviour patterns.

Softer signs of abuse as defined by National Institute for Health and Care Excellence (NICE) include:

Emotional states:

- Fearful
- Withdrawn
- Low self-esteem.

Behaviour:

- Aggressive
- Oppositional habitual body rocking.

Interpersonal behaviours:

- Indiscriminate contact or affection seeking
- Over-friendliness to strangers including healthcare professionals
- Excessive clinginess, persistently resorting to gaining attention

- Demonstrating excessively 'good' behaviour to prevent parental or carer disapproval
- Failing to seek or accept appropriate comfort or affection from an appropriate person when significantly distressed
- Coercive controlling behaviour towards parents or carers
- Lack of ability to understand and recognise emotions
- Very young children showing excessive comforting behaviours when witnessing parental or carer distress.

Child-on-child abuse

Child-on-child abuse is also known as peer-on-peer abuse; children are included as potential abusers in our policies. Child-on-child abuse may take the form of bullying, physically hurting another child, emotional abuse or sexual abuse. Reporting procedures in these instances remain the same although additional support from relevant agencies may be required to support both the victim and the perpetrator. Children who develop harmful behaviours are also likely to be victims of abuse or neglect.

If child-on-child abuse is suspected, then any concerns must be reported in line with our safeguarding procedures.

Physical abuse

A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child. This is fabricated or induced illness or FII.

All children can suffer injuries during their early years as they explore and develop. If an explanation of how a child received their injury doesn't match the injury itself or if a child's injuries are a regular occurrence or there is a pattern to their injuries, then we will report our concerns.

Fabricated illness

This abuse is when a parent fabricates the symptoms of, or deliberately induces, illness in a child. The parent may seek out unnecessary medical treatment or investigation. They may exaggerate a real illness and symptoms, or deliberately induce an illness through poisoning with medication or other substances, or they may interfere with medical treatments. This may also be presented through false allegations of abuse or encouraging the child to appear disabled or ill to obtain unnecessary treatment or specialist support.

Female genital mutilation (FGM)

FGM is a procedure where the female genital organs are injured or changed with no medical reason. The procedure may be carried out shortly after birth, during childhood or adolescence, just before marriage or during a woman's first pregnancy, according to the community.

It is frequently a very traumatic and violent act for the victim and can cause harm in many ways. The practice can cause severe pain and there may be immediate and/or long-term health consequences, including mental health problems, difficulties in childbirth, causing danger to the child and mother, and/or death (definition taken from

the Multi-agency statutory guidance on female genital mutilation). Other consequences include shock, bleeding, infections (tetanus, HIV and hepatitis B and C) and organ damage.

FGM is child abuse and is illegal in the UK. It can be extremely dangerous and can cause:

- Severe pain
- Shock
- Bleeding
- Infection such as tetanus, HIV and hepatitis B and C
- Organ damage
- Blood loss and infections
- Death in some cases

Any concerns about a child or family, will be reported to the children's social care team in the same way as other types of physical abuse. We have a mandatory duty to report to police any case where an act of female genital mutilation appears to have been carried out on a girl under the age of 18.

FGM is a form of physical abuse and any concerns must be reported in line with our safeguarding procedures. In addition, there is a mandatory duty to report to police any case where an act of FGM appears to have been carried out on a girl under the age of 18.

Breast ironing/flattening

Breast ironing also known as "breast flattening" is the process where young girls' breasts are ironed, massaged and/or pounded down through the use of hard or heated objects in order for the breasts to disappear, or delay the development of the breasts entirely. It is believed that by carrying out this act, young girls will be protected from harassment, rape, abduction and early forced marriage.

Breast Ironing/Flattening is a form of physical abuse and can cause serious health issues such as:

- Abscesses
- Cysts
- Itching
- Tissue damage
- Infection
- Discharge of milk
- Dissymmetry of the breasts
- Severe fever.

Any concerns about a child or family, will be reported to the children's social care team in the same way as other types of physical abuse.

Sexual abuse

Sexual abuse involves forcing, or enticing, a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact,

including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online and technology can be used to facilitate offline abuse. Adult males do not solely perpetrate sexual abuse; women can also commit acts of sexual abuse, as can other children.

Action must be taken if a staff member witnesses an occasion(s) where a child indicates sexual activity through words, play, drawing, has an excessive preoccupation with sexual matters; or has an inappropriate knowledge of adult sexual behaviour, or language, for their developmental age. This may include acting out sexual activity on dolls/toys or in the role-play area with their peers; drawing pictures that are inappropriate for a child, talking about sexual activities or using sexual language or words.

If a child is being sexually abused staff may observe both emotional and physical symptoms.

Emotional signs:

- Being overly affectionate or knowledgeable in a sexual way inappropriate to the child's age
- Personality changes such as becoming insecure or clingy
- Regressing to younger behaviour patterns such as thumb sucking or bringing out discarded cuddly toys
- Sudden loss of appetite or compulsive eating
- Being isolated or withdrawn
- Inability to concentrate
- Lack of trust or fear of someone they know well, such as not wanting to be alone with a carer
- Becoming worried about clothing being removed
- Suddenly drawing sexually explicit pictures or acting out actions inappropriate for their age
- Using sexually explicit language.

Physical Signs:

- Bruises
- Bleeding, discharge, pains or soreness in their genital or anal area
- Sexually transmitted infections
- Pregnancy

Any concerns about a child or family will be reported to the children's social care team.

Child sexual exploitation (CSE) and Child criminal exploitation (CCE)

Both CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect

children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation (Keeping children safe in education, 2022).

Child sexual exploitation (CSE)

CSE is where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity. The victim may have been sexually exploited even if the sexual activity appears consensual. CSE does not always involve physical contact; it can also occur through the use of technology and may be without the child's immediate knowledge such as through others copying videos or images they have created and posted on social media.

Signs and symptoms include:

- Physical injuries such as bruising or bleeding
- Having money or gifts they are unable to explain
- Sudden changes in their appearance
- Becoming involved in drugs or alcohol, particularly if it is suspected they are being supplied by older men or women
- Becoming emotionally volatile (mood swings are common in all young people, but more severe changes could indicate that something is wrong)
- Using sexual language beyond that expected for their age or stage of development
- Engaging less with their usual friends
- Appearing controlled by their phone
- Switching to a new screen when you come near the computer
- Nightmares or sleeping problems
- Running away, staying out overnight, missing school
- Changes in eating habits
- Talk of a new, older friend, boyfriend or girlfriend
- Losing contact with family and friends or becoming secretive
- Contracting sexually transmitted diseases.

Child Criminal Exploitation (CCE)

CCE is where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into any criminal activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial or other advantage of the perpetrator or facilitator and/or (c) through violence or the threat of violence. The victim may have been criminally exploited even if the activity appears consensual. CCE does not always involve physical contact; it can also occur through the use of technology.

CCE can include children being forced to work in cannabis factories, being coerced into moving drugs or money across the country forced to shoplift or pickpocket, or to threaten other young people. Some of the following can be indicators of CCE:

- Children who appear with unexplained gifts or new possessions;
- Children who associate with other young people involved in exploitation;
- Children who suffer from changes in emotional well-being;
- Children who misuse drugs and alcohol;
- Children who go missing for periods of time or regularly come home late; and

- Children who regularly miss school or education or do not take part in education.

If staff have any concerns regarding CSE or CCE, they will be reported following our safeguarding reporting procedures.

Emotional abuse

Working together to safeguard children (2018) defines emotional abuse as 'the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on

the child's emotional development.' Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur separately.

Examples of emotional abuse include:

- Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- Not giving a child opportunity to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- Age or developmentally inappropriate expectations being imposed, such as interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction
- Serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children
- A child seeing or hearing the ill-treatment of another.

A child may also experience emotional abuse through witnessing domestic abuse or alcohol and drug misuse by adults caring for them. In England, The Domestic Abuse Act (2021) recognises in law that children are victims of emotional abuse if they see, hear or otherwise experience the effects of domestic abuse.

Signs and indicators may include delay in physical, mental and/or emotional development, sudden speech disorders, overreaction to mistakes, extreme fear of any new situation, neurotic behaviour (rocking, hair twisting, self-mutilation), extremes of passivity or aggression, appearing to lack confidence or self-assurance.

Neglect

Working Together to Safeguard Children (2018) defines Neglect as 'the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development'. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate caregivers)
- Ensure access to appropriate medical care or treatment.
- It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

An NSPCC briefing (July 2021) found neglect to be the most common form of abuse, with one in ten children in the UK having been neglected. Concerns around neglect have been identified for half of children who are the subject of a child protection plan or on a child protection register in the UK. Younger children are more likely than older children to be the subject of a child protection plan in England because of neglect, although research suggests that the neglect of older children is more likely to go overlooked.

Signs may include a child persistently arriving at nursery unwashed or unkempt, wearing clothes that are too small (especially shoes that may restrict the child's growth or hurt them), arriving at nursery in the same nappy they went home in or a child having an illness or identified special educational need or disability that is not being addressed by the parent. A child may also be persistently hungry if a parent is withholding food or not providing enough for a child's needs.

Neglect may also be shown through emotional signs, e.g. a child may not be receiving the attention they need at home and may crave love and support at nursery. In addition, neglect may occur through pregnancy as a result of maternal substance abuse.

Action will be taken if the staff member has reason to believe that there has been any type of neglect of a child.

Domestic abuse

The definition of domestic abuse from the Domestic Abuse Act, 2021 is:

Behaviour of a person (A) towards another person (B) is 'domestic abuse' if:

- A and B are each aged 16 or over and are personally connected to each other
- The behaviour is abusive.

Behaviour is 'abusive' if it consists of any of the following:

- Physical or sexual abuse
- Violent or threatening behaviour
- Controlling or coercive behaviour
- Economic abuse (any behaviour that has a substantial adverse effect on B's ability to acquire, use or maintain money or other property and/or obtain goods or services)
- Psychological, emotional or other abuse.

It does not matter whether the behaviour consists of a single incident or a course of conduct.

Domestic abuse can happen to anyone regardless of gender, age, social background, religion, sexuality or ethnicity and domestic abuse can happen at any stage in a relationship.

Signs and symptoms of domestic abuse include:

- Changes in behaviour (for example, becoming very quiet, anxious, frightened, tearful, aggressive, distracted, depressed etc.)
- Visible bruising or single, or repeated, injury with unlikely explanations
- Change in the manner of dress (for example, clothes to hide injuries that do not suit the weather)

- Stalking, including excessive phone calls or messages
- Partner or ex-partner exerting an unusual amount of control or demands over work schedule
- Frequent lateness or absence from work.

All children can witness and be adversely affected by domestic abuse in the context of their home life. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children.

Where incidents of domestic abuse are shared by our own staff, students or volunteers we will respect confidentiality at all times and not share information without their permission. However, we will share this information, without permission, in cases of child protection or where we believe there is an immediate risk of serious harm to the person involved.

Contextual safeguarding

As young people grow and develop, they may be vulnerable to abuse or exploitation from outside their family. These extra-familial threats might arise at school and other educational establishments, from within peer groups, or more widely from within the wider community and/or online.

As part of our safeguarding procedures we will work in partnership with parents and other agencies to work together to safeguard children and provide the support around contextual safeguarding concerns.

County Lines

The National Crime Agency (NCA) defines county lines as gangs and organised criminal networks involved in exporting illegal drugs from big cities into smaller towns, using dedicated mobile phone lines or other form of 'deal line.' Customers live in a different area to the dealers, so drug runners are needed to transport the drugs and collect payment.

Perpetrators often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. A child is targeted and recruited into county lines through schools, further and higher educational institutions, pupil referral units, special educational needs schools, children's homes and care homes.

Signs and indicators to be aware of include:

- Changes in dress style
- Unexplained, unaffordable new things (for example, clothes, jewellery, cars etc.)
- Missing from home or school and/or significant decline in performance
- New friends with those who don't share any mutual friendships with the victim, gang association or isolation from peers or social networks
- Increase in anti-social behaviour in the community including weapons
- Receiving more texts or calls than usual
- Unexplained injuries
- Significant changes in emotional well-being

- Being seen in different cars or taxis driven by unknown adults
- A child being unfamiliar with where they are.

Cuckooing

Cuckooing is a form of county lines crime. In this instance, the drug dealers take over the home of a vulnerable person in order to criminally exploit them by using their home as a base for drug dealing, often in multi-occupancy or social housing properties.

Signs and symptoms include:

- An increase in people, particularly unknown people, entering or leaving a home or taking up residence
- An increase in cars or bikes outside a home
- A neighbour who hasn't been seen for an extended period
- Windows covered or curtains closed for a long period
- Change in resident's mood and/or demeanour (for example, secretive, withdrawn, aggressive or emotional)
- Substance misuse and/or drug paraphernalia
- Increased anti-social behaviour.

Extremism – the Prevent Duty

Extremism and radicalisation

Under the Counter-Terrorism and Security Act 2015, there is a duty to safeguard vulnerable and at risk children by preventing them from being drawn into terrorism. This is known as the Prevent Duty.

Children can be exposed to different views and receive information from various sources and some of these views may be considered radical or extreme. Radicalisation is the way a person comes to support or be involved in extremism and terrorism; usually it's a gradual process so those who are affected may not realise what's happening. Radicalisation is a form of harm. The process may involve:

- Being groomed online or in person
- Exploitation, including sexual exploitation
- Psychological manipulation
- Exposure to violent material and other inappropriate information
- The risk of physical harm or death through extremist acts.

For further information visit [The Prevent Duty website](#).

Forced marriage

A forced marriage is defined as 'a marriage in which one, or both spouses, do not consent to the marriage but are coerced into it. Duress can include physical, psychological, financial, sexual and emotional pressure.'

Where incidents of forced marriage are shared by our own staff, students or volunteers, we will respect confidentiality at all times and not share information without their permission. However, we will share this information without permission in cases of child protection, or where we believe there is an immediate risk of serious harm to the person involved.

Online Safety

While the growth of internet and mobile device use brings many advantages, the use of technology has become a significant component of many safeguarding issues such as child sexual exploitation and radicalisation.

There are four main areas of risk associated with online safety:

- Content - being exposed to illegal, inappropriate or harmful material such as pornography, fake news, racist or radical and extremist views
- Contact - being subjected to harmful online interaction with other users such as commercial advertising or adults posing as children or young adults
- Conduct - personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images and online bullying
- Commerce - risks such as online gambling, inappropriate advertising, phishing and or financial scams.

**Report online safety concerns to the DSL and to the Child Exploitation and Online Protection Centre (CEOP): <https://www.ceop.police.uk/Safety-Centre/>
Inappropriate content received via email must be reported to the DSL and to the Internet Watch Foundation (IWF): <https://www.iwf.org.uk/>**

Child trafficking and modern slavery

Child trafficking and modern slavery is when children are recruited, moved, transported and then exploited, forced to work or are sold.

For a child to have been a victim of trafficking there must have been:

- Action: recruitment, transportation, transfer, harbouring or receipt of a child for the purpose of exploitation
- Purpose: sexual exploitation, forced labour or domestic servitude, slavery, financial exploitation, illegal adoption, removal of organs.

Modern slavery includes slavery, servitude and forced or compulsory labour and child trafficking. Victims of modern slavery are also likely to be subjected to other types of abuse such as physical, sexual and emotional abuse.

Signs and symptoms for children include:

- Being under control and reluctant to interact with others
- Having few personal belongings, wearing the same clothes every day or wearing unsuitable clothes
- Being unable to move around freely
- Appearing frightened, withdrawn, or showing signs of physical or emotional abuse.

Adult sexual exploitation

As part of our safeguarding procedures we will also ensure that staff and students are safeguarded from sexual exploitation.

Up skirting/down blousing

Up skirting and down blousing are criminal offences. They involve taking pictures of someone's genitals, buttocks or other intimate images under their clothing without

them knowing, either for sexual gratification or in order to humiliate, or distress, the individual.

If **up skirting or down blousing** is suspected, then any concerns must be reported in line with our safeguarding procedures.

Honour based abuse (HBA)

HBA is described as 'incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing.' (Keeping children safe in education, 2022). Such abuse can occur when perpetrators perceive that a relative has shamed the family and/or community by breaking their 'honour' code. It is a violation of human rights and may be domestic, emotional and/or sexual abuse such as being held against their will, threats of violence or actual assault. It often involves wider family networks or community pressure and so can include multiple perpetrators.

Signs and symptoms of HBA include:

- Changes in how the child dresses or acts, such as not 'western' clothing or make-up
- Visible injuries, or repeated injury, with unlikely explanations
- Signs of depression, anxiety or self-harm
- Frequent absences
- Restrictions on friends or attending events.

Where incidents of HBA are shared by our own staff, students or volunteers, we will respect confidentiality at all times and not share information without their permission. However, we will share this information without permission in cases of child protection, or where we believe there is an immediate risk of serious harm to the person involved.

Child abuse linked to faith or belief (CALFB)

Child abuse linked to faith or belief (CALFB) can happen in families when there is a concept of belief in:

- Witchcraft and spirit possession, demons or the devil acting through children or leading them astray (traditionally seen in some Christian beliefs)
- The evil eye or djinns (traditionally known in some Islamic faith contexts) and dakini (in the Hindu context)
- Ritual or multi-murders where the killing of children is believed to bring supernatural benefits, or the use of their body parts is believed to produce potent magical remedies
- Use of belief in magic or witchcraft to create fear in children to make them more compliant when they are being trafficked for domestic slavery or sexual exploitation
- Children's actions are believed to have brought bad fortune to the family or community.

Reporting Procedures

All staff have a responsibility to report safeguarding/child protection concerns and suspicions of abuse. These concerns will be discussed with the designated safeguarding lead (DSL) as soon as possible.

- Staff will report their concerns to the DSL, Laura Uffindell (in the absence of the DSL they will be reported to the Deputy DSLs, Paula Denhart or Yara Fernandez)
- Any signs of marks/injuries to a child or information a child has given will be recorded and stored securely
- For children who arrive at nursery with an existing injury, a form will be completed along with the parent's/carers explanation as to how the injury happened. Staff will have professional curiosity around any explanations given, any concerns around existing injury's will be reported.
- If appropriate, any concerns/or incidents will be discussed with the parent/carer and discussions will be recorded. Parents will have access to these records on request in line with GDPR and data protection guidelines.
- If appropriate, the incident will be discussed with the parent/carer, such discussions will be recorded and the parent will have access to these records on request
- If there are queries/concerns regarding the injury/information given then the following procedures will take place:

The designated safeguarding lead will:

- Contact the Local Authority children's social care team to report concerns and seek advice immediately, or as soon as it is practical to do so. If it is believed a child is in immediate danger we will contact the police. If the safeguarding concern relates to an allegation against an adult working or volunteering with children then the DSL will follow the reporting allegations procedure (see below).
- Inform Ofsted
- Record the information and action taken relating to the concern raised
- Speak to the parents (unless advised not to do so by LA children's social care team)
- The designated safeguarding lead will follow up with the Local Authority children's social care team if they have not contacted the setting within the timeframe set out in Working Together to Safeguarding Children (2018). We will never assume that action has been taken,

	Staff member role on receiving information that causes a safeguarding concern	DSL role on receiving information that causes a safeguarding concern
Step 1	<ul style="list-style-type: none"> • Contact the DSL immediately. This must be a verbal conversation to ensure the concern is clearly understood and action is taken • If the DSL is unavailable, contact the Deputy DSL, LSP, NSPCC, social 	<ul style="list-style-type: none"> • If it is believed a child is in immediate danger, contact the police

	<p>services or police until you are able to have a verbal conversation</p> <ul style="list-style-type: none"> • For children who arrive at nursery with an existing injury, an 'incident outside nursery' form will be completed. If there are queries or concerns regarding the injury or information given, follow these procedures 	
<p>Step 2</p>	<ul style="list-style-type: none"> • Write an objective report including: <ul style="list-style-type: none"> – Child's name and address – Age and date of birth – Date, time and location of the observation or disclosure – Exact words spoken by the child (as close to word-for-word as possible) and non-verbal communication – Outline of the concern – Exact position and type of any injuries or marks seen – Exact observation of any incident or concern reported and the names of any other person present at the time – Any known confidentiality issues – Signature and date of person making the report and the DSL or other nominated individual receiving the report 	<ul style="list-style-type: none"> • Sign and date report received from staff member • Securely store the information according to the nursery procedures • If the safeguarding concern relates to a child, contact the Local Authority children's social care team, report concerns and seek advice immediately, or as soon as it is practical to do so • If the safeguarding concern relates to an allegation against an adult working or volunteering with children, contact the Local Authority Designated Officer (LADO) and request a confirmation email of the report, then report the concern to Ofsted • A full investigation into any allegation will be carried out by the appropriate professionals to determine how this will be handled • Note any actions requested by LADO / Ofsted and follow any instructions received
<p>Step 3</p>	<ul style="list-style-type: none"> • If you feel the report is not being taken seriously or are worried about an allegation getting back to the person in question, then it is your duty to inform the Local Authority children's social care team yourself directly • Follow all instructions from the Local Authority children's social 	<ul style="list-style-type: none"> • If appropriate, discuss the concerns or incidents with parent(s), unless it is believed that this would place the child at greater risk of harm • Record all discussions (remember parents will have access to these records on request in line with GDPR and data protection

	care team and/or Ofsted, co-operating where required	guidelines) <ul style="list-style-type: none"> Follow all instructions from the Local Authority children’s social care team and/or Ofsted, co-operating where required Record information and actions taken
Step 4		<ul style="list-style-type: none"> If the DSL is not the owner/manager and there is an allegation against a member of staff, then the owner/manager must be informed as they have a duty of care for their employees
Step 5		<ul style="list-style-type: none"> If the Local Authority children’s social care team have not been in contact within the timeframe set out in Working Together to Safeguarding Children (2018), it must be followed up Never assume that action has been taken
Step 6	<ul style="list-style-type: none"> Safeguarding procedures will be reviewed to ensure the process has been applied in line with the policy 	

Keeping children safe is our highest priority and if, for whatever reason, staff do not feel able to report concerns to the DSL or deputy DSL they should call the Local Authority children’s social care team or the NSPCC and report their concerns anonymously.

Responding to a spontaneous disclosure from a child

If a child starts to talk openly to a member of staff about abuse they may be experiencing then staff will:

- Give full attention to the child or young person
- Keep body language open and encouraging
- Be compassionate, be understanding and reassure them their feelings are important using phrases such as ‘you’ve shown such courage today’
- Take time and slow down: show respect pauses and will not interrupt the child – let them go at their own pace
- Recognise and respond to their body language
- Show understanding and reflect back
- Make it clear you are interested in what the child is telling you

- Reflect back what they have said to check your understanding – and use their language to show it's their experience
- Reassure the child that they have done the right thing in telling you. Make sure they know that abuse is never their fault
- Never talk to the alleged perpetrator about the child's disclosure. This could make things a lot worse for the child.

(Information taken from NSPCC)

Any disclosure will be reported to the nursery manager or DSL and will be referred to the local authority children's social care team immediately, following our reporting procedures.

Recording Suspicions of Abuse and Disclosures

Staff should make an objective record of any observation or disclosure, supported by a member of the GNRC Management Team or designated safeguarding lead (DSL). This record should include:

- Child's name
- Child's address
- Age of the child and date of birth
- Date and time of the observation or the disclosure, location
- Exact words spoken by the child (word for word) and non-verbal communication
- Exact position and type of any injuries or marks seen
- Exact observation of any incident including any concern was reported, with date and time; and the names of any other person present at the time
- Any discussion held with the parent(s) (where deemed appropriate).

These records should be signed by the person reporting this and the manager, dated and kept in a separate confidential file.

If a child starts to talk to an adult about potential abuse it is important not to promise the child complete confidentiality. This promise cannot be kept. It is vital that the child is allowed to talk openly and disclosure is not forced or words put into the child's mouth. As soon as possible after the disclosure details must be logged accurately. It is not GNRC's role to investigate, it is the role of statutory services to complete this.

It may be thought necessary that through discussion with all concerned the matter needs to be raised with the local authority children's social care team and Ofsted. Staff involved may be asked to supply details of any information/concerns they have with regard to a child. The nursery expects all members of staff to co-operate with the local authority children's social care, police, and Ofsted in any way necessary to ensure the safety of the children.

Staff must not make any comments either publicly or in private about the supposed or actual behaviour of a parent or member of staff.

Informing parents

Parents are normally the first point of contact. If a suspicion of abuse is recorded, parents are informed at the same time as the report is made, except where the guidance of the Local Authority children's social care team, police or LADO does not allow this to happen.

This will usually be the case where the parent or family member is the likely abuser or where a child may be endangered by this disclosure. In these cases the investigating officers will inform parents.

Confidentiality

Confidentiality must not override the right of children to be protected from harm. However, every effort will be made to ensure confidentiality is maintained for all concerned if an allegation has been made and is being investigated.

If uncertain about whether sensitive information can be disclosed to a third party, contact the DSL or call the Information Commissioner's Office on 0303 123 1113. They will provide advice about the particulars relating to each individual case, including information which can and cannot be shared.

Staff must not make any comments either publicly or in private about the supposed or actual behaviour of a parent, child or member of staff.

Support to families

GNRC takes every step in its power to build up trusting and supportive relations among families, staff, students and volunteers within the nursery.

GNRC continues to welcome the child and the family whilst enquiries are being made in relation to abuse in the home situation. Parents and families will be treated with respect in a non-judgmental manner whilst any external investigations are carried out in the best interest of the child.

Record Keeping

Confidential records kept on a child are shared with the child's parents or those who have parental responsibility for the child, only if appropriate and in line with guidance of the Local Authority with the proviso that the care and safety of the child is paramount. We will do all in our power to support and work with the child's family.

The nursery keeps appropriate records to support the early identification of children and families which would benefit from early help. Factual records are maintained in a chronological order with parental discussions. Records are reviewed regularly by the DSL to look holistically at identifying children's needs.

Our Data protection and confidentiality policy will be applied with regards to any information received from an individual. Only persons involved in the investigation should handle this information although any investigating body will have access to all information stored in order to support an investigation.

Allegations against adults working or volunteering with children

If an allegation is made against a member of staff, student or volunteer or any other person who lives or works on the nursery premises regardless of whether the allegation relates to the nursery premises or elsewhere, we will follow the procedure below.

An allegation against a member of staff/student/volunteer/supply staff or any other person may relate to a person who has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

The allegation should be reported to the senior manager on duty. If this person is the subject of the allegation, then this should be reported to **Chris Fletcher** instead.

We will follow our own local safeguarding partner's website information about how to report an allegation and we would also inform Ofsted immediately in order for this to be investigated by the appropriate bodies promptly. This includes:

- If as an individual you feel this will not be taken seriously or are worried about the allegation getting back to the person in question then it is your duty to inform the local authority children's social care team yourself directly
- The local authority children's social care team will be informed immediately for advice and guidance
- A full investigation will be carried out by the appropriate professionals (local authority children's social care team, Ofsted) to determine how this will be handled
- The nursery will follow all instructions from the local authority children's social care team and Ofsted and ask all staff members to do the same and co-operate where required
- Support will be provided to all those involved in an allegation throughout the external investigation in line with local authority children's social care team support and advice
- The nursery reserves the right to suspend any member of staff during an investigation, Legal advice will be sought to ensure compliance with the law.
- All enquiries/external investigations/interviews will be documented and kept in a locked file for access by the relevant authorities
- Founded allegations will be passed on to the relevant organisations including the local authority children's social care team and where an offence is believed to have been committed, the police will also be informed.
- Founded allegations will be dealt with as gross misconduct in accordance with our disciplinary procedures and may result in the termination of employment, Ofsted will be notified immediately of this decision along with notifying the Disclosure and Barring Service (DBS) to ensure their records are updated.
- All safeguarding records will be kept until the person reaches normal retirement age or for 21 years and 3 months if that is longer. This will ensure accurate

information is available for references and future DBS checks and avoids any unnecessary reinvestigation

- The nursery retains the right to dismiss any member of staff in connection with founded allegations following an inquiry
- Unfounded allegations will result in all rights being reinstated
- A return to work plan will be put in place for any member of staff returning to work after an allegation has been deemed unfounded. Individual support will be offered to meet the needs of the individual staff member and the nature of the incident; this may include more frequent supervisions, coaching and mentoring and external support.

Monitoring children's attendance

As part of our requirements under the statutory framework and guidance documents we are required to monitor children's attendance patterns to ensure they are consistent and no cause for concern.

We ask parents to inform the nursery prior to their children taking holidays or days off, and all incidents of sickness absence should be reported to the nursery the same day so the nursery management are able to account for a child's absence.

This should not stop parents taking precious time with their children, by keeping us informed parents can help us to meet our statutory requirements and let us know that children are safe.

If a child has not arrived at nursery for their normal session, the parents will be called to ensure the child is safe and healthy. If the parents are not contactable then the emergency contacts numbers listed will be used to ensure all parties are safe. Staff will work their way down the emergency contact list until contact is established and we are made aware that all is well with the child and family. It is a parent's responsibility to keep their emergency contact details updated. If contact cannot be established then we would assess if a home visit is required to establish all parties are safe. If contact is still not established, we would assess if it would be appropriate to contact relevant authorities in order to them to investigate further.

Where a child is part of a child protection plan, or during a referral process, any extended absences will be reported to the local authority children's social care team to ensure the child remains safe and well.

Looked after children

As part of our safeguarding practice we will ensure our staff are aware of how to keep looked after children safe. In order to do this we ask that we are informed of:

- The legal status of the child (e.g. whether the child is being looked after under voluntary arrangements with consent of parents or on an interim or full care order)
- Contact arrangements for the biological parents (or those with parental responsibility)

- The child’s care arrangements and the levels of authority delegated to the carer by the authority looking after him/her
- The details of the child’s social worker and any other support agencies involved
- Any child protection plan or care plan in place for the child in question.

Please refer to the Looked After Children policy for further details

Staffing and volunteering

Our policy is to provide a secure and safe environment for all children. We follow safer recruitment practices including obtaining references and all staff employed to work with children will have enhanced criminal record checks from the Disclosure and Barring Service (DBS) before being able to carry out intimate care routines or have unsupervised contact with children.

We will obtain enhanced criminal records checks (DBS) for volunteers in the setting. Volunteers and visitors will never have unsupervised access to children.

All staff will attend child protection training and receive initial basic child protection training during their induction period. This will include the procedures for spotting signs and behaviours of abuse and abusers/potential abusers, recording and reporting concerns and creating a safe and secure environment for the children in the nursery. During induction staff will be given contact details for the local authority children’s social care team’s, the local safeguarding children partnership and Ofsted to enable them to report any safeguarding concerns, independently, if they feel it necessary to do so.

Designated Safeguarding Lead

We have named persons within the setting’s who take lead responsibility for safeguarding and co-ordinate child protection and welfare issues, known as the Designated Safeguarding Leads (DSL), there is always at least one designated person on duty during the opening hours of the setting. The designated persons will receive comprehensive training at least every two years and update their knowledge on an ongoing basis, but at least once a year.

GNRC’s DSLs liaise with the local authority children’s social care team, undertake specific training, including a child protection training course, and receive regular updates to developments within this field. They in turn support the ongoing development and knowledge of the staff team with regular safeguarding updates.

Designated Safeguarding Lead:	Funstars	Beachstars	Greenway Nursery & Rainbow Club
	Crystal Ellis-Catterall	Jade Attwater	Laura Uffindell
Deputy Designated Safeguarding Lead:	Lisa Leggett	Charlee Coleman	Paula Denhart & Yara Fernandez
GNRC Limited DSL:	Chris Fletcher		

In the unlikely event of the DSL or Deputy DSL absence and to ensure immediate action can be taken, contact the Local Safeguarding Partnership (LSP).

The role of the Designated Safeguarding Lead:

- Ensure that the settings safeguarding policy and procedures are reviewed and developed in line with current guidance; and develop staff understanding of the settings safeguarding policies
- Take the lead on responding to information from the staff team relating to child protection concerns
- Provide advice, support and guidance on an on-going basis to staff, students and volunteers.
- To identify children who may need early help or who are at risk of abuse
- To help staff to ensure the right support is provided to families
- To liaise with the local authority and other agencies with regard to child protection concerns
- Ensure the setting is meeting the requirements of the EYFS statutory requirements
- To ensure policies are in line with the local safeguarding procedures and details
- Disseminate updates to legislation to ensure all staff are kept up to date with safeguarding practices
- To manage and monitor accidents, incidents and existing injuries; ensuring accurate and appropriate records are kept
- Attend meetings with the child's key person
- Attend case conferences and external safeguarding meetings, as requested, by external agencies.

Sharing low-level concerns

On occasion, inappropriate, problematic or concerning behaviour by staff or other adults is observed but does not meet the threshold for significant harm. This may be classed as a 'low-level' concern, although this does not mean that it is insignificant.

We define a low-level concern as:

- Any concern, no matter how small, that an adult working with children may have acted in a way that is inconsistent with our Staff behaviour policy, including inappropriate behaviour outside of work
- A concern that may be a sense of unease or a 'nagging doubt' and does not meet the harm threshold or is serious enough to refer to the LADO.

We encourage a culture of openness, trust and transparency, with clear values and expected behaviour, monitored and reinforced by all staff. All concerns or allegations, however small, will be shared and responded to. All concerns will be shared with the DSL, or other nominated person, as in our reporting procedures. We encourage concerns to be shared as soon as reasonably practicable and preferably within 24 hours of becoming aware of it. However, it is never too late to share a low-level concern.

It is not expected that staff will be able to determine whether the behaviour in question is a concern, complaint or allegation before sharing the information. If the DSL is in

any doubt as to whether the information meets the harm threshold, they will consult the LADO.

Occasionally a member of staff may find themselves in a situation which could be misinterpreted or appear compromising to others. If this occurs, staff are encouraged to self-report to the DSL. Equally, a member of staff may have behaved in a manner which, on reflection, falls below the standards set in our Staff behaviour policy. If this occurs, staff are encouraged to self-report to the DSL. We encourage staff to be confident to self-refer and believe it reflects awareness of our standards of conduct and behaviour.

When the DSL receives the information, they will need to determine whether the behaviour:

- Meets, or may meet, the harm threshold (and so contact the LADO)
- Meets the harm threshold when combined with previous low-level concerns (and so contact the LADO)
- Constitutes a 'low-level' concern
- Is appropriate and consistent with the law and our Staff behaviour policy.

The DSL will make appropriate records of all information shared, including:

- With the reporting person
- The subject matter of the concern
- Any relevant witnesses (where possible)
- Any external discussions such as with the LSP or LADO
- Their decision about the nature of the concern
- Their rationale for that decision
- Any action taken.

This constitutes a record of low-level concern. We retain all records of low-level concerns in a separate low-level concerns file, with separate concerns regarding a single individual kept as a chronology. These records are kept confidential and held securely, accessed only by those who have appropriate authority. Records will be retained at least until the individual leaves their employment.

If the low-level concern raises issues of misconduct, then appropriate actions following our Disciplinary procedures will be taken. Records will be kept in personnel files as well as in the low-level concerns file.

GNRC safeguards children and staff by;

- Providing adequate and appropriate staffing resources to meet the needs of all children.
- Informing applicants for posts within the nursery that the positions are exempt from the Rehabilitation of Offenders Act 1974. Candidates are informed of the need to carry out checks before posts can be confirmed. Where applications are rejected because of information that has been disclosed, applicants have the right to know and to challenge incorrect information
- Giving staff members, volunteers and students regular opportunities during supervisions and having regular opportunities to declare changes that may affect their suitability to care for the children. This includes information about

their health, medication or about changes in their home life which may affect their suitability to work with children.

- Requesting DBS checks every 5 years or we use the DBS update service (with staff consent) to re-check staff's criminal history and suitability to work with children at regular intervals
- Abiding by the requirements of the EYFS and any Ofsted guidance in respect to obtaining references and suitability checks for staff, students and volunteers, to ensure that all staff, students and volunteers working in the setting are suitable to do so
- Ensuring we receive at least two written references BEFORE a new member of staff commences employment with us
- Ensuring all students will have enhanced DBS checks completed before their placement starts
- Volunteers, including students, do not carry out any intimate care routines and are never left to work unsupervised with children
- Abiding by the requirements of the Safeguarding Vulnerable Groups Act 2006 and the Childcare Act 2006 (amended 2018) in respect of any person who is dismissed from our employment, or resigns in circumstances that would otherwise have led to dismissal for reasons of child protection concern will be reported to the Disclosure and Barring Services (DBS)
- Having procedures for recording the details of visitors to the nursery and take security steps to ensure that no unauthorised person has unsupervised access to the children
- Ensuring all visitors/contractors are supervised whilst on the premises, especially when in the areas the children use
- Staying vigilant to safeguard the whole nursery environment and be aware of potential dangers on the nursery boundaries such as drones or strangers lingering. We will ensure the children remain safe at all times
- Having a Staff Behaviour Policy that sits alongside this policy to enable us to monitor changes in behaviours that may cause concern. All staff sign up to this policy too to ensure any changes are reported to management so we are able to support the individual staff member and ensure the safety and care of the children is not compromised
- Ensuring that staff are aware not to contact parents/carers and children through social media on their own personal social media accounts and they will report any such incidents to the management team to deal with
- Ensuring that all staff have access to, and comply with, the whistleblowing policy which provides information on how they can share any concerns that may arise about their colleagues in an appropriate manner. We encourage a culture of openness and transparency, and all concerns are taken seriously
- Ensuring all staff are aware of the signs to look for of inappropriate staff behaviour, this may include inappropriate sexual comments; excessive one-to-one attention beyond the requirements of their usual role and responsibilities; or inappropriate sharing of images. This is not an exhaustive list, any changes in behaviour must be reported and acted upon immediately
- Ensuring all staff will receive regular supervision meetings where opportunities will be made available to discuss any issues relating to individual children, child protection training, safeguarding concerns and any needs for further support or training

- Having peer on peer and manager observations in the setting to ensure that the care we provide for children is at the highest level and any areas for staff development are quickly identified. Peer observations allow us to share constructive feedback, develop practice and build trust so that staff are able to share any concerns they may have. Concerns are raised with the designated lead and dealt with in an appropriate and timely manner
- Ensuring the deployment of staff within the nursery allows for constant supervision and support. Where children need to spend time away from the rest of the group, the door will be left ajar or other safeguards will be put into action to ensure the safety of the child and the adult.

We also operate a Phones and Other Electronic Devices and Social Media policy, which states how we will keep children safe from these devices whilst at nursery. This also links to our Online Safety policy.

Our nursery has a clear commitment to protecting children and promoting welfare. Should anyone believe that this policy is not being upheld, it is their duty to report the matter to the attention of **Chris Fletcher** at the earliest opportunity.

Early help services

When a child and/or family would benefit from support but do not meet the threshold for Local Authority Social Care Team, a discussion will take place with the family around early help services.

Early help provides support as soon as a concern/area of need emerges, helping to improve outcomes and prevent escalation onto local authority services. Sometimes concerns about a child may not be of a safeguarding nature and relate more to their individual family circumstances. The nursery will work in partnership with parents/carers to identify any early help services that would benefit your child or your individual circumstances, with your consent, this may include family support, foodbank support, counselling or parenting services.

Low-Level Concerns Policy

Introduction

At GNRC we are committed to safeguarding children and promoting their welfare at all times.

This policy applies to all concerns (including allegations) about members of staff, including students, volunteers and agency staff. We ensure that all those working with children behave appropriately and the early identification and prompt and appropriate management of concerns about adults is critical to effective safeguarding. This section is based on concerns that do not meet the harm threshold, as defined in Keeping Children Safe in Education.

We recognise the importance of responding to and dealing with any concerns in a timely manner to safeguard the welfare of children.

Concerns may arise through, for example:

- Suspicion
- Complaint
- Disclosure made by a child, parent or other adult within or outside the nursery
- Pre-employment vetting checks.

Definition of 'low-level' concerns

The term 'low-level' concern is any concern – no matter how small – that an adult working in, or on behalf of, the nursery may have acted in a way that:

- Is inconsistent with the staff code of conduct, including inappropriate conduct outside of nursery
- Does not meet the harm threshold or is otherwise not considered serious enough to consider a referral to the local authority designated officer (LADO).

The behaviour of the staff, student or volunteer may not relate directly to a particular child or children but may raise an issue or issues of concern with respect to safeguarding a child/children. This may potentially call into question the adult's suitability to work with children.

Examples of such behaviour could include, but are not limited to:

- Being overly friendly with children
- Having favourites
- Taking photographs of children on their mobile phone
- Engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- Using inappropriate sexualised, intimidating or offensive language.

Sharing low-level concerns

We recognise the importance of creating a culture of openness, trust and transparency to encourage all staff to share low-level concerns so that they can be addressed appropriately.

We create this culture by:

- Ensuring all staff are clear about what appropriate behaviour is, and are confident in differentiating expected and appropriate behaviour from concerning, challenging or inappropriate behaviour, in themselves and other adults
- Having clear policies and procedures
- Empowering staff to share any low-level concerns
- Empowering staff to self-refer
- Addressing unprofessional behaviour and supporting the individual to correct it at an early stage
- Providing a responsive, sensitive and proportionate handling of such concerns when they are raised
- Helping to reflect on and identify any weakness in the nursery safeguarding procedure.

A low-level concern about a member of staff should be reported to the Designated Safeguarding Lead (DSL) and the manager following the nursery Safeguarding children and child protection procedures. Staff should use the nursery Low-Level Concerns Reporting Form (below).

Responding to low-level concerns

- If the concern is raised via a third party, the DSL/manager will collect evidence where necessary by speaking directly to the staff who raised the concern, unless it has been raised anonymously, regardless of whether a written summary or low-level concerns form has been provided
- If the staff member who raises the concern does not wish to be named, then the nursery should respect that person's wishes as far as possible. However, there may be circumstances where the staff member who raises the concern will need to be named (for example, where it is necessary in order to carry out a fair disciplinary process) and, for this reason, anonymity should never be promised to members of staff who share low-level concerns. Where possible, we will encourage staff to consent to be named, as this will help to create a culture of openness and transparency
- The DSL/manager will speak to any potential witnesses, unless advised not to do so by the LADO/other relevant external agencies, where they have been contacted
- The DSL/manager will speak to the staff member about whom the low-level concern has been raised, unless advised not to do so by the LADO/other relevant external agencies, where they have been contacted
- The DSL/manager will use the information collected to categorise the type of behaviour and determine any further action, in line with our staff Code of conduct
- Allegations that meet the harm threshold will be referred to the LADO for advice

- Low-level concerns that the nursery feel may need further guidance on will be referred to the LADO for advice
- Low-level concerns that the nursery feel we can deal with internally will be dealt with via the nursery Safeguarding children and child protection procedures and/or Disciplinary procedures
- Where a low-level concern relates to agency staff, we will notify the agency, so any potential patterns of inappropriate behaviour can be identified.

Record keeping

All low-level concerns will be recorded in writing. In addition to details of the concern raised, records will include the context in which the concern was raised, any action taken and the reasons for decisions and action taken.

Records will be:

- Reviewed so that potential patterns of concerning, difficult or inappropriate behaviour can be identified
- Retained at least until the volunteer, student or staff leaves employment at the nursery
- Kept confidentially, held securely and comply with Data Protection Act 2018 (DPA 2018) and UK GDPR procedure.

Reviewing low-level concerns

When reviewing records of low-level concerns, patterns of concerning, challenging or inappropriate behaviour may be identified. When this occurs, the DSL/manager will decide on a course of action, which may include:

- Disciplinary investigation and/or proceedings
- Management advice, including recommendations for training
- Referral to the LADO (where a pattern of behaviour moves from a concern to meeting the harm threshold).

Pre-employment references

We will not include low-level concerns in references unless:

- The concern (or group of concerns) has met the threshold for referral to the designated officer at the local authority(LADO) and is found to be substantiated and/or
- The concern (or group of concerns) relates to issues which would be included in a reference, such as misconduct or poor performance.

This policy was adopted on	Signed on behalf of the nursery	Date for review

Respectful Intimate Care Policy

At GNRC we believe that all children need contact with familiar, consistent carers to ensure they can grow and develop socially and emotionally. Children need to feel safe, secure and happy so we expect nursery staff to be responsive to children's needs, whilst maintaining professionalism. We accept that children need to be cuddled, encouraged, held and offered physical reassurance, and ensure intimate care routines are undertaken with respect.

Intimate care routines may include nappy changing, supporting children with toileting, changing clothes, and giving first aid treatment and specialist medical support, where required. In order to maintain the child's privacy, we will carry out the majority of these actions on a one-to-one basis and, wherever possible, by the child's key person. First aid treatment will be carried out by a qualified paediatric first aider.

To promote good practice and to minimise the risk of allegations we have the following guidelines to ensure staff are fully supported and able to perform their duties safely and confidently.

Management

- Promote consistent and caring relationships through the key person system in the nursery and ensure all parents understand how this works
- Ensure all staff undertaking intimate care routines have suitable enhanced DBS checks
- Conduct thorough inductions for all new staff to ensure they are fully aware of all nursery procedures and arrange specialist training where required, i.e. paediatric first aid training, specialist medical support
- Follow up procedures through supervision meetings and appraisals to identify any areas for development or further training
- Ensure all staff have an up-to-date understanding of the Safeguarding children and child protection policy, including how to protect children from harm. This will include identifying signs and symptoms of abuse and how to raise concerns
- Operate a Whistleblowing policy to help staff raise any concerns about their peers or managers and help staff develop confidence in raising worries as they arise in order to safeguard the children in the nursery
- Conduct working practice observations on all aspects of nursery operations to ensure that procedures are working in practice and all children are supported fully by the staff including intimate care routines
- Conduct regular risk assessments on all aspects of the nursery operation, including intimate care, and review the safeguards in place. The nursery assesses all the risks relating to intimate care routines and uses appropriate safeguards to ensure the safety of all involved.

Environment

Leave the doors open when changing children's nappies, soiled or wet clothing, or other intimate routines, whilst maintaining their dignity

Ensure children are afforded privacy during intimate care routines whilst balancing this with the need to safeguard children and staff

Parents

Work closely with parents on all aspects of the child's care and education as laid out in the Parents as partners policy. This is essential for intimate care routines which require specialist training or support

If a child requires specific support the nursery will arrange a meeting with the parent to discover all the relevant information relating to this to enable the staff to care for the child fully and meet their individual needs

Relationships

Although we recognise it is appropriate to cuddle children, we give cuddles only when sought by children needing comfort to support their emotional development. Staff are advised to do this in view of other children and practitioners, whenever possible. We recognise that there may be occasions where it is appropriate for this to happen away from others, such as when a child is ill. In these circumstances, staff are advised to leave the door open. It is the duty of all staff and the manager to ensure that children are appropriately comforted and to monitor practice

We discourage inappropriate behaviour such as over tickling, over boisterous play or inappropriate questions such as asking children to say they love a staff member and we advise staff to report any such observed practice

Staff are respectful of each other and the children and families in the nursery and do not use inappropriate language or behaviour, including during breaks

If a parent or member of staff has concerns or questions about intimate care procedures or individual routines, practice procedures or behaviour they consider as inappropriate, including between staff members, they are urged to see the manager at the earliest opportunity.

Management will challenge inappropriate behaviour in line with the Supervisions policy, Disciplinary procedure or Whistleblowing policy.

If the concern relates to the manager and/or nursery owner then parents should contact Ofsted or the local safeguarding partner (LSP)

Whistleblowing

Whistleblowing is the term used when a worker passes on information concerning wrongdoing.

At **GNRC** we expect all our colleagues, both internal and external, to be professional at all times and hold the welfare and safety of every child as their paramount objective.

We recognise that there may be occasions where this may not happen and we have in place a procedure for staff to disclose any information that suggests children's welfare and safety may be at risk.

We expect all team members to talk through any concerns they may have with their line manager at the earliest opportunity to enable any problems to be resolved as soon as they arise.

Legal framework

The Public Interest Disclosure Act 1998, commonly referred to as the 'Whistleblowing Act', amended the Employment Rights Act 1996 to provide protection for employees who raise legitimate concerns about specified matters. These are called 'qualifying disclosures'. On 25 June 2013, there were some legal changes to what constitutes a qualifying disclosure.

A qualifying disclosure is one made in the public interest by an employee who has a reasonable belief that:

- A criminal offence
- A miscarriage of justice
- An act creating risk to health and safety
- An act causing damage to the environment
- A breach of any other legal obligation or
- Concealment of any of the above
- Any other unethical conduct
- An act that may be deemed as radicalised or a threat to national security

Is being, has been, or is likely to be, committed.

Qualifying disclosures made before 25 June 2013 must have been made 'in good faith' but when disclosed, did not necessarily have to have been made 'in the public interest.'

Disclosures made after 25 June 2013 do not have to be made 'in good faith'; however, they must be made in the public interest. This is essential when assessing a disclosure made by an individual.

The Public Interest Disclosure Act has the following rules for making a protected disclosure:

- You must believe it to be substantially true
- You must not act maliciously or make false allegations
- You must not seek any personal gain.

It is not necessary for the employee to have proof that such an act is being, has been, or is likely to be, committed; a reasonable belief is sufficient.

Disclosure of information

If, in the course of your employment, you become aware of information which you reasonably believe indicates that a child is/may be or is likely to be in risk of danger and/or one or more of the following may be happening, you **MUST** use GNRC's disclosure procedure set out below:

- That a criminal offence has been committed or is being committed or is likely to be committed
- That a person has failed, is failing or is likely to fail to comply with any legal obligation to which they are subject (e.g. EYFS, Equalities Act 2010)
- That a miscarriage of justice has occurred, is occurring, or is likely to occur
- That the health or safety of any individual has been, is being, or is likely to be endangered
- That the environment, has been, is being, or is likely to be damaged
- That information tending to show any of the above, has been, is being, or is likely to be deliberately concealed.

Disclosure procedure

- If this information relates to child protection/safeguarding then GNRC's *child protection/*safeguarding children policy should be followed, with particular reference to the staff and volunteering section
- Where you reasonably believe one or more of the above circumstances listed above has occurred, you should promptly disclose this to your manager so that any appropriate action can be taken. If it is inappropriate to make such a disclosure to your manager (i.e. because it relates to your manager) you should speak to **Helen Fletcher-Reilly : 01903 785774**
- Employees will suffer no detriment of any sort for making such a disclosure in accordance with this procedure. For further guidance in the use of the disclosure procedure, employees should speak in confidence to the setting manager/owner
- Any disclosure or concerns raised will be treated seriously and will be dealt with in a consistent and confidential manner and will be followed through in a detailed and thorough manner
- Any employee who is involved in victimising employees who make a disclosure, takes any action to deter employees from disclosing information or makes malicious allegations in bad faith will be subject to potential disciplinary action which may result in dismissal
- Failure to report serious matters can also be investigated and potentially lead to disciplinary action which may result in dismissal

- Any management employee who inappropriately deals with a whistleblowing issue (e.g. failing to react appropriately by not taking action in a timely manner or disclosing confidential information) may be deemed to have engaged in gross misconduct which could lead to dismissal
- We give all of our staff the telephone numbers of the Local Authority Designated Officer (LADO), the local authority children’s social care team and Ofsted so all staff may contact them if they cannot talk to anyone internally about the issues/concerns observed.

Mobile Phone and Electronic Device Use

Mobile phones and other electronic devices with imaging and sharing capabilities

At *GNRC* we promote the safety and welfare of all children in our care. We believe our staff should be completely attentive during their hours of working to ensure all children in the setting receive good quality care and education.

To ensure the safety and well-being of children we do not allow staff to use personal mobile phones or other personal devices with imaging and sharing capabilities during working hours. Smartwatches and/or fitbits that have been disconnected from their Internet and Cellular connection and Bluetooth pairings, and do not have capability to record images or audio are considered as standard digital watches and are not subject to this policy. Where the connectivity of the device is in question, a member of staff must evidence that the device has been isolated, such as by showing an 'airplane mode' symbol. We use mobile phones, supplied by GNRC only, to provide a means of contact in certain circumstances, such as outings.

This policy should be used in conjunction with our online safety and acceptable IT use policies, to ensure children are kept safe when using the nursery devices online.

Staff must adhere to the following:

- Mobile phones or other personal devices with imaging and sharing capabilities are either turned off or on silent and not accessed during your working hours
- Mobile phones or other personal devices with imaging and sharing capabilities can only be used on a designated break and then this must be away from the children
- Mobile phones or other personal devices with imaging and sharing capabilities should be stored safely in the lockers during the hours of your working day
- No personal device is allowed to be connected to the setting's Wi-Fi at any time.
- Tablets which are for children's use will not be connected to the internet. Staff iPads which are used for assessment and recording are connected to the internet but are PIN secured to ensure children cannot use them.
- Where PC's are available to children, these are connected to the internet but are secured using Norton Family Internet Safety on children's log-on accounts.
- Any apps downloaded onto nursery devices must be done only by management. This will ensure only age and content appropriate apps are accessible to staff, or children using them
- Norton Family Internet Safety manages the child's internet use using a "Walled Garden" approach. All websites are blocked except for a "Whitelist" of approved sites managed by the Directors.
- GNRC's electronic devices, such as tablets, must only be used for the setting's purposes

- GNRC's devices will not have any social media or messaging apps on them
- Any downloading of apps and programs onto GNRC's devices must only be done by the Directors. This will ensure only age appropriate and safe apps will be accessible to staff or children using them
- During outings, staff will use mobile phones belonging to GNRC wherever possible. Photographs must not be taken of the children on any personal phones or any other personal information storage device. Only GNRC owned devices will be used to take photographs or film videos, which are used for assessment, records and advertising in conjunction with explicit parental consent.
- GNRC computers are secured with BitLocker encryption and deploy a Direct Access connection to GNRC servers. No documents will be stored locally on devices which are taken from the settings. If a device is needed to be taken home then the person taking this device home must ensure it is securely stored and not accessed by another other individual and returned to the setting as soon as practically possible

Parents' and visitors' use of mobile phones or other personal devices with imaging and sharing capabilities

Parents are kindly asked to refrain from using their mobile phones or other personal devices with imaging and sharing capabilities whilst in the nursery or when collecting or dropping off their children. We will ask any parents using their phone/device inside the nursery premises to finish the call or take the call outside. We do this to ensure all children are safeguarded and the time for dropping off and picking up is a quality handover opportunity where we can share details about your child

Parents are requested not to allow their child to wear or bring in devices that may take photographs or record videos or voices. This includes smart watches with these capabilities, such as Vtech. This ensures all children are safeguarded and also protects their property as it may get damaged or misplaced at the nursery.

Photographs and videos

At **GNRC** we recognise that photographs and video recordings play an important part in daily life. We ensure that any photographs or recordings taken of children in our setting are only done with prior written permission from each child's parent, and only share photos with parents in a secure manner. We will obtain this permission when each child is registered and update it on a regular basis to ensure that this permission is still valid.

We ask for individual permissions for photographs and video recordings for a range of purposes including: use in the child's learning journey; for display purposes; for promotion materials including our website, brochure and the local press; and the different social media platforms we use. We ensure that parents understand that where their child is also on another child's photograph, but not as the primary person, that may be used in another child's learning journey. Photographs and videos will not be taken in areas where intimate care routines are carried out.

If a parent is not happy about one or more of these uses, we will respect their wishes and find alternative ways of recording their child's play or learning.

Staff are not permitted to take any photographs or recordings of a child on their own or other personal devices with imaging and sharing capabilities e.g. cameras, mobiles, tablets or smartwatches and may only use those provided by the setting. The manager will monitor all photographs and recordings to ensure that the parents' wishes are met and children are safeguarded.

Photographs or videos recorded on the settings mobile devices will be transferred to the correct storage device to ensure no images are left on these mobile devices. Parents are not permitted to use any personal devices with imaging and sharing capabilities on the premises without the prior consent of the manager.

During special events, e.g. Christmas or leaving parties, staff may produce group photographs to distribute to parents on request. In this case we will gain individual permission for each child before the event. This will ensure all photographs taken are in line with parental choice. We ask that photos of events such as Christmas parties are not posted on any social media websites/areas without permission from parents of all the children included in the picture.

At **GNRC** we use tablets in the rooms to take photos of the children and record these directly on to their electronic learning journeys. We ensure that these devices are used for this purpose only and do not install applications such as social media or messaging sites on to these devices.

We also do routine checks to ensure that emails and text messages (where applicable) have not been sent from these devices and remind staff of the whistleblowing policy if they observe staff not following these safeguarding procedures.

procedures.

This policy was adopted on	Signed on behalf of the setting	Date for review

[Back to the top](#)

Social Networking

Social media is becoming a large part of the world we live in and as such at GNRC we need to make sure we protect our children by having procedures in place to ensure the safe use.

We use Facebook to share posts/pictures of the experiences / activities the children have accessed at setting, as well as to post updates/reminders and links to best practice.

In order to safeguard children we ensure:

- We have prior written permission in place from parents / carers before posting any images of children
- Do not allow others to post on our social media pages, i.e. designated person/management can post on the page
- We have a closed page which only parents / family / carers who have been invited to join the group can view and comment on the posts
- We monitor comments on all posts and address any concerns immediately.

Staff use of social media

We require our staff to be responsible and professional in their use of social networking sites in relation to any connection to the setting, setting staff, parents or children.

- When using social networking sites such as Facebook or Instagram we ask staff:
 - Not to name the setting they work at
 - Not to make comments relating to their work or post pictures in work uniform
 - Not to send private messages to any parent's/family members
 - Direct any parent questions relating to work via social networking sites, to the manager
 - Ensure any posts reflect their professional role in the community (e.g. no inappropriate social event photos or inappropriate comments i.e. foul language)
 - Report any concerning comments or questions from parents to the manager/safeguarding lead
 - Follow the staff behaviour policy
 - Not post anything that could be construed to have any impact on the setting's reputation or relate to the setting or any children attending the setting in any way
 - To follow this in conjunction with the whistle blowing policy.
- If any of the above points are not followed then the member of staff involved will face disciplinary action, which could result in dismissal.

All electronic communications between staff and parents should be professional and take place via the official setting communication channels, e.g. work emails and phone numbers. This is to protect staff, children and parents.

Parents and visitors' use of social networking

We promote the safety and welfare of all staff and children and therefore ask parents and visitors not to post, publicly or privately, information about any child on social media sites such as Facebook, Instagram and Twitter. We ask all parents and visitors to follow this policy to ensure that information about children, images and information do not fall into the wrong hands.

We ask parents not to:

- Send friend requests to any member of the GNRC staff
- Screen shot or share any posts or pictures from the setting on social media platforms (these may contain other children in the pictures)
- Post any photographs to social media that have been supplied by GNRC with other children in them (e.g. Christmas concert photographs or photographs from an activity at the setting)
- Share any concerns regarding inappropriate use of social media through the official procedures (please refer to the partnership with parents policy, complaints procedures and grievance policy).

All electronic communications between staff and parents should be professional and take place via the official setting communication channels, e.g. the setting's email addresses and telephone numbers. This is to protect staff, children and parents.

Acceptable Internet Use Policy

Legislation

- Data Protection Act 2018
- General Data Protection Regulation (Regulation (EU) 2016/679)

Related Policies

- Whistleblowing
- Social Networking
- Safeguarding Children/Child Protection
- Online Safety

This Policy describes the rights and responsibilities of staff using resources, such as computers, tablets, the internet, landline and mobile telephones, and other electronic equipment. It explains the procedures you are expected to follow and makes clear what is considered acceptable behaviour when using them. These devices are a vital part of our business and should be used in accordance with our policies in order to protect children, staff and families.

Security and passwords

All electronic devices will be password protected and passwords will be updated on a regular basis. Passwords for our systems are confidential and must be kept as such. You must not share any passwords with any other person; in particular you must not allow any other staff member to know or use our password.

Email

We expect all staff to use their common sense and good business practice when using email. As email is not a totally secure system of communication and can be intercepted by third parties, external email should not normally be used in relation to confidential transactions.

Emails must not be used to send abusive, offensive, sexist, racist, disability-biased, sexual orientation based or defamatory material, including jokes, pictures or comments which are potentially offensive. Such use may constitute harassment and/or discrimination and may lead to disciplinary action up to and including summary dismissal. If you receive unwanted messages of this nature, you should bring this to the attention of your Manager.

Internet access

You must not use the internet facilities to visit, bookmark, download material from or upload material to inappropriate, obscene, pornographic or otherwise offensive websites. Such use constitutes misconduct and will lead to disciplinary action up to and including summary dismissal in serious cases.

Each employee has a responsibility to report any misuse of the internet or email. By not reporting such knowledge, the employee will be considered to be collaborating in the misuse. Each employee can be assured of confidentiality when reporting misuse.

Personal use of the internet, email and telephones

Any use of our electronic communication systems (including email, internet and telephones) for purposes other than the duties of your employment is not permitted.

Emergency personal calls need to be authorised by the manager and where possible, be made on your own personal mobile phone outside the setting.

Disciplinary action will be taken where:

- the privilege of using our equipment is abused; or
- unauthorised time is spent on personal communications during working hours.

Data protection

When using any of our systems employees must adhere to the requirements of the General Data Protection Regulation 2018 (GDPR). For more information see our Data Protection and Confidentiality Policy.

Downloading or installing software

Employees may not install any software that has not been cleared for use by the manager onto our computers or systems. Such action may lead to disciplinary action up to and including summary dismissal in serious cases.

Using removable devices

Before using any removable storage media which has been used on hardware not owned by us (e.g. USB pen drive, CDROM etc.) the contents of the storage device must be virus checked.

Removable devices must not be taken home unless under exceptional circumstances and authorised to do so by the management team, with prior written permission and risk assessment in place.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Monitoring Staff Behaviour Policy

At **GNRC** we take the safety and welfare of our children and staff seriously. This policy ensures staff behave in an appropriate manner to act as a role model for and protect all children in their care. Within this policy we will also ensure that any changes to staff behaviours or ways of working are closely monitored, discussed and supported to ensure all children are safeguarded throughout their time here.

Expected staff behaviour

Within GNRC we expect our staff to:

- Put our children first, their safety, welfare and ongoing development is the most important part of their role
- Behave as a positive role model for the children in their care by remaining professional at all times and demonstrating caring attitudes to all
- Work as part of the wider team, cohesively and openly
- Be aware of their requirements under the Statutory Framework for the EYFS and the GNRC policies and procedures designed to keep children safe from harm whilst teaching children and supporting their early development
- React appropriately to any safeguarding concerns quickly and concisely in accordance to the setting / Local authority procedures and training received
- Not share any confidential information relating to the children, GNRC or families using the facility
- Maintain the public image of GNRC and do nothing that will put the setting into disrepute
- Ensure that parental relationships are professional and external social relationships are not forged. If a relationship exists prior to the child starting at the setting, discussions with management will be held to ensure the relationship remains professional.
- Adhere to the Mobile Phone and Other Electronic Device policy and Social Networking policy
- Report to management immediately any changes in their personal life that may impact on the ability to continue the role. These may include (but not limited to) changes in police record, medication, any social service involvement with their own children.

Monitoring staff behaviour

Within GNRC we:

- Conduct regular peer observations using all staff and management, during which we observe at interactions between staff and children
- Have regular supervisions with all staff in which ongoing suitability is monitored and recorded
- Have a whistleblowing policy that enables team members to discuss confidentially any concerns about their colleagues
- Operate staff suitability forms and clauses in staff contracts to ensure any changes to their suitability to work with children are reported immediately to management

- Ensure all new staff members are deemed suitable with the appropriate checks as detailed in the safeguarding policy.

Some behaviours that may cause concern and will be investigated further include:

- Change in moods
- Sudden change in religious beliefs / cultural beliefs (may be a sign of radicalisation)
- Changes in the way they act towards the children or the other members of the team (becoming more friendly and close, isolation, avoidance, agitation etc.)
- Sudden outbursts
- Becoming withdrawn
- Secretive behaviours
- Missing shifts, calling in sick more often, coming in late
- Standards in work slipping
- Extreme changes in appearance.

Procedures to be followed:

If we have a concern about changes in staff behaviour within the setting, an immediate meeting will be called with the individual and a member of management to ascertain how the person is feeling. We will aim to support the staff wherever possible and will put support mechanisms in place where appropriate.

Ultimately we are here to ensure all staff are able to continue to work with the children as long as they are suitable to do so, but if any behaviours cause concern about the safety or welfare of the children then the safeguarding/child protection procedure will be followed as in the case of allegations against a team member and the Local Authority Designated officer (LADO) will be called.

All conversations, observations and notes on the staff member will be logged and kept confidential.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Lone Working Policy

At **GNRC** we aim to ensure that no member of the team is left alone working in either a room alone or within the building at any time. However there may be occasions when this isn't always possible due to:

- Toilet breaks
- Comforting a child that may be unwell in a quiet area
- Following a child's interest, as this may lead staff away with a child to explore an area
- Supporting children in the toilet area that may have had an accident
- The duties some team members have, e.g. management, opening and closing the setting, carrying out cleaning or maintenance at the settings and staff operating outside operating hours.

We always ensure that our staff: child ratios are maintained.

On the rare occasions, that lone working within a room does take place we ensure that a specific risk assessment is completed prior to lone working taking place, this includes:

- how staff can manage with a variety of tasks such as talking to parents and supervising children safely
- That each member of staff required to work alone has the required qualification/training and/or skills for the role; e.g. holds a level 3 qualification, paediatric first aid, safeguarding and child protection training and basic food hygiene
- That staff members working alone are competent in their role
- That the staff member can call on others in an emergency, including procedures if there was a fire evacuation
- There are procedures in place to check in on the staff member and cover for breaks
- The member of staff and children are safeguarded at all times (relating to safeguarding/child protection policies)
- Ratios are maintained at all times.

It is the responsibility of both the employee and their manager to identify the hazards and minimise the risks of working alone.

Staff members responsibilities when left in the building alone:

- To make a member of the management aware of when they are working and make plans to check in at their expected time of completion of the work
- To ensure they have access to a telephone at all times in order to call for help if they need it, or for management to check their safety if they are concerned
- Ensure that the building remains locked so no one can walk in unidentified
- Report any concerns for working alone to the management as soon as is practicably possible.

Management's responsibilities when left in the building alone:

- To ensure staff working alone are competent and confident to carry out any safety procedures e.g. fire evacuation
- To ensure that the employee has the ability to contact them or a member of the team even if their lone working is outside normal office hours (i.e. access to a phone, contact numbers of someone they can call)
- To check that the employee has someone they can contact in the event of an emergency, and the numbers to call
- To ensure that employees have the ability to access a telephone whilst lone working
- If reporting in arrangements have been made and the employee does not call in, to follow it up.

Risk assessments are also completed for these occasions including hazards and risks and how these are controlled.

This policy was adopted on	Signed on behalf of the setting	Date for review

Online Safety Policy

GNRC is aware of the growth of internet use and the advantages this can bring. However, it is also aware of the dangers and strives to support children, staff and families in using the internet safely.

We refer to 'Safeguarding children and protecting professionals in early years settings: online safety considerations' to support this policy.

The Designated Safeguarding Lead is ultimately responsible for online safety concerns. All concerns need to be raised as soon as possible to **Crystal at Funstars & Jade at Beachstars**

The use of technology has become a significant component of many safeguarding issues. Child sexual exploitation; radicalisation; sexual predation: technology often provides the platform that facilitates harm.

The breadth of issues classified within online safety is considerable, but can be categorized into three areas of risk:

- ✓ **Content:** *being exposed to illegal, inappropriate or harmful material; for example, pornography, fake news, racist or radical and extremist views;*
- ✓ **Contact:** *being subjected to harmful online interaction with other users; for example commercial advertising as well as adults posing as children or young adults; and*
- ✓ **Conduct:** *personal online behavior that increases the likelihood of, or causes, harm; for example making, sending and receiving explicit images, or online bullying.*

Within the setting we aim to keep children, staff and parents safe online. Our safety measures include:

- Ensuring we have appropriate antivirus and anti-spyware software on all devices and update them regularly
- Ensuring content blockers and filters are on all our devices, e.g. computers, laptops, tablets and any mobile devices
- Ensuring all devices are password protected and screen locks. Practitioners are reminded to use complex strong passwords and they are kept safe and secure, changed regularly and are not written down
- Monitoring all internet usage across the setting
- Providing secure storage of all setting devices at the end of each day
- Ensuring no social media or messaging apps are installed on setting devices
- Reviewing all apps or games downloaded onto devices ensuring they are age and content appropriate
- Using only setting devices to record/photograph children in the setting
- Never emailing personal or financial information
- Reporting emails with inappropriate content to the internet watch foundation (IWF www.iwf.org.uk)
- Teaching children how to stay safe online and report any concerns they have
- Ensuring children are supervised when using internet connected devices

- Using tracking software to monitor suitability of internet usage (for older children)
- Not permitting staff or visitors to private access to the setting Wi-Fi
- Talking to children about 'stranger danger' and deciding who is a stranger and who is not; comparing people in real life situations to online 'friends'
- When using Skype and FaceTime (where applicable) discussing with the children what they would do if someone they did not know tried to contact them
- Providing training for staff, at least annually, in online safety and understanding how to keep children safe online. We encourage staff and families to complete an online safety briefing, which can be found at <https://moodle.ndna.org.uk>
- Staff model safe practice when using technology with children and ensuring all staff abide by an acceptable use policy; instructing staff to use the work IT equipment for matters relating to the children and their education and care. No personal use will be tolerated (see acceptable IT use policy)
- Monitoring children's screen time to ensure they remain safe online and have access to material that promotes their development. We ensure that their screen time is within an acceptable level and is integrated within their programme of learning
- Making sure physical safety of users is considered including the posture of staff and children when using devices
- Being aware of the need to manage our digital reputation, including the appropriateness of information and content that we post online, both professionally and personally. This is continually monitored by the setting's management
- Ensuring all electronic communications between staff and parents is professional and takes place via the official setting communication channels, e.g. the setting's email addresses and telephone numbers. This is to protect staff, children and parents
- Signposting parents to appropriate sources of support regarding online safety at home

If any concerns arise relating to online safety, then we will follow our safeguarding policy and report all online safety concerns to the DSL.

The DSL will make sure that:

- All staff know how to report a problem and when to escalate a concern, including the process for external referral
- All concerns are logged, assessed and actioned in accordance with the setting's safeguarding procedures
- Parents are supported to develop their knowledge of online safety issues concerning their children via our website and email communication
- Parents are offered support to help them talk about online safety with their children using appropriate resources
- Parents are signposted to appropriate sources of support regarding online safety at home and are fully supported to understand how to report an online safety concern.
- Staff have access to information and guidance for supporting online safety, both personally and professionally

- Under no circumstances should any member of staff, either at work or in any other place, make, deliberately download, possess, or distribute material they know to be illegal, for example child sexual abuse material.

Cyber Security

Good cyber security means protecting the personal or sensitive information we hold on children and their families in line with the Data Protection Act. We are aware that Cyber criminals will target any type of business including childcare and ensure all staff are aware of the value of the information we hold in terms of criminal activity e.g. scam emails. All staff are reminded to follow all the procedures above including backing up sensitive data, using strong passwords and protecting devices to ensure we are cyber secure.

To prevent any attempts of a data breach (which is when information held by a business is stolen or accessed without authorisation) that could cause temporary shutdown of our setting and reputational damage with the families we engage with we inform staff not to open any suspicious messages such as official-sounding messages about 'resetting passwords', 'receiving compensation', 'scanning devices' or 'missed deliveries'.

Staff are asked to report these to the manager as soon as possible and these will be reported through the NCSC Suspicious Email Reporting Service at report@phishing.gov.uk

This policy was adopted on	Signed on behalf of the setting	Date for review

[Back to the top](#)

Modern Slavery and Child Trafficking Policy

Legislation

The Modern Slavery Act, received Royal Assent on 26 March 2015. The act consolidates slavery and trafficking offenses and introduces tougher penalties and sentencing rules.

Background

Child trafficking and modern slavery is becoming a more frequent form of child abuse. Children are recruited, moved, transported and then exploited, forced to work or are sold on.

Modern slavery is a term that covers:

- Slavery
- Servitude and forced or compulsory labour
- Human trafficking.

Victims of modern slavery are also likely to be subjected to other types of abuse such as physical, sexual and emotional abuse. Staff members and parents/carers under the age of 18 are children and so this may apply to them, as well as the children in our care.

This policy should be used alongside the following policies:

- Safeguarding and child protection
- Whistleblowing
- Equality and inclusion

For an adult or child to have been a victim of human trafficking there must have been:

- *Action* (e.g. recruitment, transportation, transfer, harbouring or receipt of a child for the purpose of exploitation)
- *Means* (threat or use of force, coercion, abduction, abuse of power or vulnerability) There does not need to be “means” for children as they are not able to give informed consent
- *Purpose* (e.g. sexual exploitation, forced labour or domestic servitude, slavery, financial exploitation, illegal adoption, removal of organs).

Signs of abuse

Action should be taken if they appear to have some of these possible signs including; under the control of someone else and reluctant to interact with others, the victim has few personal belongings and wear the same clothes every day or wear unsuitable clothes for work. The victim is not able to move around freely and is reluctant to talk to strangers or the authorities including appearing frightened, withdrawn, or show signs of physical or psychological abuse.

Procedure:

When a concern is raised about slavery or trafficking then we will follow our safeguarding procedure. If the child (or adult) is at risk of immediate harm then the police will be called, otherwise the local authority will be contacted and the referral process will be followed as per the safeguarding procedure.

If we suspected and it wasn't possible to have a confidential conversation, we wouldn't confront them or cause a scene, as this will likely lead to increased harm for them. Instead we would inform the relevant authorities, or organisations, working in the field.

If you are in the UK and suspect someone might be in slavery, you have several options:

- Call the Modern Slavery Helpline on 08000 121 700 or fill out an online form.
- Contact Crimestoppers on 0800 555 111
- Contact the Police or local children social care teams.

This policy was adopted on	Signed on behalf of the setting	Date for review
<i>30.11.22</i>	<i>Selena Fletcher</i>	<i>30.09.25</i>

[Back to the top](#)

Prevent Duty and Radicalisation policy

Extremism – the Prevent Duty

Working Together to Safeguard Children (2018) defines extremism. It states “*Extremism goes beyond terrorism and includes people who target the vulnerable – including the young – by seeking to sow division between communities on the basis of race, faith or denomination; justify discrimination towards women and girls; persuade others that minorities are inferior; or argue against the primacy of democracy and the rule of law in our society.*

Extremism is defined in the Counter Extremism Strategy 2015 as the vocal or active opposition to our fundamental values, including the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. We also regard calls for the death of members of our armed forces as extremist”

Under the Counter-Terrorism and Security Act 2015 we have a duty to safeguard at risk or vulnerable children under the Counter-Terrorism and Security Act 2015 to have “due regard to the need to prevent people from being drawn into terrorism and refer any concerns of extremism to the police (If you are in a Prevent priority areas the local authority will have a Prevent lead who can also provide support, add contact details here).

Children can be exposed to different views and receive information from various sources. Some of these views may be considered radical or extreme. Radicalisation is the way a person comes to support or be involved in extremism and terrorism. It’s a gradual process so young people who are affected may not realise what’s happening.

Radicalisation is a form of harm. The process may involve:

- Being groomed online or in person
- Exploitation, including sexual exploitation
- Psychological manipulation
- Exposure to violent material and other inappropriate information
- The risk of physical harm or death through extremist acts.

Alongside this we will be alert to any early signs in children and families who may be at risk of radicalisation, on which we will act and document all concerns when reporting further.

The NSPCC states that signs of radicalisation may be:

- isolating themselves from family and friends
- talking as if from a scripted speech
- unwillingness or inability to discuss their views
- a sudden disrespectful attitude towards others
- increased levels of anger
- increased secretiveness, especially around internet use.

We will tackle radicalisation by:

- Training all staff to understand what is meant by the Prevent Duty and radicalisation
- Ensuring staff understand how to recognise early indicators of potential radicalisation and terrorism threats and act on them appropriately in line with national and local procedures
- Make any referrals relating to extremism to the police (or the Government helpline) in a timely way, sharing relevant information as appropriate
- Ensure our settings are inclusive environments, tackle inequalities and negative points of view and teach children about tolerance through British Values
- Using the Government document Prevent Duty Guidance for England and Wales

<https://www.gov.uk/government/publications/prevent-duty-guidance>

This policy was adopted on	Signed on behalf of the setting	Date for review

[Back to the top](#)

Domestic Abuse, Honour Based Abuse and Forced Marriage policy

This policy should be read alongside our Safeguarding policy:

- Safeguarding Children Child Protection Policy
- Data Protection and Confidentiality
- GDPR Privacy Notice.

The Domestic Abuse Act 2021 defines Domestic Abuse as:

Behaviour of a person (A) towards another person (B) is “domestic abuse” if:

- They A and B are each aged 16 or over and are personally connected to each other.
- The behaviour is abusive.

Behaviour is “abusive” if it consists of any of the following:

- Physical or sexual abuse
- Violent or threatening behaviour
- Controlling or coercive behaviour
- Economic abuse
- Psychological, emotional or other abuse

and it does not matter whether the behaviour consists of a single incident or a course of conduct. “Economic abuse” means any behaviour that has a substantial adverse effect on B’s ability to:

- (a) Acquire, use or maintain money or other property, or
- (b) Obtain goods or services.

Domestic abuse can happen to anyone regardless of gender, age, social background, religion, sexuality or ethnicity, and domestic abuse can happen at any stage in a relationship.

We aim to develop staff knowledge of recognising the signs and symptoms of domestic abuse. These signs may include:

- Changes in behaviour: for example, becoming very quiet, anxious, frightened, tearful, aggressive, distracted, depressed etc.
- Visible bruising or single, or repeated, injury with unlikely explanations
- Change in the manner of dress: for example, clothes that do not suit the climate which may be used to hide injuries
- Partner or ex-partner stalking employee/parent in or around the workplace; this may include excessive phone calls or messages
- Partner or ex-partner exerting an unusual amount of control or demands over work schedule
- Frequent lateness or absence from work.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children.

In England, The Domestic Abuse Act 2021 recognises in law, for the first time, that children are victims if they see, hear or otherwise experience the effects of domestic abuse.

Signs that children may have witnessed domestic abuse include:

- Anxiety
- Regressive behaviours
- Constant or regular sickness, such as colds or headaches
- Difficulties with concentration
- Emotional and behavioural difficulties
- Withdrawal
- Low self-esteem.

We will raise awareness of domestic abuse within our setting by:

- Ensuring all staff can identify the signs and symptoms of domestic abuse and know how to report concerns
- Sharing information with external organisations that can offer support with incidents of domestic abuse. The information will be displayed in visible spaces within the setting
- Providing all stakeholders with the telephone number for the free 24 hour National Domestic Abuse Helpline (0808 2000 247)
- Sharing our domestic abuse policy and Child Protection and Safeguarding policies with all stakeholders.

If we are concerned that domestic abuse is happening within a home and a child is at risk, we will follow our safeguarding policies' reporting procedures (see Safeguarding Children/Child Protection policy).

Where incidents of domestic abuse are shared by an employee or parent/carer, we will respect confidentiality at all times and not share information without their permission. However, we will share this information, without permission, in cases of child protection or where we believe there is an immediate risk of serious harm to the person involved.

Honour based abuse

Honour based violence (HBA) can be described as 'a collection of practices, which are used to control behaviour within families or other social groups to protect perceived cultural and religious beliefs and/or honour'; such as being held against their will, sexual or psychological abuse, threats of violence, assault or forced marriage.

Such violence can occur when perpetrators perceive that a relative has shamed the family and/or community by breaking their honour code. It is a violation of human rights and may be a form of domestic and/or sexual violence. There is no honour or justification for abusing the human rights of others.

We aim to develop staff knowledge of recognising the signs and symptoms of HBA. These signs may include:

- Changes in how they dress or act, they may stop wearing ‘western’ clothing or make-up
- Visible injuries, or repeated injury, with unlikely explanations.
- Signs of depression, anxiety or self-harm
- Frequent absences
- Restrictions on friends or attending events.

We will raise awareness of domestic abuse within our setting by:

- Sharing information with external organisations that can offer support with incidents of HBA. The information will be displayed in visible spaces within the setting
- Sharing our HBA, child protection and safeguarding policies with all stakeholders.

Where incidents of HBA are shared by an employee or parent/carer, we will respect confidentiality at all times and not share information without their permission. However, we will share this information without permission in cases of child protection, or where we believe there is an immediate risk of serious harm to the person involved.

Forced Marriage

A forced marriage is defined as ‘a marriage in which one, or both spouses, do not consent to the marriage but are coerced into it. Duress can include physical, psychological, financial, sexual and emotional pressure. In the cases of some vulnerable adults who lack the capacity to consent, coercion is not required for a marriage to be forced’.

If we suspect or receive information about a forced marriage being planned then we will follow our safeguarding reporting procedures. If the person concerned is under the age of 18 years then we will report the incident to the children’s social care team.

If we believe a person is in imminent danger of being forced into a marriage we may contact the Police and the Governments Forced Marriage Unit (FMU) on 020 7008 0151.

This policy was adopted on	Signed on behalf of the setting	Date for review

[Back to the top](#)

Inclusion and Equality

Inclusion is a process of identifying, understanding and breaking down barriers to participation and belonging. Inclusive early years practice is about anticipating, paying attention, responding to and reflecting on the needs and interests of all children. A commitment to inclusion should permeate all aspects of the design of educational programmes and the structuring of environments, as well as shaping every interaction with children, parents and other professionals (Birth to 5 Matters, 2021).

Statement of intent

At **GNRC** we take great care to treat each individual as a person in their own right, with equal rights and responsibilities to any other individual, whether they are an adult or a child. We are committed to providing equality of opportunity and anti-discriminatory practice for all staff, children and families according to their individual needs. Discrimination on the grounds of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation no place within our setting.

A commitment to implementing our inclusion and equality policy will form part of each employee's job description. Should anyone believe that this policy is not being upheld, it is their duty to report the matter to the attention of the **manager** at the earliest opportunity. Appropriate steps will then be taken to investigate the matter and if such concerns are well-founded, disciplinary action will be invoked under GNRC's disciplinary policy will be followed.

The legal framework for this policy is based on:

- Special Education Needs and Disabilities Code of Practice 2015
- Children and Families Act 2014
- Equality Act 2010
- Childcare Act 2006
- Children Act 2004
- Care Standards Act 2002
- Special Educational Needs and Disability Act 2001.

GNRC are committed to:

- Recruiting, selecting, training and promoting individuals on the basis of occupational skills requirements. In this respect, the setting will ensure that no job applicant or employee will receive less favourable treatment because of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation
- Creating a working environment free of bullying, harassment, victimisation and unlawful discrimination, promoting dignity and respect for all, and where individual differences and the contributions of all staff are recognised and valued
- Providing a childcare place, wherever possible, for children who may have special educational needs and/or disabilities or are deemed disadvantaged

according to their individual circumstances, and the setting's ability to provide the necessary standard of care

- Making reasonable adjustments for children with special educational needs and disabilities to remove barriers and improve access for all
- Striving to promote equal access to services and projects by taking practical steps (wherever possible and reasonable), such as ensuring access to people with additional needs and by producing materials in relevant languages and media for all children and their families
- Providing a secure environment in which all our families are listened to, children can flourish and all contributions are valued
- Including and valuing the contribution of all families to our understanding of equality, inclusion and diversity
- Providing positive non-stereotypical information
- Continually improving our knowledge and understanding of issues of equality, inclusion and diversity and training all staff about their rights and responsibilities under the inclusion and equality policy.
- Regularly reviewing, monitoring and evaluating the effectiveness of inclusive practices to ensure they promote and value diversity and difference and that the policy is effective and practices are non-discriminatory
- Making inclusion a thread, which runs through the entirety of the setting, for example, by encouraging positive role models through the use of toys, imaginary play and activities, promoting non-stereotypical images and language and challenging all discriminatory behaviour (see dealing with discriminatory behaviour policy).

Admissions/service provision

The setting is accessible to all children and families in the local community and further afield through a comprehensive and inclusive admissions policy.

GNRC will strive to ensure that all services and projects are accessible and relevant to all groups and individuals in the community within targeted age groups.

Recruitment

Recruitment, promotion and other selection exercises such as redundancy selection will be conducted on the basis of merit, against objective criteria that avoid discrimination. Shortlisting will be done by more than one person where possible.

All members of the selection group are committed to the inclusive practice set out in this policy and will have received appropriate training in this regard.

Application forms are sent out along with a copy of the equal opportunities monitoring form. Application forms do not include questions that potentially discriminate on the grounds specified in the statement of intent.

Vacancies are generally be advertised to a diverse section of the labour market. Advertisements should avoid stereotyping or using wording that may discourage particular groups from applying.

At interview, no questions are posed which potentially discriminate on the grounds specified in the statement of intent. All candidates are asked the same questions and members of the selection group will not introduce nor use any personal knowledge of

candidates acquired outside the selection process. Candidates are given the opportunity to receive feedback on the reasons why they were not successful.

- To establish whether the applicant will be able to comply with a requirement to undergo an assessment (i.e. an interview or selection test)
- To establish whether the applicant will be able to carry out a function that is intrinsic to the work concerned
- To monitor diversity in the range of people applying for work
- To take positive action towards a particular group – for example offering a guaranteed interview scheme
- You require someone with a particular disability because of an occupational requirement for the job.

The national College for Teaching and Leadership provides further guidance specific to working with children, which we follow:

Providers have a responsibility to ensure that practitioners have the health and physical capacity to teach and will not put children and young people at risk of harm. The activities that a practitioner must be able to perform are set out in the Education (Health Standards England) Regulations 2003. Providers are responsible for ensuring that only practitioners who have the capacity to teach remain on the staff team.

People with disabilities or chronic illnesses may have the capacity to teach, just as those without disabilities or medical conditions may be unsuitable to teach. Further information on training to teach with a disability is available from the DfE website.

Successful applicants offered a position may be asked to complete a fitness questionnaire prior to commencing the programme. Providers should not ask all-encompassing health questions, but should ensure that they only ask targeted and relevant health-related questions, which are necessary to ensure that a person is able to teach.

Staff

It is our policy not to discriminate in the treatment of individuals. All staff are expected to co-operate with the implementation, monitoring and improvement of this and other policies. They are expected to challenge language, actions, behaviours and attitudes which are oppressive or discriminatory on the grounds specified in this policy and recognise and celebrate other cultures and traditions. All staff are expected to participate in equality and inclusion training.

Staff will follow the 'Dealing with Discriminatory Behaviour' policy where applicable to report any discriminatory behaviours observed.

Training

GNRC recognises the importance of training as a key factor in the implementation of an effective inclusion and equality policy. All new staff receive induction training including specific reference to the inclusion and equality policy. The GNRC strives

towards the provision of inclusion, equality and diversity training for all staff on an **annual** basis.

We do this by:

- Listening to children (verbally and non-verbally) and making children feel included, valued and good about themselves
- Ensuring that we know what each child knows and “can do” and have equal access to tailored early learning and play opportunities
- Reflecting the widest possible range of communities in the choice of resources
- Avoiding stereotypical or derogatory images in the selection of materials
- Acknowledging and celebrating a wide range of religions, beliefs and festivals
- Creating an environment of mutual respect
- Supporting children to talk about their feelings and those of others, manage emotions and develop empathy
- Helping children to understand that discriminatory behaviour and remarks are unacceptable
- Knowing children well, being able to meet their needs and know when they require further support
- Ensuring that all early learning opportunities offered are inclusive of children with special educational needs and/or disabilities and children from disadvantaged backgrounds
- Ensuring that children whose first language is not English have full access to our early learning opportunities and are supported in their learning
- Working in partnership with all families to ensure they understand the policy and challenge any discriminatory comments made
- Ensuring the medical, cultural and dietary needs of all children are met and help
- children to learn about a range of food and cultural approaches to meal times and to respect the differences among them.

Parent information and meetings

Information about GNRC, its activities, experiences, resources are shared with parents as well as information about their child’s development. This is given in a variety of ways according to individual needs (written, verbal and translated), to ensure that all parents can access the information they need.

Wherever possible, meetings are arranged to give all families opportunities to attend and share information about their child.

We also consult with parents regularly about the running of GNRC and ask them to contribute their ideas.

This policy was adopted on	Signed on behalf of the setting	Date for review
<i>30.11.22</i>	<i>Selena Fletcher</i>	<i>30.09.25</i>

[Back to the top](#)

Special Consideration for Employees

At **GNRC** we recognise that employees may require special consideration during their employment.

Legal requirements

GNRC follows the legal requirements set out in The Management of Health and Safety at Work Regulations 1992 and the Equality Act 2010. This policy should be read in conjunction with our Health and Safety Policy, which has regard to any employees requiring special consideration at the commencement of employment and during the course of it. The following procedure is followed.

Procedure

The manager:

- Assesses any employee requiring special consideration in conjunction with the individual on induction GNRC or when their condition or special educational needs and/or disability is obtained
- Carries out necessary risks assessments to support the employee
- Agrees with the staff member any necessary special measures such as training and supervision, arrangements, modifications and medical surveillance
- Carries out further assessments and reviews at least annually, or if and when any changes to the special circumstances or environment occur.

Special educational needs/Disabilities

If a member of staff has a special educational needs and/or disability, we encourage them to tell us about their condition so that we can consider what reasonable adjustments or support may be appropriate.

Part-time and fixed-term work

Part-time and fixed-term employees are treated the same as comparable full-time or permanent employees and enjoy no less favourable terms and conditions (on a pro-rata basis where appropriate), unless different treatment is justified.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Special Educational Needs and Disabilities (SEND)

This policy has been created with regard to:

- The SEND Code Of Practice 2015
- Children and Families Act 2014 (Part 3)
- Equality Act 2010
- Working Together to Safeguard Children (2018)
- Statutory Framework for the EYFS (2021)

Special Educational Needs and Disability (SEND) code of practice.

GNRC have regard to the statutory guidance set out in the Special Educational Needs and Disability code of practice (DfE 2015) to identify, assess and make provision for children's special educational needs.

At GNRC we use the SEND Code of Practice (2015) definition of Special Educational Needs and Disability:

A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her.

A child of compulsory school age or a young person has a learning difficulty or disability if he or she:

- *has a significantly greater difficulty in learning than the majority of others of the same age, or*
- *has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.*

Statement of intent

At GNRC, we are committed to the inclusion of all children. We ensure all children are cared for and educated to develop to their full potential alongside their peers through positive experiences, we enable them to share opportunities and experiences and develop and learn from each other. We provide a positive and welcoming environment where children are supported according to their individual needs and we work hard to ensure no children is discriminated against or put at a disadvantage as a consequence of their needs. Each child's needs are unique, and we do not attempt to categorise children.

We are committed to working in partnership with parents in order to meet each child's individual needs and develop to their full potential. We are committed to working with any child who has a special educational need and/or disability and making reasonable adjustments to enable every child to make full use of the setting's facilities. All children have a right to a broad and well-balanced early learning environment.

We undertake a Progress Check of all children at age two in accordance with the Code of Practice (2015) and statutory framework for EYFS.

We will:

- Recognise each child's individual needs and ensure all staff are aware of, and have regard for, the Special Educational Needs Code of Practice (2015)
- Ensure that all children are treated as individuals/equals and are supported to take part in every aspect of the setting day according to their individual needs and abilities
- Include all children and their families in our provision
- Identify the specific needs of children with special educational needs and/or disabilities and meet those needs through a range of strategies
- Encourage children to value and respect others
- Monitor and review our practice and provision and, if necessary, make adjustments, and seek specialist equipment and services where required
- Challenge inappropriate attitudes and practices
- Promote positive images and role models during play experiences of those with additional needs wherever possible
- Celebrate diversity in all aspects of play and learning.
- Share any statutory and other assessments made by the setting with parents and support parents in seeking any help they or the child may need

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Looked After Children

At **GNRC** we are committed to providing a welcoming and inclusive quality environment for all children and families.

Definition and legal framework

The description 'looked after' is generally used to describe a child who is looked after by the local authority. This includes children who are subject to a care order or temporarily classed as looked after on a planned basis for short breaks or respite care. Most looked after children will be cared for by foster carers with a small minority in children's homes, looked after by family members or even placed back within the family home.

The term 'looked after child' denotes a child's current legal status. GNRC never uses this term to categorise a child as standing out from others or refers to a child using acronyms such as LAC.

The legal framework for this policy is underpinned by or supported through:

- Childcare Act (2006)
- Children Act (1989 and 2004)
- Adoption and Children Act (2002)
- Children and Young Persons Act (2008)
- Children and Families Act (2014)
- Children and Social Work Act (2017).

Our policy

GNRC treats each child as an individual. We are aware that there are a number of reasons why a child may go into care and these reasons may or may not include traumatic experiences or abuse. All our staff are committed to doing all they can to support all children to achieve their full potential. The staff team are all trained to understand our safeguarding policy and procedures. Additional training to support children's individual needs will be planned for, where appropriate. Practitioners are supported by management at all times and we have an open door policy if they need to discuss any sensitive issues regarding the child.

Where applicable, we contribute to any assessment about the child, such as those carried out under local authorities' assessment frameworks or Early Help Assessment (EHA) and to any multi-agency meetings, case conferences or strategy meetings in relation to the child's learning and development. The designated person for looked after children and/or the child's key person will attend meetings as appropriate.

Private Fostering

Private fostering is an arrangement made between the parent and the private foster carer, who then becomes responsible for caring for the child in such a way as to safeguard and promote their welfare.

A privately fostered child is a child under the age of 16 (18 if a disabled child) who is cared for and provided with accommodation etc. for more than 28 days and where the care is intended to continue by someone other than:

- The parents
- A person who is not a parent but has parental responsibility
- A close relative
- The Local Authority.

It is a statutory duty for us to inform the local authority where we are made aware of a child who may be subject to private fostering arrangements. We will do this by contacting the local authority children's social care team.

This policy was adopted on	Signed on behalf of the setting	Date for review

Dealing with Discriminatory Behaviour

This may form part of your Inclusion and Equality policy rather than a standalone policy. This policy also links to safeguarding and child protection, prevent duty and radicalisation and whistleblowing policies.

At **GNRC** we do not tolerate discriminatory behaviour and take action to tackle discrimination. We believe that parents have a right to know if discrimination occurs and what actions GNRC will take to tackle it. We follow our legal duties in relation to discrimination and record all incidents any perceived or actual relating to discrimination on any grounds and report these where relevant to children's parents and the registering authority.

Definition and legal framework

Types of discrimination

- **Direct discrimination** occurs when someone is treated less favourably than another person because of a protected characteristic
- **Discrimination by association** occurs when there is a direct discrimination against a person because they associate with a person who has a protected characteristic
- **Discrimination by perception** occurs when there is a direct discrimination against a person because they are perceived to have a protected characteristic
- **Indirect discrimination** can occur where a provision, criterion or practice is in place which applies to everyone in the organisation but particularly disadvantages people who share a protected characteristic and that provision, criterion or practice cannot be justified as a proportionate means of achieving a legitimate aim
- **Harassment** is defined as 'unwanted conduct related to a relevant protected characteristic, which has the purpose or effect of violating an individual's dignity or creating an intimidating, hostile, degrading, humiliating or offensive environment for that individual'
- **Victimisation** occurs when an employee is treated badly or put to detriment because they have made or supported a complaint or raised grievance under the Equality Act 2010 or have been suspected of doing so.

Protected characteristics

The nine protected characteristics under the Equality Act 2010 are:

- Age
- Disability
- Gender reassignment
- Race
- Religion or belief
- Sex
- Sexual orientation
- Marriage and civil partnership
- Pregnancy and maternity.

Incidents may involve a small or large number of persons, they may vary in their degree of offence and may not even recognise the incident has discriminatory implications; or at the other extreme their behaviour may be quite deliberate and blatant.

Examples of discriminatory behaviour are:

- Physical assault against a person or group of people
- Derogatory name calling, insults and discriminatory jokes
- Graffiti and other written insults (depending on the nature of what is written)
- Provocative behaviour such as wearing badges and insignia and the distribution of discriminatory literature
- Threats against a person or group of people because the nine protected characteristics listed above
- Discriminatory comments including ridicule made in the course of discussions
- Patronising words or actions.

Our procedures

We tackle discrimination by:

- Providing inclusive early years practice where all staff are able to identify, understand and break down barriers to participation and belonging and create an ethos of equality
- Consistently promoting the British Values of democracy, the rule of law, individual liberty, mutual respect and tolerance of different faiths and beliefs to all practitioners, children and families in the setting. We value diversity and celebrate differences in children and families
- Providing training and support around this subject to support staffs understanding and confidence in challenging discriminatory practice
- Challenging any observed instances of inequalities, discrimination and prejudice as they arise in play, conversation, books or other contexts from practitioners, children and families and follow this policy, as outlines below, to ensure that discriminatory behaviours against the protected characteristics are not tolerated within our setting
- Ensuring all children and families have a sense of belonging and they can see themselves and their families identity reflected in the setting
- Expecting all staff in the setting to be aware of and alert to any discriminatory behaviour, stereotyping, bias or bullying taking place in person or via an online arena
- Expecting all staff to intervene firmly and quickly to prevent any discriminatory behaviour or bullying, this may include behaviour from parents and other staff members
- Expecting all staff to treat any allegation seriously and report it to the setting manager. Investigating and recording each incident in detail as accurately as possible and making this record available for inspection by staff, inspectors and parents where appropriate, on request. The setting manager is responsible for ensuring that incidents are handled appropriately and sensitively and entered in the record book. Any pattern of behaviour should be indicated. Perpetrator/victim's initials may be used in the record book as information on individuals is confidential to the setting
- Ensuring any online bullying or discriminatory behaviour is tackled immediately

- Informing: the parents of the child(ren) who are perpetrators and/or victims should be informed of the incident and of the outcome, where an allegation is substantiated following an investigation
- Excluding or dismissing any individuals who display continued discriminatory behaviour or bullying, but such steps will only be taken when other strategies have failed to modify behaviour. This includes any employees where any substantiated allegation after investigation will incur our disciplinary procedures (please see the policy on disciplinary procedures).

We record any incidents of discriminatory behaviour or bullying to ensure that:

- Strategies are developed to prevent future incidents
- Patterns of behaviour are identified
- Persistent offenders are identified
- Effectiveness of setting policies are monitored
- A secure information base is provided to enable the setting to respond to any discriminatory behaviour or bullying.

If the behaviour shown by an individual is deemed to be radicalised, we will follow our procedure as detailed in our Safeguarding and child protection and Prevent Duty and Radicalisation Policies in order to safeguard children and families concerned.

Staff

We expect all staff to be alert and seek to overcome any ignorant or offensive behaviour based on fear or dislike of distinctions that children, staff or parents may express in the setting.

We aim to create an atmosphere where the victims of any form of discrimination have confidence to report such behaviour, and that subsequently they feel positively supported by the staff and management of GNRC.

It is incumbent upon all members of staff to ensure that they do not express any views or comments that are discriminatory; or appear to endorse such views by failing to counter behaviour, which is prejudicial in a direct manner. We expect all staff to use a sensitive and informed approach to counter any harassment perpetrated out of ignorance.

This policy was adopted on	Signed on behalf of the setting	Date for review

Health and Safety – General Policy

At **GNRC** we provide and maintain safe and healthy working conditions, equipment and systems of work for all our employees and a safe early learning environment in which children learn and are cared for. To develop and promote a strong health and safety culture within the setting for the benefit of all staff, children, parents and visitors, we provide information, training and supervision. We also accept our responsibility for the health and safety of other people who may be affected by our activities.

The allocation of duties for safety matters and the particular arrangements which we will make to implement our health and safety procedures are set out within this policy and we make sufficient resources available to provide a safe environment.

Legal framework

We follow all relevant legislation and associated guidance relating to health and safety within the setting including:

- The requirements of the Statutory Framework for the Early Years Foundation Stage (EYFS) 2021
- The regulations of the Health & Safety at Work Act 1974 and any other relevant legislation such as Control Of Substances Hazardous to Health Regulation (COSHH)
- Any guidance provided by Public Health England, the local health protection unit, the local authority environmental health department, fire authority or the Health and Safety Executive.

Aims and objectives

The aim of this policy statement is to ensure that all reasonably practical steps are taken to ensure the health, safety and welfare of all persons using the premises.

To achieve this, we will actively work towards the following objectives:

- Establish and maintain a safe and healthy environment throughout the settings including outdoor spaces
- Establish and maintain safe working practices amongst staff and children
- Make arrangements for ensuring safety and the minimising of risks to health in connection with the use, handling, storage and transport of hazardous articles and substances
- Ensure the provision of sufficient information, instruction and supervision to enable all people working in or using the settings to avoid hazards and contribute positively to their own health and safety and to ensure that staff have access to regular health and safety training
- Maintain a healthy and safe setting with safe entry and exit routes
- Formulate effective procedures for use in case of fire and other emergencies and for evacuating the settings premises. Practice this procedure on a regular basis to enable the safe and speedy evacuation of the setting
- Maintain a safe working environment for pregnant workers or for workers who have recently given birth, including undertaking appropriate risk assessments

- Maintain a safe environment for those with special educational needs and disabilities and ensure all areas of the setting are accessible (wherever practicable)
- Provide a safe environment for students or trainees to learn in
- Encourage all staff, visitors and parents to report any unsafe working practices or areas to ensure immediate response by the management.

We believe the risks in the environment are low and we will maintain the maximum protection for children, staff and parents. GNRC will:

- Ensure all entrances and exits from the building, including fire exits are clearly identifiable and remain clear at all times
- Regularly check the premises room by room for structural defects, worn fixtures and fittings or electrical equipment and take the necessary remedial action
- Ensure that all staff, visitors, parents and children are aware of the fire procedures and regular fire drills are carried out
- Have the appropriate fire detection and control equipment which is checked regularly to make sure it is in working order
- Ensure that all members of staff are aware of the procedure to follow in case of accidents for staff, visitors and children
- Ensure that all members of staff take all reasonable action to control the spread of infectious diseases and wear protective gloves and clothing where appropriate
- Ensure there are suitable hygienic changing facilities (see infection control policy)
- Prohibit smoking on GNRC's premises
- Prohibit any contractor from working on the premises without prior discussion with the officer in charge
- Encourage children to manage risks safely and prohibit running inside the premises unless in designated areas
- Risk assess all electrical sockets and take appropriate measures to reduce risks where necessary and ensure no trailing wires are left around the setting
- Ensure all cleaning materials are placed out of the reach of children and kept in their original containers
- Wear protective clothing when cooking or serving food
- Prohibit certain foods that may relate to children's allergies, e.g. peanuts are not allowed in the setting
- We follow the EU Food Information for Food Consumers Regulations (EU FIC). These rules are enforced in the UK by the Food Information Regulations 2014 (FIR). We identify the 14 allergens listed by EU Law that we use as ingredients in any of the dishes we provide to children and ensure that all parents are informed
- Follow the allergies and allergic reactions policy for children who have allergies
- Ensure risk assessments are undertaken on the storage and preparation of food produce within the setting
- Familiarise all staff and visitors with the position of the first aid boxes and ensure all know who the appointed first aiders are
- Provide appropriately stocked first aid boxes and check their contents regularly
- Ensure children are supervised at all times
- Ensure no student or volunteer is left unsupervised at any time.

Responsibilities

The designated Health and Safety Officer in Beachstars is Jade & at Funstars it is Lauren

The employer has overall and final responsibility for this policy being carried out at: **GNRC**.

All employees have the responsibility to cooperate with senior staff and the manager to achieve a healthy and safe setting and to take reasonable care of themselves and others. Neglect of health and safety regulations/duties will be regarded as a disciplinary matter (see separate policy on disciplinary procedures).

Whenever a member of staff notices a health or safety issue or problem which they are not able to rectify, they must immediately report it to the appropriate person named above. Parents and visitors are requested to report any concerns they may have to the Manager

Daily contact, Half-termly staff meetings and health and safety meetings provide consultation between management and employees. These include health and safety matters.

Health and safety training

Person responsible for monitoring staff training is **Selena Fletcher**

Health and safety is covered in all induction training for new staff.

Training table :

Area	Training required	Who
Paediatric First aid	Course	All staff
Dealing with blood	In house training/course	All staff and students
Safeguarding/Child protection	In house training/course	All staff and students
Risk assessment	In house training/course	All staff
Fire safety procedures	In house training	All staff and students
Use of fire extinguisher	In house training/course	All staff where possible
Food hygiene	In house training/course	All staff and students
Allergy awareness	In house training/course	All staff and students
Manual handling	In house training/course	All staff and students
Stress awareness and management	In house training/course	All staff

Fire warden duties	External course	School
Medication requiring technical or medical knowledge e.g. Epi Pen	External course	As required

At present at least one member of staff on the premises and available at times when children are present MUST hold a full paediatric first aid (PFA) certificate in the setting and must accompany children on outings. The certificate must be for a full course consistent with the criteria set out in Annex A of the EYFS, 2021. This must be renewed every three years and the emergency PFA course is taken face to face.

In addition to this, all newly qualified entrants to the early years workforce who have completed a level 2 and/or level 3 qualification on or after 30 June 2016, must also have either a full PFA or an emergency PFA certificate within three months of starting work in order to be included in the required staff: child ratios at level 2 or level 3 in an early years setting

At GNRC, we take in to account the number of children, staff, layout of premises to ensure that a paediatric first aider is able to respond to emergencies quickly.

Our trained first aiders are: Tracey, Jade, Lauren, Crystal & Alison

Health and safety arrangements

- All staff are responsible for general health and safety in the setting
- Risk assessments will be conducted on all areas of the setting, including rooms, activities, outdoor areas, resources and cleaning equipment
- These are reviewed at regular intervals and when arrangements change
- All outings away from the setting (however short) will include a prior risk assessment – more details are included in our outings policy
- All equipment, rooms and outdoor areas are checked thoroughly by staff before children access them or the area. These checks are recorded and initialled by the staff responsible. Unsafe areas are made safe where possible or the area is not used to promote the safety of children. In these cases the manager will be notified immediately
- We provide appropriate facilities for all children, staff, parents and visitors to receive a warm welcome and provide for their basic care needs, e.g. easy to access toilet area and fresh drinking water
- GNRC will adhere to the Control Of Substances Hazardous to Health Regulation (COSHH) to ensure all children, staff, parents and visitors are safe in relation to any chemicals we may use on the premises
- All staff and students receive appropriate training in all areas of health and safety which includes risk assessments, manual handling, fire safety and emergency evacuation procedures. We may also use benefit risk assessments for particular activities and resources for children
- We have a clear accident and first aid policy to follow in the case of any person in the setting suffering injury from an accident or incident
- We have a clear fire safety policy and procedure which supports the prevention of fire and the safe evacuation of all persons in the setting. This is to be shared with all staff, students, parents and visitors to the setting

- We review accident and incident records to identify any patterns/hazardous areas
- We identify and assess any water sources at risk of legionella, and manage these risks including avoiding stagnant water
- All health and safety matters are reviewed informally on an ongoing basis and formally every six months or when something changes. Staff and parents will receive these updates, as with all policy changes, as and when they happen
- Staff and parents are able to contribute to any policy through the suggestion scheme and during the regular meetings held at setting.
- We welcome feedback from staff and parents. They are able to contribute to any policy through informal discussions, the suggestion scheme and/or during regular meetings held at setting.

The policy is kept up to date and reviewed especially when the setting changes in nature and size. It is revised annually, or as and when required. We therefore welcome any useful comments from members of staff, parents and visitors regarding this policy.

This policy was adopted on	Signed on behalf of the setting	Date for review
<i>30.11.22</i>	<i>Selena Fletcher</i>	<i>30.09.25</i>

[Back to the top](#)

Sickness and Illness

At **GNRC** we promote the good health of all children attending including oral health by:

- Asking parents to keep children at home if they are unwell. If a child is unwell it is in their best interest to be in a home environment rather than at setting with their peers.
- Asking staff and other visitors not to attend the setting if they are unwell
- Helping children to keep healthy by providing balanced and nutritious snacks, meals and drinks
- Minimising infection through our rigorous cleaning and hand washing processes (**see infection control policy**) Ensuring children have regular access to the outdoors and having good ventilation inside
- Sharing information with parents about the importance of the vaccination programme for young children to help protect them and the wider society from communicable diseases
- Sharing information from the Department of Health that all children aged 6 months – 5 years should take a daily vitamin
- Having areas for rest and sleep, where required and sharing information about the importance of sleep and how many hours young children should be having.

Our procedures

In order to take appropriate action of children who become ill and to minimise the spread of infection we implement the following procedures:

- If a child becomes ill during the session, we contact their parent(s) and ask them to pick up their child as soon as possible. During this time we care for the child in a quiet, calm area with their key person (wearing PPE), wherever possible
- We follow the guidance given to us by Public Health England (Health Protection In Schools and other childcare facilities) and advice from our local health protection unit on exclusion times for specific illnesses, e.g. sickness and diarrhoea, measles and chicken pox, to protect other children in the setting
- Should a child have an infectious disease, such as sickness and diarrhoea, they must not return to the setting until they have been clear for at least 48 hours. We inform all parents if there is a contagious infection identified in the setting, to enable them to spot the early signs of this illness. We thoroughly clean and sterilise all equipment and resources that may have come into contact with a contagious child to reduce the spread of infection
- We notify Ofsted as soon as possible and in all cases within 14 days of the incident where we have any child or staff member with food poisoning.
- We exclude all children on antibiotics for the first 48 hours of the course (unless this is part of an ongoing care plan to treat individual medical conditions e.g. asthma and the child is not unwell) This is because it is important that children are not subjected to the rigours of the day, which requires socialising with other children and being part of a group setting, when they have first become ill and require a course of antibiotics

- We have the right to refuse admission to a child who is unwell. This decision will be taken by the manager on duty and is non-negotiable
- We make information/posters about head lice readily available and all parents are requested to regularly check their children’s hair. If a parent finds that their child has head lice we would be grateful if they could inform the setting so that other parents can be alerted to check their child’s hair.

Meningitis procedure

If a parent informs the setting that their child has meningitis, the manager will contact the Local Area Infection Control (IC) Nurse. The IC Nurse will give guidance and support in each individual case. If parents do not inform the setting, we will be contacted directly by the IC Nurse and the appropriate support will be given. We will follow all guidance given and notify any of the appropriate authorities including Ofsted if necessary.

Transporting children to hospital procedure

The manager/staff member must:

- Call for an ambulance immediately if the sickness is severe. DO NOT attempt to transport the sick child in your own vehicle
- Whilst waiting for the ambulance, contact the parent(s) and arrange to meet them at the hospital
- Redeploy staff if necessary to ensure there is adequate staff deployment to care for the remaining children. This may mean temporarily grouping the children together
- Arrange for the most appropriate member of staff to accompany the child taking with them any relevant information such as registration forms, relevant medication sheets, medication and the child’s comforter
- Inform a member of the management team immediately
- Remain calm at all times. Children who witness an incident may well be affected by it and may need lots of cuddles and reassurance. Staff may also require additional support following the accident.
-

This policy will be reviewed at least annually in consultation with staff and parents and/or after a significant incident, e.g. serious illness/hospital visit required.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

Infection Control

At **GNRC** we promote the good health of all children attending (including oral health) through maintaining high hygiene standards reduce the chances of infection being spread. We follow the Health protection in schools and other childcare facilities guidance which sets out when and how long children need to be excluded from settings, when treatment/medication is required and where to get further advice from. Viruses and infections can be easily passed from person to person by breathing in air containing the virus which is produced when an infected person talks, coughs or sneezes. It can also spread through hand/face contact after touching a person or surface contaminated with viruses.

We follow the guidance below to prevent a virus or infection from moving around the settings. Our staff:

- Encourage all children to use tissues when coughing and sneezing to catch germs
- Ensure all tissues are disposed of in a hygienic way and all children and staff wash their hands once the tissue is disposed of
- Develop children's understanding of the above and the need for good hygiene procedures in helping them to stay healthy
- Remind children to wash their hands before eating, after visiting the toilet, playing outside or being in contact with any animal and explain the reasons for this
- Clean all toys, equipment and resources on a regular basis, using antibacterial cleanser or through washing in the washing machine
- Follow the sickness and illness policy when children are ill to prevent the spread of any infection in the setting. Staff are also requested to stay at home if they are ill and/or are contagious.

In addition:

- The manager retains the right of refusal of all children, parents, staff and visitors who are deemed contagious and may impact on the welfare of the rest of the setting
- Parents will be made aware of the need for these procedures in order for them to follow these guidelines whilst in the setting
- Periodically each room in the setting will be deep cleaned including carpets and soft furnishings to ensure the spread of infection is limited. This will be implemented earlier if the need arises
- The setting will ensure stocks of tissues, hand washing equipment, cleaning materials and sterilising fluid are maintained at all times and increased during the winter months or when flu and cold germs are circulating.
- In the event of an infection outbreak the setting will, where appropriate, undertake a deep clean to ensure the spread of infection is contained
- We will follow Government health guidance, as well as seeking legal advice and information from our insurers, on any national outbreak of a virus/pandemic and keep parents informed of any course of action. Each specific

circumstance will differ and to ensure we take the most appropriate action, we will treat each case on an individual basis

- In addition, where contagious outbreaks occur, we will adopt Government guidance for all visitors to minimise the risk of further spreading of the infection
- The settings will ensure stocks of tissues, hand washing equipment, cleaning materials and sterilising fluid are maintained at all times. These will be increased during the winter months, or when flu and cold germs are circulating.

This policy was adopted on	Signed on behalf of the setting	Date for review
<i>30.11.22</i>	<i>Selena Fletcher</i>	<i>30.09.25</i>

[Back to the top](#)

Medication

At **GNRC** we promote the good health of children attending the setting and take necessary steps to prevent the spread of infection (see sickness, illness and infection control policies policy). If a child requires medicine we will obtain information about the child's needs for this, and will ensure this information is kept up to date.

We follow strict guidelines when dealing with medication of any kind in the setting and these are set out below.

Medication prescribed by a doctor, dentist, nurse or pharmacist

(Medicines containing aspirin will only be given if prescribed by a doctor)

- Prescription medicine will only be given to the person named on the bottle for the dosage stated
- Medicines must be in their original containers
- Those with parental responsibility for any child requiring prescription medication should hand over the medication to the most appropriate member of staff who will then note the details of the administration on the appropriate form and another member of staff will check these details
- Those with parental responsibility must give prior written permission for the administration of each and every medication. However, we will accept written permission once for a whole course of medication or for the ongoing use of a particular medication under the following circumstances:
 1. The written permission is only acceptable for that brand name of medication and cannot be used for similar types of medication, e.g. if the course of antibiotics changes, a new form will need to be completed
 2. The dosage on the written permission is the only dosage that will be administered. We will not give a different dose unless a new form is completed
 3. Parents must notify us **IMMEDIATELY** if the child's circumstances change, e.g. a dose has been given at home, or a change in strength/dose needs to be given.
- The setting will not administer a dosage that exceeds the recommended dose on the instructions unless accompanied by written instructions from a relevant health professional such as a letter from a doctor or dentist
- The parent must be asked when the child has last been given the medication before coming to setting; and the staff member must record this information on the medication form. Similarly, when the child is picked up, the parent or guardian must be given precise details of the times and dosage given throughout the day. The parent's signature must be obtained at both times
- At the time of administering the medicine, a senior member of staff will ask the child to take the medicine, or offer it in a manner acceptable to the child at the prescribed time and in the prescribed form. (It is important to note that staff working with children are not legally obliged to administer medication)
- If the child refuses to take the appropriate medication, then a note will be made on the form
- Where medication is "essential" or may have side effects, discussion with the parent will take place to establish the appropriate response.

Non-prescription medication (*these will not usually be administered*)

- The setting will not administer any non-prescription medication containing aspirin
- The staff will only administer non-prescription medication for a short initial period, dependant on the medication or the condition of the child. After this time medical attention should be sought
- If the staff feel the child would benefit from medical attention rather than non-prescription medication, we reserve the right to refuse care until the child is seen by a medical practitioner
- If a child needs liquid paracetamol or similar medication during their time at the setting, such medication will be treated as prescription medication with the setting providing one specific type of medication should parents wish to use this
- On registration, parents will be asked if they would like to fill out a medication form to consent to their child being given a specific type of liquid paracetamol or anti-histamine in particular circumstances such as an increase in the child's temperature or a wasp or bee sting. This form will state the dose to be given, the circumstances in which this can be given e.g. the temperature increase of their child, the specific brand name or type of non-prescription medication and a signed statement to say that this may be administered in an emergency if the staff CANNOT contact the parent
- An emergency setting supply of fever relief (e.g. Calpol) and anti-histamines (e.g. Piriton) will be stored on site. This will be checked at regular intervals by the designated trained first aider to make sure that it complies with any instructions for storage and is still in date
- If a child does exhibit the symptoms for which consent has been given to give non-prescription medication during the day the setting will make every attempt to contact the child's parents. Where parents cannot be contacted then the manager will take the decision as to whether the child is safe to have this medication based on the time the child has been in the setting, the circumstances surrounding the need for this medication and the medical history of the child on their registration form.
- Giving non-prescription medication will be a last resort and the staff will use other methods first to try and alleviate the symptoms, e.g. for an increase in temperature the setting will remove clothing, use fanning, tepid cooling with a wet flannel. The child will be closely monitored until the parents collect the child
- For any non-prescription cream for skin conditions e.g. Sudocrem, prior written permission must be obtained from the parent and the onus is on the parent to provide the cream which should be clearly labelled with the child's name
- If any child is brought to the setting in a condition in which he/she may require medication sometime during the day, the manager will decide if the child is fit to be left at the setting. If the child is staying, the parent must be asked if any kind of medication has already been given, at what time and in what dosage and this must be stated on the medication form
- As with any kind of medication, staff will ensure that the parent is informed of any non-prescription medicines given to the child whilst at the setting, together with the times and dosage given

- The setting DOES NOT administer any medication unless prior written consent is given for each and every medicine.

Injections, pessaries, suppositories

As the administration of injections, pessaries and suppositories represents intrusive nursing, we will not administer these without appropriate medical training for every member of staff caring for this child. This training is specific for every child and not generic. The staff will do all it can to make any reasonable adjustments including working with parents and other professionals to arrange for appropriate health officials to train staff in administering the medication.

Staff medication

All staff have a responsibility to work with children only where they are fit to do so. Staff must not work with children where they are infectious or feel unwell and cannot meet children's needs. This includes circumstances where any medication taken affects their ability to care for children, for example, where it makes a person drowsy. If any staff member believes that their condition, including any condition caused by taking medication, is affecting their ability they must inform their line manager and seek medical advice. The setting manager will decide if a staff member is fit to work, including circumstances where other staff members notice changes in behaviour suggesting a person may be under the influence of medication. This decision will include any medical advice obtained by the individual or from an occupational health assessment.

Where staff may occasionally or regularly need medication, any such medication must be kept in the person's locker/separate locked container in the staff room or setting room where staff may need easy access to the medication such as an asthma inhaler. In all cases it must be stored securely out of reach of the children, at all times. It must not be kept in the first aid box and should be labelled with the name of the member of staff.

Storage

All medication for children must have the child's name clearly written on the original container and kept in a closed box, which is out of reach of all children.

Emergency medication, such as inhalers and EpiPens, will be within easy reach of staff in case of an immediate need, but will remain out of children's reach.

Any antibiotics requiring refrigeration must be kept in a fridge inaccessible to children.

All medications must be in their original containers, labels must be legible and not tampered with or they will not be given. All prescription medications should have the pharmacist's details and notes attached to show the dosage needed and the date the prescription was issued. This will all be checked, along with expiry dates, before staff agree to administer medication.

This policy was adopted on	Signed on behalf of the setting	Date for review
<i>30.11.22</i>	<i>Selena Fletcher</i>	<i>30.09.25</i>

[Back to the top](#)

Promoting Positive Behaviour

At **GNRC** we believe that children flourish best when they feel safe and secure and have their needs met by supportive practitioners who act as good role models, show them respect and value their individual personalities. GNRC actively promotes British values and encourages and praises positive, caring and polite behaviour at all times in and provides an environment where children learn to respect themselves, other people and their surroundings.

We implement the early year's curriculum supporting children to develop their personal, social and emotional development. This involves helping children to understand their own feelings and others and beginning to regulate their behaviour. We support children to do this through working together with parents, having consistent approaches, structure, routine and age/stage appropriate boundaries. We help build confidence and self-esteem by valuing all children and giving lots of praise and encouragement.

Children need to have set boundaries of behaviour for their own safety and the safety of their peers. Within Wrap Around Care we aim to set these boundaries in a way which helps the child to develop a sense of the significance of their own behaviour, both on their own environment and that of others around them. Restrictions on the child's natural desire to explore and develop their own ideas and concepts are kept to a minimum.

To support positive behaviour in our setting, we aim to:

- Recognise the individuality of all our children
- Provide a warm, responsive relationship where children feel respected, comforted and supported in times of stress, and confident that they are cared for at all times.
- Understand that certain behaviours are a normal part of some young children's development e.g. biting
- Encourage self-regulation, consideration for each other, our surroundings and property
- Encourage children to participate in a wide range of group activities to enable them to develop their social skills
- Ensure that all staff act as positive role models for children
- Encourage parents and other visitors to be positive role models
- Work in partnership with parents by communicating openly
- Praise children and acknowledge their positive actions and attitudes, therefore ensuring that children see that we value and respect them
- Encourage all staff working with children to accept their responsibility for implementing the goals in this policy and to be consistent
- Promote non-violence and encourage children to deal with conflict peacefully
- Provide activities and stories to help children learn about accepted behaviours, including opportunities for children to contribute to decisions about accepted behaviour where age/stage appropriate

- Supporting and developing children's understanding of different feelings and emotions, self-regulation and empathy as appropriate to stage of development. This includes using strategies and naming and talking about feelings and ways to manage them
- Have a named person who has overall responsibility for promoting positive behaviour and behaviour support.

The named person for promoting and supporting behaviour **Crystal in Funstars & Jade in Beachstars**

The named person will:

- Advise and support other staff on any behaviour concerns
- Liaise with the setting's Special Educational Needs Co-ordinator (SENCO) where a child requires further support, or there are concerns about the impact of the behaviour on a child's education and care
- Support changes to policies and procedures at GNRC
- Access relevant sources of expertise where required and act as a central information source for all involved
- Attend regular external training events, and ensure all staff attend relevant in-house or external training for behaviour management. Keep a record of staff attendance at this training.

GNRC rules are concerned with safety, care and respect for each other. We keep the rules to a minimum and ensure that these are age and stage appropriate. We regularly involve children in the process of setting rules to encourage cooperation and participation and ensure children gain understanding of the expectations of behaviour relevant to them as a unique child.

Children who are displaying distressed/challenging behaviour, for example, by physically abusing another child or adult e.g. biting, or through verbal bullying, are helped to talk through their feelings and actions through co-regulation before thinking about the situation and apologise where appropriate. We make sure that the child who has been upset is comforted. We always acknowledge when a child is feeling angry or upset and that it is the behaviour that is not acceptable, not the child or their feelings.

Our promoting positive behaviour procedure is:

- We support all children to develop positive behaviour, and we make every effort to provide for their individual needs
- We never use or threaten to use physical punishment/corporal punishment such as smacking or shaking or use or threaten any punishment that could adversely affect a child's well being
- We only use physical intervention (where practitioners may use reasonable force to prevent children from injuring themselves or others or damaging property) or to manage a child's behaviour if absolutely necessary. We keep a record of any occasions where physical intervention is used and inform parents on the same day, or as reasonably practicable
- We recognise that there may be occasions where a child is displaying challenging/ distressed behaviour and may need individual techniques to restrain them to prevent a child from injuring themselves or others. This will only be carried out by staff who have been appropriately trained to do so. Any

restraints will only be done following recommended guidance and training and only with a signed agreement from parents on when to use it. We will complete an incident form following any restraints used and notify the parents

- We do not single out children or humiliate them in any way. Where children are displaying challenging behaviour they will, wherever possible, be distracted/re-directed to alternative activities. Discussions with children will take place as to why their behaviour was not acceptable, respecting their level of understanding and maturity
- Staff do not raise their voices (other than to keep children safe)
- In any case of challenging behaviour, we always make it clear to the child or children in question, that it is the behaviour and not the child that is unwelcome
- We decide on particular strategies to support particular types of behaviour depending on the child's age, level of development and the circumstances surrounding the behaviour. This may involve asking the child to talk and think about what he/she has done. All staff support children in developing empathy and children will only be asked to apologise if they have developed strong empathy skills and have a good understanding of why saying sorry is appropriate
- We help staff to reflect on their own responses towards behaviours that challenge to ensure that their reactions are appropriate
- We inform parents if their child's behaviour is unkind to others or if their child has been upset. In all cases we deal with behaviour that challenges in setting at the time. We may ask parents to meet with staff to discuss their child's behaviour, so that if there are any difficulties we can work together to ensure consistency between their home and the setting. In some cases we may request additional advice and support from other professionals, such as an educational psychologist
- We support children in developing non-aggressive strategies to enable them to express their feelings and emotions
- We keep confidential records on any behaviour that challenges that has taken place We inform parents and ask them to read and sign any incidents concerning their child
- Through partnership with parents and formal observations, we make every effort to identify any behavioural concerns and the causes of that behaviour. From these observations and discussions, we will implement an individual behaviour modification plan where a child's behaviour involves aggressive actions towards other children and staff, for example hitting, kicking etc. The manager will complete risk assessments identifying any potential triggers or warning signs ensuring other children's and staff's safety at all times. In these instances we may remove a child from an area until they have calmed down.

Anti-bullying

We encourage children to recognise that bullying, fighting, hurting and discriminatory comments are not acceptable behaviour. We want children to recognise that certain actions are right and that others are wrong.

Bullying takes many forms. It can be physical, verbal or emotional, but it is always a repeated behaviour that makes other people feel uncomfortable or threatened. We acknowledge that any form of bullying is unacceptable and will be dealt with immediately. Staff will intervene when they think a child is being bullied, however mild

or harmless it may seem and sensitively discuss any instance of bullying with the parents of all involved to look for a consistent resolution to the behaviour.

We recognise that children need their own time and space and that it is not always appropriate to expect a child to share. We believe it is important to acknowledge each child's feelings and to help them understand how others might be feeling.

At GNRC, staff follow the procedure below to enable them to deal with challenging behaviour:

- Staff are encouraged to ensure that all children feel safe, happy and secure
- Staff are encouraged to recognise that active physical aggression in the early years is part of the child's development and that it should be channelled in a positive way
- Children are helped to understand that using aggression, to get things, is inappropriate and they will be encouraged to resolve problems in other ways
- Our staff will intervene when they think a child is being bullied, however mild or harmless it may seem
- Staff will initiate games and activities with children when they feel play has become aggressive, both indoors or out
- Staff will sensitively discuss any instance of bullying with the parents of all involved to look for a consistent resolution to the behaviour
- We will ensure that this policy is available for staff and parents and it will be actively publicised at least once a year to parents and staff.
- If any parent has a concern about their child, a member of staff will be available to discuss those concerns. It is only through co-operation that we can ensure our children feel confident and secure in their environment, both at home and in the Setting & Wrap Around Care
- All concerns will be treated in the strictest confidence.

By positively promoting positive behaviour, valuing co-operation and a caring attitude, we hope to ensure that children will develop a positive sense of self, have confidence in their own abilities, make good friendships, co-operate and resolve conflicts peaceably. These will provide them with a secure platform for school and later life.

[Back to the top](#)

Biting

At **GNRC** we follow a positive behaviour policy at all times. We understand that children may use certain behaviours, such as biting to communicate their feelings and needs. Biting is a common type of behaviour that some children use to help them make sense of the world around them, and to manage interactions with others. It can be triggered when they do not have the words to communicate their anger, frustration or need. It can also be used to fulfil an oral stimulation need, such as during periods of teething or developmental exploration. Sometimes biting can be due to a Special Educational Need and/or Disability.

Our procedures

The setting uses the following strategies to help prevent biting:

- Individual and small group times so that each child is receiving positive attention
- Quiet/cosy areas for children who are feeling overwhelmed to go to,
- Stories, puppets, discussion about emotions and feelings including Activities and stories that help support children to recognise feelings and empathise with characters and events. Additional resources for children who have oral stimulation needs, such as, biting rings. Vigilant staff that know the children well and are able to identify where children need more stimulation or quiet times. Adequate resources are provided and, where possible, more than one resource or toy is sought to minimise conflicts.

Every child is treated as an individual and we work with families to support all children's individual needs. With this in mind, it will be necessary to implement different strategies depending on the needs of the child carrying out the biting.

In the event of a child being bitten we use the following procedures.

The most relevant staff member(s) will:

- Comfort any child who has been bitten and check for any visible injury. Administer any paediatric first aid where necessary and complete an accident form once the child is settled again. If deemed appropriate the parents will be informed via telephone. Staff will continue to observe the bitten area for signs of infection. For confidentiality purposes and possible conflict, we do not disclose the name of the child who has caused the bite to the parents
- Tell the child who has caused the bite in terms that they understand that biting (the behaviour and not the child) is unkind and show the child that it makes staff and the child who has been bitten sad.
- Ask the child what they can do to make the 'child that has been bitten' feel better (this could be fetching them a toy or sharing toys with them, a rub on the back etc.)
- Complete an incident form to share with the parents at the end of the child's session.
- If a child continues to bite, carry out observations to try to distinguish a cause, e.g. tiredness or frustration

- Arrange for a meeting with the child’s parents to develop strategies to prevent the biting behaviour. Parents will be reassured that it is part of a child’s development and not made to feel that it is their fault
- In the event of a bite breaking the skin and to reduce the risk of infection from bacteria, give prompt treatment to both the child who has bitten and the child who has been bitten.

If a child or member of staff sustains a bite wound where the skin has been severely broken, arrange for urgent medical attention after initial first aid has been carried out.

In cases where a child may repeatedly bite and/or if they have a particular special educational need or disability that lends itself to increased biting, for example, in some cases of autism where a child doesn’t have the communication skills, the setting manager will carry out a risk assessment and may recommend immunisation with hepatitis B vaccine for all staff and children.

Well-being in GNRC

Well-being is a broad term that covers how you feel about yourself and your life. It encompasses the physical, emotional (and mental), social and spiritual areas of a person. Under the Early Years Foundations Stage (EYFS) this is covered in the children's personal, social, emotional development and physical development. Both of which are prime areas of learning and development.

Physical well-being covers everything physical to do with the body:

- Growth and development
- Moving and keeping physically fit
- Caring for your health (e.g. washing, cleaning teeth, etc.)
- Eating a balanced and nutritious diet
- Rest and appropriate sleep patterns.

Mental and emotional well-being includes:

- Acknowledging, expressing and coping with feelings and emotions
- Thought processes
- Reducing stress and anxiety.

Social well-being includes:

- Relationships
- Family (close and extended)
- Friends
- The feeling of belonging and acceptance
- Compassion and caring approaches.

Spiritual well-being can cover the following:

- Value and beliefs held
- Personal identity and self-awareness.#

We are an inclusive setting and ensure that all children, families, staff and visitors are welcomed. We aim to embrace spiritual well-being and celebrate families and staff key events.

Children's physical well-being is supported through our carefully planned curriculum programme which supports all types of gross and fine motor play both inside and outside. We provide nutritionally balanced meals for the children and support our staff to make healthy choices in regards to their physical health.

Personal hygiene is supported in children of all ages, explaining the reasons for hand washing, tooth brushing and other routines.

Children are provided with quiet and calming areas for rest, sleep and relaxation. This enables them to recharge their batteries and supports both their physical and mental well-being. We support children to make strong attachments with their key person as well as forge relationships with their peers in order to support their social well-being. We offer opportunities and resources for children to play singly, in pairs, small groups and large groups to support this area of development.

Children's mental and emotional well-being is supported. We provide a safe environment that allows for caregiver to child co-regulation this consistent practice supports the process of children building the capacity for self-regulation to manageable, through providing activities in which children are able to recognise and express their emotions, including emotional literacy. This enables us to provide support for children who may be experiencing big emotions they cannot cope with just yet. We support children's self-regulation through carefully planned activities and resources, modelling calming strategies and naming and talking about feelings and by providing opportunities for children to practice their self-regulation skills.

Staff use the promoting positive behaviour policy to ensure a consistent approach.

Staff are able to recognise when a child may need support with their emotions and provide this one to one or in a small group, whichever is more appropriate. Teaching children to recognise and manage their emotions at a young age helps support foundations to do this throughout their life.

Staff Well-being

This policy links to the Health and Safety, Well-being in the setting, Return to Work, Supervisions and Safeguarding and Child Protection and Prevent Duty and Radicalisation policies.

At **GNRC** we promote the good health and well-being of all our staff. Well-being is described in the Oxford English Dictionary as ‘the state of being comfortable, healthy or happy’. As a Setting, we endeavour to support staff well-being, not only to ensure that children receive high quality care, but also to ensure our employees feel supported and cared for, as part of a team.

Mental ill-health is usually caused by a combination of work and non-work related factors. There is a myriad of reasons for mental ill-health; from the pressure of ongoing change at work to longer or more intense hours exacerbated by financial pressures at home, or relationship problems and greater caring responsibilities. Striking the balance between what is considered appropriate results or output, and robust mental health is tricky. We are committed to constantly upskilling ourselves so that we know about how to create and maintain conditions that support and encourage good mental health, as well as recognise the signs of ill health and provide appropriate support.

At **GNRC** we recognise the importance of safeguarding the mental health of all of our employees, by providing a happy and nurturing working environment. With statistics in the UK showing that each week 1 in 6 of us experiences a common mental health problem, we are committed to acknowledging and supporting our staff’s physical and emotional needs.

Our ethos

At **GNRC** we know that the care and education of young children is highly rewarding. However, we are also aware of the day to day demands and pressures of modern life such as family life, financial worries, health concerns and work-life balance; and how these pressures, alongside the role of providing high quality care and education to young children, can place a high level of demand on all of our employees.

In order to support our staff team, we, the management team, will put procedures in place that ensure staff well-being remains one of the key focuses of our practice. In doing this, we aim to provide our team with a safe, inclusive and nurturing working environment that acknowledges their needs, not just within the work place but as a whole person.

Helen Fletcher - Reilly is the named member of staff who leads our setting’s well-being practice. They will offer support on staff well-being and know where to access external support. Helen is also committed to keeping their well-being and mental health knowledge up to date is responsible for our practices; supporting the developing knowledge of the whole staff team, to ensure we are implementing the necessary strategies to safeguard the well-being of our staff.

Procedure to minimise work related stress:

- To ensure staff are supported within the setting, new staff will receive a full induction so they feel competent and capable to carry out their role and responsibilities
- Staff will receive ongoing training, coaching and mentoring to ensure that they are supported to feel confident in their role to minimise stress within the workplace
- Regular supervisions will take place every term in which staff well-being will be discussed and recorded
- Practitioners are respected and valued in their work, whatever their role. Tasks are shared out appropriately according to their role and level of responsibility, the workload is monitored and reviewed on a regular basis
- Staff will be encouraged to have a work-life balance; this will be supported by ensuring the workload is monitored so that it is not necessary for staff to work outside of their scheduled hours. All contributions to work will be valued and celebrated
- We will carefully review our expectations around the amount of paperwork that staff must complete, including observations and assessments of children. We will work as a team to ensure all record keeping is meaningful and kept to an appropriate level so as not to add undue pressure to staff members
- We will work hard to maintain a reflective culture within the setting that encourages feedback from staff about management procedures and working relationships. This reflective culture will support an environment of teamwork, facilitating the involvement of every member of staff in the practice of our setting
- Staff will be encouraged to take their required breaks at appropriate intervals to ensure they have time to rest and recuperate, with time away from busy rooms
- The setting leader/well-being representative are available for staff to come and discuss any issues or concerns
- The setting will ensure that confidential conversations take place in private, away from other staff members and children
- All information will remain confidential or on a needs to know basis to support the facilitation of open and honest conversations. However, where the manager or the well-being representative feels there is a question around the safety of the staff member, they will refer to outside agencies for support and guidance. These measures will be discussed in a sensitive and understanding manner with the staff member, as appropriate
- We actively promote a culture of mutual respect, tolerance and cooperation tolerance, in line with the British values
- Team meetings will support with team development, to raise awareness of mental health and well-being by engaging staff in conversations about how we, as a setting, can be maintaining a supportive environment
- We promote a culture that supports any staff member who is experiencing a mental health related illness and reasonable adjustments will be made to support any staff experiencing stress and any mental health issues
- If the setting is made aware of any member of staff who requires support, a plan for more regular support sessions and adjustments to their working day will

be discussed and decided in partnership with the staff member. This plan will be reviewed regularly and adapted to ensure it is a relevant and appropriate **(See Supporting Staff Members Individually Section)**

- If adjustments are unable to meet the needs of the member of staff or the setting, then further advice support will be sought.
- Staff well-being and staff self-care information is available within designated staff areas
- Leaders and managers support practitioners in a safe culture where bullying, harassment and discrimination will not be tolerated; along with a culture that will challenge and deal with any inappropriate behaviour in a timely manner.

Supporting staff members individually

At GNRC we include well-being as part of our discussions at staff supervision sessions and appraisals. During these sessions, we will work with staff on an individual basis, and have well-being discussions to ascertain any individual well-being needs. Where the Manager and staff member feel it is appropriate, they will draw up an individual action plan, this will include looking at the workload and any stress triggers. With the needs of GNRC also in mind, reasonable adjustments will be made for the member of staff; this could include flexible working agreements, changes in environment, adjustments to jobs role and responsibilities; more frequent breaks, a working buddy, or any other appropriate measure that it is felt could be helpful.

If a member of staff is returning to work after a period of absence, a back to work interview is carried out as per our 'Return to Work Policy.'

We follow all statutory guidance on the safeguarding of our workforce and as stated, if the Manager is concerned about the safety of a member of staff, we will work with the Designated Safeguarding Lead to ask for support from the appropriate external agencies; this is to ensure the continued safety of our workforce at all times.

Overall Approach to Risk Assessment

At **GNRC** we take all reasonable steps to ensure staff and children in our care are not exposed to risks. We promote the safety of children, parents, staff and visitors by reviewing and reducing any risks.

Risk assessments

Risk assessments document the hazards/aspects of the environment that needs to be checked on a regular basis. These include who could be harmed, existing controls, the seriousness of the risk/injury, any further action needed to control the risk, who is responsible for what action, when/how often will the action be undertaken, and how this will be monitored and checked and by whom.

GNRC carries out written risk assessments regularly (at least annually). These are regularly reviewed and cover potential risks to children, staff and visitors at the setting. When circumstances change in the setting, e.g. a significant piece of equipment or new activity/experience is introduced; we review our current risk assessment or conduct a new risk assessment dependent on the nature of this change.

All staff are trained in the risk assessment process to ensure understanding and compliance of how they manage risks.

All outings away from the setting are individually risk assessed and adequately staffed with paediatric first aid trained practitioners. For more details refer to the visits and outings policy.

Hints and tips

Please refer to the Health and Safety Executive's 'Five Steps to Risk Assessment' www.hse.gov.uk/risk/fivesteps.htm for further support with the risk assessment process. The Five Steps to Risk Assessment publication and risk assessment templates can be downloaded from the Health and Safety Executive's website at www.hse.gov.uk

Citation Plc can also offer further support with risk assessments at www.citation.co.uk

This policy was adopted on	Signed on behalf of the setting	Date for review

[Back to the top](#)

Complaints and Compliments

At **GNRC** we strive to provide the highest quality of care and education for our children and families and believe that all parents are treated with care, courtesy and respect.

We hope that at all times parents are happy and satisfied with the quality and service provided and we encourage parents to voice their appreciation to the staff concerned and/or management. We record all compliments and share these with staff.

We welcome any suggestions from parents on how we can improve our services, and will give prompt and serious attention to any concerns that parents may have. Any concerns will be dealt with professionally and promptly to ensure that any issues arising from them are handled effectively and to ensure the welfare of all children, enable ongoing cooperative partnership with parents and to continually improve the quality of the setting.

We have a formal procedure for dealing with complaints where we are not able to resolve a concern. Where any concern or complaint relates to child protection, we follow our Safeguarding/Child Protection Policy.

Internal complaints procedure

Stage 1

If any parent should have cause for concern or any queries regarding the care or early learning provided by GNRC, they should in the first instance take it up with the child's key person or a senior member of staff/room leader. If this is not resolved, we ask them to discuss this verbally with the manager.

Stage 2

If the issue still remains unresolved or parents feel they have received an unsatisfactory outcome, then they must present their concerns in writing as a formal complaint to the manager. The manager will then investigate the complaint in relation to the fulfilment of the EYFS requirements and report back to the parent within **14 working days**. The manager will document the complaint fully and the actions taken and the outcome in relation to it in the complaints log book.

(Most complaints are usually resolved informally at stage 1 or 2.)

Stage 3

If the matter is still not resolved, the setting will hold a formal meeting between the manager, parent and a senior staff member to ensure that it is dealt with comprehensively. GNRC will make a record of the meeting and document any actions. All parties present at the meeting will review the accuracy of the record, and be asked to sign to agree it and receive a copy. This will signify the conclusion of the procedure.

Stage 4

If the matter cannot be resolved to their satisfaction, then parents have the right to raise the matter with Ofsted. Parents are made aware that they can contact Ofsted at any time they have a concern, including at all stages of the complaints procedure, and are given information on how to contact Ofsted. Ofsted is the registering authority for childcare settings in England and investigates all complaints that suggest a provider may not be meeting the requirements of the setting's registration. It risk assesses all complaints made and may visit the setting to carry out a full inspection where it believes requirements are not met.

A record of complaints will be kept in the office of GNRC. The record will include the name of the complainant, the nature of the complaint, date and time complaint received, action(s) taken, outcomes of any investigations and any information given to the complainant including a dated response.

Parents will be able to access this record if they wish to; however, all personal details relating to any complaint will be stored confidentially and will be only accessible by the parties involved. Ofsted inspectors will have access to this record at any time during visits to ensure actions have been met appropriately.

The record of complaints is made available to Ofsted on request. We will follow this procedure for any other compliments and complaints received from visitors to the provider, where applicable.

Contact details for Ofsted:

Email: enquiries@ofsted.gov.uk

Telephone: 0300 123 1231

By post:
Ofsted
Piccadilly Gate
Store Street
Manchester
M1 2WD

Parents will also be informed if GNRC becomes aware that they are going to be inspected and after inspection will provide a copy of the report to parents and/or carers of children attending on a regular basis.

Health and Safety in the Office

At **GNRC** we take the welfare of our employees seriously and put safeguards in place to help protect the health and safety of all employees. This includes any staff who are required to undertake office duties as part of their role including sitting at a computer.

We carry out risk assessments to assess any health and safety risks to employees carrying out office duties and provide appropriate equipment for their role.

Staff using computers can help to prevent health problems in the office by:

- Sitting comfortably at the correct height with forearms parallel to the surface of the desktop and eyes level with the top of the screen
- Maintaining a good posture
- Avoiding repetitive and awkward movements by using a copyholder and keeping frequently used items within easy reach
- Changing position regularly
- Using a good keyboard and mouse technique with wrists straight and not using excessive force
- Making sure there are no reflections or glare on screens by carefully positioning them in relation to sources of light
- Adjusting the screen controls to prevent eyestrain
- Keeping the screen clean
- Reporting to their manager any problems associated with use of the equipment
- Planning work so that there are breaks away from the workstation.

Seating and posture for typical office tasks:

- Good lumbar support from the office seating
- Seat height and back adjustability
- No excess pressure on underside of thighs and backs of knees
- Foot support provided if needed
- Space for postural change, no obstacles should be under the desk
- Forearms approximately horizontal
- Minimal extensions, flexing or straining of wrists
- Screen height and angle should allow for comfortable head position
- Space in front of keyboard to support hand/wrists during pauses in typing.

If an employee requires additional support, please let the manager know as soon as possible.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Fire Safety

At **GNRC** we take reasonable steps to ensure the safety of children, staff and others on the premises in the case of a fire or other emergency through our fire safety policy and emergency evacuation procedures.

The manager makes sure the premises are compliant with fire safety regulations, including following any major changes or alterations to the premises and seeks advice from the local fire safety officer as necessary.

We ensure the premises are compliant with fire safety regulations, including following any major changes or alterations to the premises. The manager, our fire marshal, ensures we have all the appropriate fire detection and control equipment (e.g. fire alarms, smoke detectors, fire blankets and/or fire extinguishers) are in working order and seeks advice from the local fire safety officer as necessary.

They also have overall responsibility for the fire drill and evacuation procedures. These are carried out and recorded for each group of children every three months or as and when a large change occurs, e.g. a large intake of children or a new member of staff joins the setting. These drills are planned to occur at different times of the day and on different days to ensure evacuations are possible under different circumstances and all children and staff participate in the rehearsals.

All staff receive fire safety and evacuation training (including as part of induction) to help them understand their roles and responsibilities. This includes the steps they must take to ensure the safety of children, for example keeping fire doors free from obstruction, how to safely evacuate the children and where the evacuation meeting point is situated. Each room has a specific evacuation plan, which includes information such as evacuating non-mobile babies and using alternative exits depending on where the fire may be situated.

The manager checks fire detection and control equipment and fire exits in line with the timescales within the checklist below.

Fire checklist

	Who checks	How often	Location
Escape route/fire exits (all fire exits must be clearly identifiable)	Manager	Daily	Main room
Fire extinguishers and blankets	School	Monthly	In the room
Smoke/heat alarms	School	Monthly	Ceiling in club room
Fire alarms	School	Monthly	

Fire doors closed, in good repair, doors free of obstruction and easily opened from the inside	School	Daily	
--	--------	-------	--

Registration

An accurate record of all staff and children present in the building must be kept at all times and children/staff must be marked in and out on arrival and departure. An accurate record of visitors is kept in the visitor's book. These records are taken out along with the register and emergency contacts list in the event of a fire.

No smoking/vaping policy

GNRC operates a strict no smoking/vaping policy – please see this separate policy for details.

Fire drill procedure

On discovering a fire:

- Calmly raise the alarm by blowing the whistle
- Immediately evacuate the building under guidance from the manager on duty (Collecting children's room register, where applicable)
- Using the nearest accessible exit lead the children out, assemble in the playground
- Close all doors behind you wherever possible
- Do not stop to collect personal belongings on evacuating the building
- Do not attempt to go back in and fight the fire
- Do not attempt to go back in if any children or adults are not accounted for
- Wait for emergency services and report any unaccounted persons to the fire service/police.

If you are unable to evacuate safely:

- Stay where you are safe
- Keep the children calm and together
- Wherever possible alert the manager of your location and the identity of the children and other adults with you.

The manager/team leader is to:

- Pick up the central children's register, where applicable, staff register, mobile phone, keys, visitor book and fire bag/evacuation pack (containing emergency contacts list, nappies, wipes and blankets)
- Telephone emergency services: dial 999 and ask for the fire service
- In the fire assembly point area – check the children against the register
- Account for all adults: staff and visitors
- Advise the fire service of anyone missing and possible locations and respond to any other questions they may have.

Remember

- Do not stop to collect personal belongings on evacuating the building
- Do not attempt to go back in and fight the fire
- Do not attempt to go back in if any children or adults are not accounted for.

This policy is updated at least annually in consultation with staff and parents and/or after a fire evacuation practice and/or fire.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Safety Checks

At **GNRC** we take reasonable steps to ensure the safety of children, staff and others on the premises including carrying out safety checks on a regular basis in accordance with the timescales.

These include daily safety checks of the premises, indoors and outdoors, and all equipment and resources before the children access any of the areas. The checks are recorded and show any issues and solutions.

All staff should be aware of potential hazards in the environment and monitor safety at all times.

Risk assessments (*refer to the Overall Approach to Risk Assessment policy*)

Risk assessments document the hazard, who could be harmed, existing controls, the seriousness of the risk/injury, any further action needed to control the risk, who is responsible for what action, when/how often will the action be undertaken, and how will this be monitored and checked and by whom.

The setting carries out written risk assessments at least annually. These are regularly reviewed and cover potential risks to children, staff and visitors at the setting. When circumstances change, e.g. a significant piece of equipment is introduced or new activity/experience; we review our current risk assessment or conduct a new risk assessment dependent on the nature of this change.

All staff are trained in the risk assessment process to ensure understanding and compliance of how they manage risks..

All outings away from the setting are individually risk assessed. For more details refer to the visits and outings policy.

Hints and tips

Please refer to the Health and Safety Executive's 'Five Steps to Risk Assessment' located **in the locked cupboard** for further support with the risk assessment process. The Five Steps to Risk Assessment publication and risk assessment templates can be downloaded from the Health and Safety Executive's website at www.hse.gov.uk

Electrical equipment

- All electrical cables are kept out of the reach of children wherever possible and shielded by furniture where they need to be at floor level
- We take a risk-based approach, considering the type of equipment and what it is being used for to make a decision whether to have certain electrical items Portable appliance testing (PAT) tested (as per HSE guidance)
- Electrical sockets are all risk assessed and any appropriate safety measures are in place to ensure the safety of the children.

Dangerous substances

All dangerous substances including chemicals are kept in locked areas out of children's reach. All substances are kept in their original containers with their original labels attached. Safety Data Sheets (Control of Substances Hazardous to Health (COSHH)) and risk assessments are kept for all substances and the appropriate personal protection taken and used e.g. gloves, apron and goggles.

Hot drinks

Hot drinks must only be consumed in areas away from the children and in suitable containers.

Transport and outings

GNRC has a comprehensive documented policy relating to outings, which incorporates all aspects of health and safety procedures including the arrangements for transporting and the supervision of children when away from the setting.

Room temperatures

- Staff should be aware of room temperatures in the building and should ensure that they are suitable at all times and recorded on the appropriate sheet. There is a thermometer in each room to ensure this is monitored
- Staff must always be aware of the dangers of babies and young children being too warm or too cold
- Temperatures should not fall below 16°C
- Where fans are being used to cool rooms, great care must be taken with regard to their positioning.

Water supplies

- A fresh water supply is available and accessible to all children, staff and visitors
- All hot water taps accessible to children are thermostatically controlled to ensure that the temperature of the water does not exceed 40°C.

Gas appliances

- All gas appliances are checked annually by a registered Gas Safety Register engineer
- Carbon monoxide detectors are fitted.

[Back to the top](#)

Manual Handling

At **GNRC** we recognise that there are times when staff need to carry out manual handling especially in relation to lifting babies and young children. Staff must all be aware and adhere to GNRC's manual handling policy to prevent/minimise any injuries can result from poor manual handling. We instruct all staff in correct handling techniques and expect them to follow these to minimise the risks of injury.

We know that lifting and carrying babies and young children is different to carrying static loads and therefore our manual handling training reflects this. All staff will receive training in manual handling within their first year of employment and will receive ongoing training as appropriate.

Preventing injuries

As with other health and safety issues, we recognise that the most effective method of prevention is to remove or reduce the need to carry out hazardous manual handling. Wherever possible, we review the circumstances in which staff have to carry out manual handling and re-design the workplace so that items do not need to be moved from one area to another.

Where manual handling tasks cannot be avoided, for example lifting children, we carry out a risk assessment by examining the tasks and deciding what the risks associated with them are, and how these can be removed or reduced by adding control measures.

Our manual handling assessment considers the following:

- The tasks to be carried out
- The load to be moved (including moving children)
- The environment in which handling takes place
- The capability of the individual involved in the manual handling.

We expect staff to use the following guidance when carrying out manual handling in order to reduce the risk of injury.

Planning and procedure

- Think about the task to be performed and plan the lift
- Consider what you will be lifting, where you will put it, how far you are going to move it and how you are going to get there
- Never attempt manual handling unless you have read the correct techniques and understood how to use them
- Ensure that you are capable of undertaking the task – people with health problems and pregnant women may be at particularly at risk of injury
- Assess the size, weight and centre of gravity of the load to make sure that you can maintain a firm grip and see where you are going
- Assess whether you can lift the load safely without help. If not, get help or use specialist moving equipment e.g. a trolley. Bear in mind that it may be too dangerous to attempt to lift some loads

- If more than one person is involved, plan the lift first and agree who will lead and give instructions
- Plan your route and remove any obstructions. Check for any hazards such as uneven/slippery flooring
- Ensure lighting is adequate
- Control harmful loads – for instance, by covering sharp edges or by insulating hot containers
- Check whether you need any Personal Protective Equipment (PPE) and obtain the necessary items, if appropriate. Check the equipment before use and check that it fits you
- Ensure that you are wearing the correct clothing, avoiding tight clothing and unsuitable footwear
- Consider a resting point before moving a heavy load or carrying something any distance.

Carrying children

- If the child is old enough, ask them to move to a position that is easy to pick up, and ask them to hold onto you as this will support you and the child when lifting
- Do not place the child on your hip, carry them directly in front of you in order to balance their weight equally
- Wherever possible, avoid carrying the child a long distance
- Where a child is young and is unable to hold onto you, ensure you support them fully within your arms
- Avoid carrying anything else when carrying a child. Make two journeys or ask a colleague to assist you
- If a child is struggling or fidgeting whilst you are carrying them, stop, place them back down and use reassuring words to calm the child before continuing
- Students and pregnant staff members will not carry children.

Position for lifting

Stand in front of the load with your feet apart and your leading leg forward. Your weight should be even over both feet. Position yourself, or turn the load around, so that the heaviest part is next to you. If the load is too far away, move toward it or bring it nearer before starting the lift. Do not twist your body to pick it up.

Lifting

Always lift using the correct posture:

- Bend the knees slowly, keeping the back straight
- Tuck the chin in on the way down
- Lean slightly forward if necessary and get a good grip
- Keep the shoulders level, without twisting or turning from the hips
- Try to grip with the hands around the base of the load
- Bring the load to waist height, keeping the lift as smooth as possible.

Moving the child or load

- Move the feet, keeping the child or load close to the body
- Proceed carefully, making sure that you can see where you are going
- Lower the child or load, reversing the procedure for lifting
- Avoid crushing fingers or toes as you put the child or load down

- If you are carrying a load, position and secure it after putting it down
- Make sure that the child or load is rested on a stable base and in the case of the child ensure their safety in this new position
- Report any problems immediately, for example, strains and sprains. Where there are changes, for example to the activity or the load, the task must be reassessed.

The task

- Carry children or loads close to the body, lifting and carrying the load at arm's length increases the risk of injury
- Avoid awkward movements such as stooping, reaching or twisting
- Ensure that the task is well designed and that procedures are followed
- Try never to lift loads from the floor or to above shoulder height. Limit the distances for carrying
- Minimise repetitive actions by re-designing and rotating tasks
- Ensure that there are adequate rest periods and breaks between tasks
- Plan ahead – use teamwork where the load is too heavy for one person.

The environment

- Ensure that the surroundings are safe. Flooring should be even and not slippery, lighting should be adequate, and the temperature and humidity should be suitable
- Remove obstructions and ensure that the correct equipment is available.

The individual

- Never attempt manual handling unless you have been trained and given permission to do so
- Ensure that you are capable of undertaking the task – people with health problems and pregnant women may be particularly at risk of injury.
- Where applicable and age/stage appropriate encourage children to use ladders up to the changing table for nappy changes rather than lifting. Where this is not appropriate always follow the lifting process
- Use cots with a drop down side and avoid bending to lift babies from their cot.

[Back to the top](#)

Healthy Workplace

At **GNRC** we are committed to providing a workplace which supports and encourages a healthy staff team through staff training, health and safety awareness and supervisions.

Dress code

Staff must follow our dress code at all times. The dress code is GNRC blue T-shirt and fleece. Smart trousers/shorts/skirt.

Staff breaks

It is the responsibility of the manager to ensure that all staff working six hours or more take a break of 20 minutes, 30 minutes or 60 minutes dependant on hours worked and ensuring that staff: child ratios are maintained.

Staff under 18 require a break of 30 minutes in circumstances where they work 4.5 hours a day. All breaks are taken away from an employee's normal work area (where possible).

Personal hygiene

Staff must follow the personal hygiene code at all times and encourage children to adopt the same good personal hygiene code themselves.

All hands must be washed before handling food, after using the toilet or toileting children, after playing outside, wiping noses, messy play activities and after contact with animals.

After noses have been wiped the tissue must be disposed of hygienically and hands should be washed.

Cleaning

GNRC is committed to providing a safe, happy and healthy environment for children to play, grow and learn. Cleanliness is an essential element of this practice. The setting is cleaned daily and regular checks are made to the bathrooms. These are cleaned at least daily (more if necessary i.e. at lunch time).. Any mess caused throughout the day is cleaned up as necessary to ensure that a hygienic environment is provided for staff and the children in our care.

Food areas

Staff are made aware of the basic food hygiene standards through appropriate training and this is updated every three years. In addition, we ensure:

- Fridges are cleaned out weekly
- Microwave are cleaned after every use
- Toasters are cleaned after every use
- Freezers are cleaned out every three months and recorded
- All cupboards to be cleaned out monthly
- Fridge and freezer temperatures must be recorded first thing in the morning and late afternoon

- All food to be covered at all times in and out of the fridge and dated to show when each product was opened and then used in date order
- Care must be taken to ensure that food is correctly stored in fridges
- When re-heating food, the temperature is over 75°C, food is checked with the probe thermometer and recorded, then cooled down before serving. Food prepared on the premises must be checked with the probe thermometer before serving
- Food served but not used immediately should be appropriately covered and placed in the fridge/freezer within 60 minutes. If this is not followed, food should be discarded immediately
- All opened packets to be dated when opened and placed in an airtight container e.g. baby food, raisins, cereal etc.
- Blended food should be placed in suitable airtight containers, named and dated
- Surfaces to be cleaned with anti-bacterial spray
- Only appropriate coloured kitchen cloths to be used (please follow the chart on the wall).
- Kitchen bins are emptied when full and at the end of each day

Setting and Club Rooms

- Staff must be aware of general hygiene in the setting and ensure that high standards are kept at all times
- Regular toy washing rotas must be established in all rooms and recorded. Toys are washed with sanitising fluid
- Floors should be cleaned during the day when necessary. Vacuum cleaner bags (where used) should be changed frequently
- Staff are requested to use the appropriate coloured mop for the task or area (see chart on wall) and mop heads should be washed in a separate wash at least weekly
- Low/high chairs must be cleaned thoroughly after every use. Straps and reins must be washed weekly or as required
- All surfaces are kept clean and clutter free
- Children must always be reminded to wash their hands after using the bathroom and before meals. Staff should always encourage good hygiene standards, for example, not eating food that has fallen on the floor
- Staff are positive role models and talk to the Children should learn about good hygiene routines and why they need to wash their hands, wipe their noses and cover their mouths when coughing.

[Back to the top](#)

Environmental Sustainability Policy

At **GNRC** we wish to support children to learn about sustainable practices and foster, respect and care for the living and non-living environment.

Children are able to develop positive attitudes and values about sustainable practices by exploring solutions to environmental issues, learning about the world around them and how to protect it and watching adults role model sustainable practices.

We promote a holistic, open ended curriculum which explores ideas and practices for environmental sustainability and helps children understand the interdependence between people and the environment by:

- helping children to explore nature through art and play
- supporting children to experience the natural environment through natural materials like wood, stone, sand and recycled materials
- supporting the environment by learning how to grow and nurture plants
- helping children to learn about water conservation, energy efficiency and waste reduction through play based activities and adult interactions
- developing a recycling area and encouraging children to share recycling ethos into the home environment.

At GNRC we will embed sustainability into all aspects of the operations including:

- recycling materials for art and creative activities and encouraging parents to bring in their recycling materials for the same use
- ensuring parents recycle children's take home recycled material models if they do not keep them
- considering our carbon footprint when purchasing materials
- shopping local where possible
- turning off equipment and lights when not in use
- using energy saving light bulbs
- not leaving any equipment on standby
- hanging washing out to dry/using clothes horses rather than tumble dryers where possible
- unplugging all equipment at the end of its use/the day
- incorporating water-wise strategies such as ensuring taps are turned off and leaks fixed

Working together with all our parents and partners will help our environment to be more sustainable and make it a better place for our future generations to grow up in.

We assess GNRC's impact on the environment on a regular basis and put procedures in place to counteract this impact.

This policy is reviewed annually and is carefully considered in the best interests of the children, settings and the environment.

[Back to the top](#)

School Collection Policy

As part of our out of school service we offer a school collection service. In order to keep children safe and secure during this transition we will abide by the following procedures:

- A full risk assessment is always being carried out by a senior member of staff to assess the risks or hazards which may arise for the children, and identify steps to be taken to remove, minimise and manage those risks and hazards.
- The risk assessment is based on the usual route and an alternative route in case the usual route is inaccessible.
- Written permission is always be obtained from parents for the school collection
- The school's have a full list of children who are attending the out of school facility together
- All staff will have photo identification to enable the school to release the children to the correct adults
- The staff will have a register which is completed on collection of the children and again once they have returned to the setting
- Children are paired up to walk back to the setting
- Head counts will happen periodically during the walk back to the setting, the frequency is decided in the risk assessment
- We provide appropriate staffing levels for school pick ups dependent on an assessment of the safety and the individual needs of the children
- All staff will be easily recognisable by other members of the group; they will wear the uniform
- At least one member of staff will hold a valid and current paediatric first aid certificate and this will be increased where risk assessment of proposed activity deems it necessary
- A fully stocked first aid box will always be taken along with any special medication or equipment required
- A fully charged mobile phone will be taken as a means of emergency contact
- In the event of an accident, staff will assess the situation. In the event of a serious accident an ambulance will be called to the scene, and parents will be contacted. One member of staff will accompany the child to the hospital, and the rest of the group will return to the setting
- The safeguarding policy will be followed at all times including the procedure to follow in the case of a disclosure during the journey to the setting.

Risk assessment

The full risk assessment will be displayed for parents to see before giving consent. This plan will include the following details of:

- The name of the designated person in charge
- The estimated time of departure and arrival at all times including the procedure to follow
- The number of children, age range, ratio of staff to children, children's individual needs and the group size
- The equipment needed, i.e. first aid kit, mobile phone
- setting contact numbers

- Emergency procedures
- at all times including the procedure to follow
- The name of the designated first aider and the first aid provision

Lost children

In the event of a child being lost, the Lost Child Procedure will be followed. Any incidents or accidents will be recorded in writing and Ofsted will be contacted and informed of any incidents.

If a child runs off or leaves the main group for any reason a staff member will only follow if the safety of the other children in the group is not compromised. If the staff are unable to follow or catch up with the child then the police will be called immediately, followed by the child's emergency contacts. The main setting will be contacted following this and asked to assist where possible.

The safety of all children is paramount at all times.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Lost Child Procedure from GNRC

At GNRC we take all reasonable steps to ensure the safety of children on the premises, we only release children into the care of individuals who have been notified us by the parent and have safety systems in place to ensure that children do not leave the premises unsupervised (include your specific safety measures here e.g. high handles, double doors, intercom systems, locks etc.)

In the unlikely event of a child going missing within/from the setting, we have the following procedure which will be implemented immediately:

- All staff will be aware of the procedure when a child goes missing and supply information to support the search, e.g. a recent photograph and a detailed description of clothing
- The manager will be informed immediately and all staff present will be informed. Some staff will be deployed to start an immediate thorough search of the setting, followed by a search of the surrounding area, whilst ensuring that some staff remain with the other children so they remain supervised, calm and supported throughout
- The manager will call the police as soon as they believe the child is missing and follow police guidance. The parents of the missing child will also be contacted
- A second search of the area will be carried out
- During this period, available staff will be continually searching for the missing child, whilst other staff maintain as near to normal routine as possible for the rest of the children in the setting
- The manager will meet the police and parents
- The manager will then await instructions from the police
- In the unlikely event that the child is not found GNRC will follow the local authority and police procedure
- Any incidents must be recorded in writing as soon as practicably possible including the outcome, who was lost, time identified, notification to police and findings
- Ofsted must be contacted and informed of any incidents
- With incidents of this nature parents, carers, children and staff may require support and reassurance following the traumatic experience. Management will provide this or seek further support where necessary
- In any cases with media attention staff will not speak to any media representatives
- Post-incident risk assessments will be conducted following any incident of this nature to enable the chance of this reoccurring being reduced
- Internal use only.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

No Smoking/Vaping Policy

At **GNRC** we are committed to promoting children's health and well-being. This is of the upmost importance for GNRC. Smoking and the use of e-cigarettes has proved to be a health risk and therefore in accordance with legislation, GNRC operates a strict no smoking/vaping policy within its buildings and grounds. It is illegal to smoke in enclosed places.

All persons must abstain from smoking/vaping while on the premises. This applies to staff, students, parents, carers, contractors and any other visitors to the premises.

Staff accompanying children outside the setting, are not permitted to smoke. We also request that parents accompanying children on outings refrain from smoking while caring for the children.

Staff must not smoke/vape while wearing GNRC uniform as it is essential that staff are positive role models to children and promote a healthy lifestyle. If staff choose to smoke/vape during breaks they are asked to change into their own clothing and smoke/vape away from the main entrance.

We respect that smoking/vaping is a personal choice, although as an organisation we support healthy lifestyles. We follow Public Health England advice and aim to help staff and parents to stop smoking/vaping by:

- Providing factsheets and leaflets
- Providing information of local help groups
- Providing details of the NHS quit smoking helpline - www.smokefree.nhs.uk
- Offering information regarding products that are available to help stop smoking
- Offering in-house support.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Alcohol and Substance Misuse

At **GNRC** we are committed to taking all necessary steps to keep children safe and well. This includes making sure that children are not exposed to adults who may be under the influence of alcohol or other substances that may affect their ability to care for them.

This policy is in line with the Health and Safety at Work Act 1974 and The Misuse of Drugs Act 1971. This should be read in conjunction with the Safeguarding and Child Protection Policy, Staff disciplinary Policy and Suitability of Staff Policy.

Alcohol

Under the Health and Safety at Work Act 1974, companies have a legal requirement to provide a safe working environment for all of their employees.

Anyone who arrives at the setting clearly under the influence of alcohol will be asked to leave. If they are a member of staff, the manager will investigate the matter and will initiate the disciplinary process as a result of which action may be taken, including dismissal. Staff can still be under the influence of alcohol the day after the night before and staff should be aware of this, ensuring this is not the case when starting work.

If they are a parent the manager/designated safeguarding officer will judge if the parent is suitable to care for the child. This may involve calling the second contact on the child's registration form to collect them. If a child is thought to be at risk the setting will follow the safeguarding children/child protection procedure. If anyone arrives at the setting in a car under the influence of alcohol the police will be contacted.

Staff, students, parents, carers, visitors, contractors etc. are asked not to bring alcohol on to the premises.

Substance misuse

Anyone who arrives at the setting under the influence of illegal drugs, or any other substance including medication, that affects their ability to care for children, will be asked to leave the premises immediately.

If they are a member of staff, an investigation will follow which may lead to consideration of disciplinary action, as a result of which dismissal could follow.

If they are a parent the manager/designated safeguarding lead will judge if the parent is suitable to care for the child. This may involve calling the second contact on the child's registration form to collect them. If a child is thought to be at risk the manager will follow the safeguarding children/child protection procedure.

The manager will contact the police if anyone (including staff, students, volunteers, contractors and visitors) is suspected of being in possession of illegal drugs or if they are driving or may drive when under the influence of illegal drugs. If they are a member of staff serious disciplinary procedures will be followed.

If a member of staff is taking medication that may affect their ability to care for children, they must seek medical advice and inform the manager as soon as possible to arrange for a risk assessment to take place. This will ensure that staff members only work directly with children if medical advice confirms that the medication is unlikely to impair that staff member's ability to look after the children properly.

Any medication on the premises is stored securely, and out of reach of children, at all times.

If there are concerns around a member of staff who may have a drug or alcohol problem, but there is no evidence

If the setting suspects there may be an issue with drugs or alcohol (either from observations, including poor performance, changes in behaviour and/or sickness; and/or staff feedback but there is no evidence that it is happening during working hours or that they are arriving at work under the influence of drugs or alcohol a meeting will be held with the member of staff and manager to investigate the health concerns.

Support and referral to appropriate services may be offered to the staff member, if this is considered appropriate.

Confidentiality will be maintained at all times.

The staff member will be reminded of the disciplinary procedures that will apply if they attend work under the influence of drugs or alcohol..

Safeguarding/child protection

If a parent or carer is clearly over the alcohol limit, or under the influence of illegal drugs and it is believed the child is at risk we will follow our safeguarding/child protection procedures, contact Local Authority children's social care team and the police.

Staff will do their utmost to prevent a child from travelling in a vehicle driven by them and if necessary, the police will be called.

Where an illegal act is suspected to have taken place, the police will be called.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	Selena Fletcher	30.09.25

Equipment and Resources

At **GNRC** we organise the premises and equipment to meet the needs of all the children. We provide a wide range of high quality equipment and resources to support the delivery of our early years curriculum. We take reasonable steps to ensure the safety of children and ensure they are not exposed to risks.

To ensure this occurs within the setting, including in our outdoor areas, we provide:

- Play equipment and resources which are safe and, where applicable, conform to the European Standards for Playground Equipment: EN 1176 and EN 1177, BS EN safety standards or Toys (Safety) Regulation (1995)
- A sufficient quantity of equipment and resources for the number of children registered in the setting
- Involve the children in decision making about new resources and equipment, where possible
- Provide resources to meet children's individual needs and interests
- Provide resources which promote all areas of children's learning and development
- A wide range of books, equipment and resources which promote positive images of people of all races, cultures, ages, gender and abilities, are non-discriminatory and do not stereotype
- Play equipment and resources which promote continuity and progression, provide sufficient challenges and meet the needs and interests of all children
- Sufficient storage so resources and equipment can be displayed for children to independently choose and/or stored away safely and then rotated
- Appropriate risk assessments and checks on all resources and equipment before first use to identify any potential risks and again regularly at the beginning and end of every session.

Cleaning and maintaining of all resources and equipment. We repair or replace any unsafe, worn out, dirty or damaged equipment whenever required

- An inventory of resources and equipment. This records the date on which each item was purchased and the price paid for it
- An evaluation of the effectiveness of the resources including the children's opinions and interests
- Role models and discussions to ensure that all children respect the equipment and resources and encourage them to put them back where they belong after use. We will often use silhouettes or pictures to support the children to do this.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Critical Incident

At **GNRC** we understand we need to plan for all eventualities to ensure the health, safety and welfare of all the children we care for. With this in mind we have a critical incident policy in place to ensure our setting is able to operate effectively in the case of a critical incident. These include:

- Flood
- Fire
- Burglary
- Abduction or threatened abduction of a child
- Bomb threat/terrorism attack
- Any other incident that may affect the care of the children in the setting.

If any of these incidents impact on the ability of the setting to operate, we will contact parents via phone, email or text message at the earliest opportunity, e.g. before the start of the day.

Flood

There is always a danger of flooding from adverse weather conditions or through the water/central heating systems. We cannot anticipate adverse weather; however, we can ensure that we take care of all our water and heating systems through regular maintenance and checks to reduce the option of flooding in this way. Our central heating systems are checked and serviced annually by a registered gas engineer and they conform to all appropriate guidelines and legislation.

If flooding occurs during the day, the manager will make a decision based on the severity and location of this flooding, and it may be deemed necessary to follow the same procedure as the fire evacuation procedure. In this instance children will be kept safe and parents will be notified in the same way as the fire procedure (see Fire Safety Policy).

Fire

Please refer to the fire safety policy.

Burglary

The staff of the setting follow a lock up procedure which ensures all doors and windows are closed and locked before vacating the premises.

The manager or most senior member of staff on site, will always check the premises as they arrive in the morning. Should they discover that the setting has been broken into they will follow the procedure below:

- In an emergency, dial 999 or non-emergency dial 101 with as many details as possible, i.e. name and location, details of what you have found and emphasise this is a childcare setting and children will be arriving soon
- Contain the area to ensure no-one enters until the police arrive.
- Where it is safe to do so, the staff will direct parents and children to a separate area as they arrive. If all areas have been disturbed staff will follow police advice. This may include temporary short term closure and/or following the

relocation procedure under the flood section wherever necessary to ensure the safety of the children

- The manager on duty will help the police with enquiries, e.g. by identifying items missing, areas of entry etc.
- A manager will be available at all times during this time to speak to parents, reassure children and direct enquires
- Management will assess the situation following a theft and ensure parents are kept up to date with developments relating to the operation of the setting.
- Arrangements will be made to ensure the setting is made safe and secure again.

Abduction or threatened abduction of a child

We have secure safety procedures in place to ensure children are safe while in our care, including taking reasonable steps to ensure that children do not leave the premises unsupervised and to prevent unauthorised persons entering the premises and at risk of safety from abduction. Staff are vigilant at all times and report any persons lingering on property immediately. All doors and gates to the setting are locked and cannot be accessed unless staff members allow individuals in. Parents are reminded on a regular basis not to allow anyone into the building whether they are known to them or not. We also have visual reminders about closing the door behind them to prevent tailgating (another person accessing entry behind them). Visitors and general security are covered in more detail in the supervision of visitor's policy.

Children will only be released into the care of a designated adult; see the arrivals and departures policy for more details. Parents are requested to inform GNRC of any potential custody proceedings or family concerns as soon as they arise so the setting is able to support the child. GNRC will not take sides in relation to any custody battle and will remain neutral for the child. If an absent parent arrives to collect their child, GNRC will not restrict access **unless** a court order is in place. Parents are requested to issue the setting with a copy of these documents should they be in place. We will consult our solicitors with regards to any concerns over custody arrangements and relay any information back to the parties involved.

If a member of staff witnesses an actual or potential abduction from the setting we have the following procedures which are followed immediately:

- The staff member will notify management immediately and the manager will take control, dialling 999 and requesting the police, instructions from the emergency response team will be followed
- The parent(s) will be contacted
- All other children will be kept safe and secure reassured and calmed down where necessary
- The police will be given as many details as possible including details of the child, description of the abductor, car registration number if used, time and direction of travel if seen and any family situations that may have impacted on this abduction.
- Any incidents must be recorded in writing as soon as practicably possible including the outcome, who was abducted, time identified, notification to police and findings

- In the unlikely event that the child is not found, the setting will follow the local authority and police procedure
- Ofsted will be contacted and informed of any incidents
- With incidents of this nature parents, carers, children and staff may require support and reassurance following the traumatic experience. Management will provide this or seek further support where necessary
- In any cases with media attention staff will not speak to any media representatives
- Post-incident risk assessments will be conducted following any incident of this nature to enable the chance of this reoccurring being reduced.

Bomb threat/terrorism attack

If a bomb threat is received at the nursery, the person taking the call will record all details given over the phone as soon as possible and raise the alarm/contact emergency services as soon as the phone call has ended. The management will follow the fire evacuation procedure and guidance from the emergency services to ensure the safety of all on the premises. The person who took the call will provide as much detail to the emergency services as possible. Ofsted will be notified. With incidents of this nature parents, carers, children and staff may require support and reassurance following the traumatic experience. Management will provide this or seek further support where necessary.

Any other significant incidents

All incidents will be managed by the manager on duty and all staff will co-operate with any emergency services on the scene, where applicable. The fire evacuation procedure will be followed for any other incident that requires an emergency evacuation. Other incidents e.g. no water supply, will be dealt with on an individual basis taking into account the effect on the safety, health and welfare of the children and staff in the setting.

The manager will notify Ofsted in the event of a critical incident.

National outbreaks of infection/Health Pandemics

In the event of a national outbreak of a health pandemic, we will follow Government health advice and guidance, legal advice and advice from our insurance provider.

The setting will remain open as long as we have sufficient staff to care for the children. Depending on the nature of the pandemic we will follow all advice and implement measures to ensure that risks to vulnerable children and staff are minimised. This may include excluding infected children/staff/parents or family members from the setting for a set period of time, to prevent the spread of infection. This decision will be done in consultation with parents, staff, legal advice and our insurance provider. Each case will be reviewed on an individual basis.

The manager will notify Ofsted in the event of a critical incident.

This policy was adopted on	Signed on behalf of the setting	Date for review

[Back to the top](#)

Lock Down Policy

We take all reasonable steps to ensure the safety of children, staff and others on the premises, in the event of an emergency requiring a full lock down we will follow the lock down procedure:

Lock down procedure

We will use the lock down procedure when the safety of the children, staff and others on the premises are at risk and we are better placed inside the current building, with doors and windows locked and blinds/curtains drawn.

We will activate this emergency procedure in response to a number of situations, but some of the more typical might be:

- A report incident or disturbance in the local community (with potential to pose a risk to staff and children in our care)
- An intruder on the site (with potential to pose a risk to staff and children)
- A warning being received regarding a risk locally, of air pollution (smoke plumes, gas cloud etc.)
- A major fire or explosion in the vicinity of the setting – as long as it is safer staying in the premises than leaving.

In this case the staff will be notified by the following action:

3 Whistles blown

All individuals (including children) will remain in the area they are in, if safe to do so. If the children are outside, staff are to promptly and calmly direct children into the building, if this will not endanger them. Staff will make efforts to close and lock doors wherever safe to do so.

All individuals will keep away from the windows and doors and children will be occupied in the centre of the room so they are not placed at risk or are able to see any situation developing outside.

The manager will ensure all children, staff and visitors are accounted for and safe before returning to the office area to keep up to date with the current situation via updates.

The manager on duty will manage the situation dependant on the situation and the information available. If the setting is in immediate danger of an intruder, the police will be called as a matter of urgency. In other cases where the situation has been alerted by the police or local area authority then the setting will await further instructions.

Once the all clear has been given externally the manager will issue the all clear internally. After this time the staff will try to return to normal practice to enable the children not to be disrupted or upset by the events.

Parents will be informed about the situation at the earliest safest opportunity and will be kept updated when the information changes.

After the event a post-incident evaluation will be conducted to ensure that each child and staff member was supported fully and the procedure went as planned. Ofsted will be informed.

This policy was adopted on	Signed on behalf of the setting	Date for review

Adverse Weather

At **GNRC** we have an adverse weather policy in place to ensure GNRC is prepared for all weather conditions that might affect the running of the setting such as floods, snow and heat waves.

If any of these incidents impact on the ability of the setting to open or operate, we will contact parents via phone or email.

We will not take children outdoors where we judge that weather conditions make it unsafe to do so.

Flood

In the case of a flood we will follow our critical incident procedure to enable all children and staff to be safe and continuity of care to be planned for.

Snow or other severe weather

If high snowfall, or another severe weather condition such as dense fog, is threatened during the day then the manager will take the decision as to whether to close. This decision will take into account the safety of the children, their parents and the staff team. In the event of a planned closure during the setting day, we will contact all parents to arrange for collection of their child.

In the event of staff shortages due to snow or other severe weather conditions we will follow the snow plan. The staff present during a snow period will ensure they only let in the number of children that ratio's allow. This means that children will be let in to the setting on a first come first serve basis, however, parents should be close by in case of closure.

Heat wave

Staff will make day-to-day decisions about the length of time spent outside depending on the strength of the sun; children will not be allowed in the direct sunlight between 11.00am – 3.00pm on hot days. Shaded areas are provided to ensure children are able to still go out in hot weather, cool down or escape the sun should they wish or need to. For further details please refer to our sun care policy.

Supervision of Children

At **GNRC** we have suitable staffing arrangements to meet the needs of all children and ensure their safety. The manager is responsible for all staff, students and relief/agency staff receiving information on health and safety policies and procedures in the setting in order to ensure they are adequately supervising the children, including whilst they are eating.

Supervision

We ensure that children are supervised adequately at all times, whether children are in or out of the building , including eating through:

- Appropriately deploying staff members meeting the ratio and qualification requirements to ensure children' needs are met and continuing to monitor this across the setting regularly. This includes informing parents and/or carers about staff deployment, and, when relevant and practical involving them in these decisions
- Making sure that every child is always within the sight and/or hearing of a suitably vetted member of staff
- Completing registers as soon as soon children enter and leave the premises and carrying out head counts throughout the day
- Risk assessing activities/experiences and equipment to ensure children are not exposed to unnecessary risks, including removal of any choking hazards and fully supervising any activities that may pose this risk
- Ensuring children are fully supervised at all times when using water play/paddling pools as we are aware that children can drown in only a few centimetres of water
- Taking special care when children are using large apparatus e.g. a climbing frame, and when walking up or down steps/stairs
- Support children to identify, minimise and manage risks in their play
- Making sure staff recognise and are aware of any dangers relating to bushes, shrubs and plants when on visits/outdoors
- Supervising children at all times when eating; monitoring toddlers and babies closely
- Never leaving babies/children unattended during nappy changing times
- Supervising children carefully when using scissors or tools, including using knives in cooking activities where this is required
- Increasing staff: child ratios during outings to ensure supervision and safety (please refer to Outings policy)
- Strictly following any safety guidelines given by other organisations or companies relating to the hire of equipment or services e.g. hire of a bouncy castle and a member of staff **MUST** supervise the children at all times.

This policy was adopted on	Signed on behalf of the setting	Date for review

[Back to the top](#)

Supervisions

At **GNRC** we implement a system of supervision for all of our staff following their induction and probation period. Supervision is part of the setting's overall performance management system and promotes a culture of mutual support, teamwork and continuous improvement. It encourages the confidential discussion of sensitive issues including the opportunity for staff and their managers to:

- Discuss any issues – particularly concerning children's development or well-being, including child protection concerns
- Identify solutions to address issues as they arise
- Receive coaching to improve their personal effectiveness
- Develop their own skills/training needs in order to progress in their role
- Discuss any concerns relating to changes in personal circumstances that might affect an individual's ability/suitability to work with children. (This should include any incidents resulting in a reprimand, caution or prosecution by the police, any court orders or changes to their health. These changes are recorded as a declaration on the individual member of staff's supervision form and appropriate action is taken, where applicable, in line with the safeguarding/child protection and disciplinary procedure).

The frequency of supervision meetings is termly according to individual needs. A template agenda is used in all meetings to ensure consistency across the setting. This clearly sets out who does what and the timeframe, i.e. what the manager is responsible for and what the practitioner needs to do.

There should always be something that a member of staff can discuss, e.g. a particular child's development, strengths or concerns. However, if there are times where staff may be struggling to identify areas to discuss in a supervision we will ask them to identify three things they have enjoyed about their job/done well since the last supervision and one thing they have least enjoyed/requires further improvement. They will be asked to complete this prior to supervision (as set out in their responsibilities).

There may be times when supervision may be increased for members of the team as and when needed, i.e. if they have particular concerns about a child or if they are going through personal circumstances at home, for new starters, staff returning after long-term illness, on request from staff.

It is the responsibility of the manager to plan time to ensure that all staff have supervisions.

At **GNRC** supervision's is carried out by the manager If for any reason a supervision is cancelled a new date will be rearranged within 7 days.

All members of staff responsible for carrying out supervisions are trained and supported prior to carrying these out.

Staff have a responsibility to ensure that they are available for supervision meetings and that the necessary paperwork is complete. Information shared in supervision sessions is confidential. The supervision process will be evaluated once/twice a year through staff feedback and is used as part of the overall performance monitoring system at the setting.

This policy was adopted on	Signed on behalf of the setting	Date for review
<i>30.11.22</i>	<i>Selena Fletcher</i>	<i>30.09.25</i>

Supervision of Visitors

At **GNRC** we take all reasonable steps to ensure the safety of children in our care.. This includes making sure any visitors to the setting are properly identified and supervised at all times.

All visitors must sign the visitors' book on arrival and departure.

Visitors may include prospective parent/carers, other professionals e.g. local authority workers, Ofsted inspectors, people in the community that may come to talk to the children e.g. librarians, contractors to complete work, deliveries etc.

Where applicable, we ask visitors to book in advance, so arrangements can be made to accompany them. Identity is checked of any visitors attending in a professional capacity e.g. Ofsted inspectors, speech and language therapists.

All visitors are informed of any relevant policies including the fire evacuation procedure and mobile phone, camera and other recording devices policy including use of smartwatches.

We give each visitor a visitor's badge to wear to identify themselves to staff and parents within the setting. A member of staff must accompany visitors in the setting at all times while in the building; at no time should a visitor be left alone with a child unless under specific circumstances arranged previously with the manager.

Security

- Staff must check the identity of any visitors they do not recognise before allowing them into the main setting. Visitors to the setting must be recorded in the Visitors' Book and accompanied by a member of staff at all times while in the building
- All external doors must be kept locked at all times and external gates closed. All internal doors and gates must be kept closed to ensure children are not able leave the setting unattended
- Staff, parents, visitors and students are reminded not to hold doors open or allow entry to any person, whether they know this person or not. Staff within the setting should be the only people allowing external visitors and parents entry to the setting
- GNRC will under no circumstances tolerate any form of harassment from third parties, including visitors, towards others, including children, staff members and parents. The police may be called in these circumstances.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Personnel

Our personnel policy refers to our rules of conduct to support the relationship with employees in the attainment of GNRC objectives.

At **GNRC** we aim to have a high quality staff team that act at all times in the best interests of children's safety and welfare. To achieve this we have a range of policies to support the recruitment, development and retention of staff.

GNRC's policies in respect of personnel are governed by the following:

- The best interests of the children, their welfare, safety, care and development
- The statutory requirements of the Early Years Foundation Stage
- The individual needs of the children including maintaining continuity of care
- Compatibility between all members of staff and the building of a good team spirit
- Consideration of the advancement of each member of staff both by internal and external training to help them achieve their maximum potential
- Equal pay for work of equal value
- Compliance with the current legislation including the principles of the Equality Act 2010 and all current legislation governing discrimination.

We will ensure:

- The provision of a person specification and job description for every member of staff prior to an interview
- All interviews will follow our recruitment procedures to ensure safe and fair and non-discriminatory recruitment occurs
- The provision of a statement of terms and conditions and contract for every member of staff in employment (contract to be received by new employee on the first day of employment)
- Prior to commencement of employment, the successful applicant shall be provided with an offer letter (conditional on an enhanced Disclosure and Barring Service (DBS) clearance and satisfactory references) with the induction procedure and any details of other information relevant for their first day of work
- New members of staff will be provided with copies of all the policies and procedures and we will ensure their understanding and adherence to these over an induction period. They will receive induction training including information about emergency evacuation procedures, safeguarding, child protection, and health and safety issues
- All staff receive effective supervision including support, coaching and training to promote the best interests of children. Staff are also provided with ongoing training and professional development opportunities to ensure they offer quality learning and development experiences for children that continually improves
- We promote staff well-being (see Well-being for Staff Policy) and foster team working through regular meetings and team events/outings
- Discrimination or harassment of any member of staff relating to sex, race, sexual orientation, gender, gender reassignment, age, religion or belief and

disability will not be acceptable. This includes unwanted verbal or physical third party harassment by those not employed by GNRC.

This policy is reviewed at least annually in consultation with staff.

This policy was adopted on	Signed on behalf of the setting	Date for review

Staff Development and Training

At **GNRC** we value our staff highly. We believe that ongoing personal and professional development is essential for maintaining the delivery of high-quality care and learning and development opportunities for children in their early years. It underpins all aspects of positive interactions and activities planned for children.

The overall quality of our setting is underpinned by our staff having the appropriate qualifications, training, skills, knowledge, and a clear understanding of their roles and responsibilities.

Every staff member is given the opportunity to further develop their training, knowledge and skills through a comprehensive and targeted programme of professional development. High-quality professional supervision is also provided, this provides each staff member with support, coaching and training and promotes the interests of children. Each meeting is planned based on individual performance related targets, consistent and sharply focused observation and evaluations of the impact of staff's practice.

We ensure that **70%** of staff are qualified to Level 3 (or equivalent) or above in childcare and education or Early Years Educator. Other staff working at the setting will either be qualified to Level 2 or undertaking training. Where necessary staff will be supported to achieve GCSE grade C and above in Maths and English for the completion of the Early Years Educator.

We strongly promote continuous professional development and all staff have individual training records and training plans to enhance their skills and expertise, which are based on discussions at supervision meetings and appraisal meetings. We have a training budget which is set annually and reviewed to ensure that the team gain external support and training where needed.

To facilitate the development of staff we:

- Coach, mentor, lead and offer encouragement and support to achieve a high level of morale and motivation
- Promote teamwork through ongoing communication, involvement and a no blame culture to enhance GNRC's practice
- Provide opportunities for delegation based on skills and expertise to offer recognition and empower staff
- Encourage staff to contribute ideas for change within GNRC and hold regular staff meetings and team meetings to develop these ideas. Regular meetings are also held to discuss strategy, policy and activity planning
- Encourage staff to further their experience and knowledge by attending relevant external training courses
- Encourage staff to pass on their knowledge to those who are less experienced and share knowledge from external training with small groups of staff within GNRC
- Provide regular in-house training relevant to the needs of GNRC

- Carry out regular half termly supervision meetings with all staff. These provide opportunities for staff to discuss any issues particularly concerning children's development or well-being, identify solutions to address issues as they arise and receive coaching to improve their personal effectiveness. Staff appraisals are carried out annually where objectives and action plans for staff are set out, while also identifying training needs according to their individual needs
- Carry out training need analyses for all individual staff, the team as a whole, and for GNRC every six months
- Promote a positive learning culture within GNRC
- Offer annual team building training
- Carry out full evaluations of all training events and use these to evaluate the training against the aims set to enable the development of future training programmes to improve effectiveness and staff learning
- Provide inductions to welcome all new staff and assign a 'work buddy' to coach, mentor and support new staff
- Offer ongoing support and guidance
- Offer varied information sources including membership of local and national organisations, resources, publications and literature to all staff.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Data Protection and Confidentiality

At **GNRC** we recognise that we hold sensitive/confidential information about children and their families and the staff we employ. This information is used to meet children's needs, for registers, invoices and emergency contacts. We store all records in a locked cabinet or on the office computer with files that are password protected in line with data protection principles. Any information shared with the staff team is done on a 'need to know' basis and treated in confidence. This policy will work alongside the Privacy Notice to ensure compliance under General Data Protection Regulation (Regulation (EU) 2016/679 (GDPR) Data Protection Act 2018.

Legal requirements

- We follow the legal requirements set out in the Statutory Framework for the Early Years Foundation Stage (EYFS) 2021 and accompanying regulations about the information we must hold about registered children and their families and the staff working at GNRC
- We follow the requirements of the General Data Protection Regulation (Regulation (EU) 2016/679 (GDPR) Data Protection Act 2018 and the Freedom of Information Act 2000 with regard to the storage of data and access to it.

Procedures

It is our intention to respect the privacy of children and their families and we do so by:

- Storing confidential records in a locked filing cabinet or on the office computer with files that are password protected
- Ensuring staff, student and volunteer inductions include an awareness of the importance of the need to protect the privacy of the children in their care as well as the legal requirements that exist to ensure that information relating to the child is handled in a way that ensures confidentiality. This includes ensuring that information about the child and family is not shared outside of GNRC other than with relevant professionals who need to know that information. It is not shared with friends and family, discussions on the bus or at the local bar. If staff breach any confidentiality provisions, this may result in disciplinary action and, in serious cases, dismissal. Students on placement in the setting are advised of our confidentiality policy and required to respect it
- Ensuring that all staff, volunteers and students are aware that information about children and families is confidential and only for use within the setting and to support the child's best interests with parental permission
- Ensuring that parents have access to files and records of their own children but not to those of any other child, other than where relevant professionals such as the police or local authority children's social care team decide this is not in the child's best interest
- Ensuring all staff are aware that this information is confidential and only for use within the setting. If any of this information is requested for whatever reason, the parent's permission will always be sought other than in the safeguarding circumstances above
- Ensuring staff do not discuss personal information given by parents with other members of staff, except where it affects planning for the child's needs
- Ensuring staff, students and volunteers are aware of and follow our social networking policy in relation to confidentiality

- Ensuring issues concerning the employment of staff remain confidential to the people directly involved with making personnel decisions
- Ensuring any concerns/evidence relating to a child's personal safety are kept in a secure, confidential file and are shared with as few people as possible on a 'need-to-know' basis. If, however, a child is considered at risk, our safeguarding/child protection policy will override confidentiality.
- We will ensure staff have due regard to the relevant data protection principles, which allow them to share (and withhold) personal information, as provided for in the Data Protection Act 2018 and the GDPR. This includes:
Being confident of the processing conditions which allow them to store and share information for safeguarding purposes, including information which is sensitive and personal, and should be treated as 'special category personal data.'
Understanding that 'safeguarding of children and individuals at risk' is a processing condition that allows practitioners to share special category personal data. This includes allowing practitioners to share information without consent where there is good reason to do so, and that the sharing of information will enhance the safeguarding of a child in a timely manner but it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk.

All the undertakings above are subject to the paramount commitment of GNRC, which is to the safety and well-being of the child.

General Data Protection Regulation (Regulation (EU) 2016/679 (GDPR) compliance

In order to meet our requirements under GDPR we will also undertake the following:

1. We will ensure our terms & conditions, privacy and consent notices are easily accessed/made available in accurate and easy to understand language
2. We will use your data to ensure the safe, operational and regulatory requirements of running GNRC. We will only contact you in relation to the safe, operational and regulatory requirements of running our setting. We will not share or use your data for other purposes. Further detail can be found in our GDPR policy.
3. Everyone in our setting understands that people have the right to access their records or have their records amended or deleted (subject to other laws and regulations).
4. We will ensure staff have due regard to the relevant data protection principles, which allow them to share (and withhold) personal information, as provided for in the Data Protection Act 2018 and the GDPR. This includes:
 - Being confident of the processing conditions which allow them to store and share information for safeguarding purposes, including information which is sensitive and personal, and should be treated as 'special category personal data.'
 - Understanding that 'safeguarding of children and individuals at risk' is a processing condition that allows practitioners to share special category personal data. This includes allowing practitioners to share information without consent where there is good reason to do so, and that the sharing of information will enhance the safeguarding of a child in a timely manner but it

is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk.

•

Staff and volunteer information

- All information and records relating to staff/volunteers will be kept confidentially in a locked cabinet
- Individual staff may request to see their own personal file at any time.

[Back to the top](#)

Recruitment, Selection and Suitability of Staff Policy

At **GNRC** we are vigilant in our recruitment procedures aiming to ensure that all people working looking after children are suitable to fulfil the requirements of their role. We have effective systems in place to ensure that practitioners and any other person who may have regular contact with children are suitable.

We follow this procedure each and every time we recruit a new member of staff to join our team.

Legal requirements

- We abide by all legal requirements relating to safe recruitment set out in the Statutory Framework for the Early Years Foundation Stage (EYFS) and accompanying regulations including our legal responsibilities under the Equality Act 2021
- We also follow any requirements or guidance given by the Disclosure and Barring Service (DBS) in relation to carrying out checks; and abide by the employer's responsibilities relating to informing the DBS of any changes to the suitability of their staff, whether this member of staff has left the nursery or is still under investigation. Please refer to the child protection/safeguarding policy for further information.

Advertising

- We use *Indeed, Facebook, WSCC and Day Nurseries* to advertise for any vacancies
- We ensure that all recruitment literature includes details of our equal opportunities policy and our safe recruitment procedures; including an enhanced DBS check and at least two independent references for every new employee. We also include the requirement for an additional criminal records check (or checks if more than one country) for anyone who has lived or worked abroad.

Interview stage

- We shortlist all suitable candidates against a pre-set specification and ensure all applicants receive correspondence regardless of whether they are successful in reaching the interview stage or not
- All shortlisted candidates receive a job description, a person specification, an equal opportunities monitoring form and a request for identification prior to the interview
- The manager decides the most appropriate people for the interview panel. There will be at least two people involved and both are involved in the overall decision making
- At the start of each interview all candidates' identities are checked using, for example, their passport and/or photo card driving licence. All candidates are

required to prove they are eligible to work in the UK. The interview will also cover any gaps in the candidate's employment history

- All candidates reaching the interview stage are questioned using the same set criteria and questions. These cover specific areas of childcare, including safeguarding the children in their care, planning suitable activities to enhance the child's development and their understanding of the legal frameworks applied to childcare and used in the setting. The questions are value based and will ensure the candidate has the same values as the nursery with regards to the safety and welfare of the children in their care
- The HR Director will then select the most suitable person for this position based on these scores and their knowledge and understanding of the early years framework as well as the needs of the setting
- Every candidate will receive communication from the HR Director stating whether they have been successful or not. Unsuccessful candidates are offered feedback.

Starting work

- The successful candidate will be offered the position subject to at least two references from previous employment or, in the case of a newly qualified student, their tutor and a personal or professional reference. These references will be taken up BEFORE employment commences. This may be verbal initially and then followed up with a written reference which will form part of their personnel file
- The successful candidate will be asked to provide proof of their qualifications, where applicable. All qualifications will be checked and copies taken for their personnel files where applicable
- Prior to employment but after the job has been offered a health check questionnaire will be given to the employee and its results will be taken into account in making an overall decision about suitability. The nursery reserves the right to take any further advice necessary in relation to a person's physical and mental fitness to carry out their role. Please see the absence management policy for more details about how the nursery manages health problems including access to medical records
- All new starters, other than those who have registered for the continuous updating service (see below), will be subject to an enhanced Disclosure and Barring Service (DBS) check. This will be initiated before the member of staff commences work in the nursery and they will not have unsupervised access to any child or their records before this check comes back clear. Further to this, the new starter will not be allowed to take photographs of any child, look at their learning and development log or change the nappy of any child without an up-to-date enhanced DBS check (whether supervised or not)
- An additional criminal records check (or checks if more than one country) should also be made for anyone who has lived or worked abroad
- The nursery will record and retain details about the individual including staff qualifications, identity checks carried out and the vetting process completed. This will include the disclosure and barring service reference number, the date the disclosure was obtained and details of who obtained it. The nursery will not retain copies of the disclosure itself once the employment decision is taken

- There may be occasions when a DBS check is not clear but the individual is still suitable to work with children. This will be treated on an individual case basis and at the manager's/owner's discretion taking into account the following:
 - seriousness of the offence or other information
 - accuracy of the person's self-disclosure on the application form
 - nature of the appointment including levels of supervision
 - age of the individual at the time of the offence or other information
 - the length of time that has elapsed since the offence or other information
 - relevance of the offence or information to working or being in regular contact with children.
- If the individual has registered on the DBS system since 17 July 2013, managers may use the update service with the candidate's permission instead of carrying out an enhanced DBS check
- New starters are required to sign (either application form, contract or separate form) to state that they have no criminal convictions, court orders or any other reasons that disqualify them from working with children or unsuitable to do so
- All new members of staff will undergo an intensive induction period during which time they will read and discuss the nursery policies and procedures and be assigned a 'mentor/ buddy' who will introduce them to the way in which the nursery operates
- During their induction period all new staff will receive training on how to safeguard children in their care and follow the Safeguarding Children/Child Protection policy and procedure, emergency evacuation procedures, equality policy and health and safety issues
- New staff members will have a probationary period for the first 3 months of work during which suitability for the position to which they have been appointed will be assessed. The nursery reserves the right to extend the probationary period if necessary
- The new member of staff will have regular meetings with the manager and their 'mentor/buddy' during their induction period to discuss their progress, support required and/or further training and professional development opportunities.

Delayed DBS checks

- Where possible, staff will have the checks completed prior to starting employment. As long as the DBS check has been applied for, if there are delays in the results coming through, staff may work in the nursery before these checks are completed as a last resort, but they must be supervised at all times by staff who already hold an enhanced check. All nursery staff will be informed of any staff awaiting enhanced DBS clearance
- Staff awaiting these checks will **never**:
 - Be left unsupervised whilst caring for children
 - Take children for toilet visits unless supervised by staff holding an enhanced check
 - Change nappies
 - Be left alone in a room or outside with children
 - Administer medication
 - Administer first aid
 - Take photographs of any children

- Be involved in looking at a child's learning and development log, but can contribute to it
 - Have access to children's personal details and records.
- While adhering to the above list, we recognise that it is vital that the staff member awaiting an enhanced disclosure is made to feel part of the team and we support them in participating fully in every other aspect of the nursery day.

Ongoing support and checks

- All staff are responsible for notifying the manager in person if any there are any changes to their circumstances that may affect their suitability to work with children (staff suitability status will also be checked through an annual 'staff suitability questionnaire'). This includes any incidents occurring outside the nursery. Staff will face disciplinary action should they fail to notify the manager **immediately**
- All members of staff will update a health questionnaire on an annual basis to ensure management have a good knowledge of any changes that may require support or additional resources to aid them to carry out their day-to-day duties. This will also be discussed at staff supervisions/review meetings. Management may require this more regularly where health circumstances change. There are more details about how the nursery deals with any health problems in the absence management policy
- The nursery owner will review any significant changes to an individual's circumstances that may suggest they are no longer suitable to work with children and take appropriate action to ensure any unsuitable or potentially unsuitable employee does not have unsupervised contact with children until the matter is resolved. Please see the Disciplinary Policy for further details
- Every member of staff will have two meetings a year with the manager: a formal appraisal and a more informal review. This will provide an opportunity for the manager and member of staff to discuss training needs for the following six months as well as evaluate and discuss their performance in the previous six months
- The manager, deputy and room leaders will be responsible for any support the staff team may have between these reviews. This includes mentor support, one-to-one training sessions, ongoing supervision, work-based observations and constructive feedback
- The nursery will provide appropriate opportunities for all staff to undertake professional development and training to help improve the quality of experiences provided for children.

This policy was updated on	Signed on behalf of the nursery	Date for review

[Back to the top](#)

Staff Working with Their Own Children/Close Relation

At **GNRC** we support all employees returning to work after having a baby and understand that there may be times when a member of staff chooses our setting to provide childcare alongside them working or that there may be occasions when a member of staff is working in the same environment a close relation e.g. niece or nephew. We believe our staff should remain neutral and treat all children with the same regard. It is generally not appropriate for staff to care for their own children or those of a close relative whilst working in the setting.

In these cases we request the member of staff meet with the manager and room leader, where appropriate, to discuss how best this will work alongside the setting business needs.

We believe children learn best when they are healthy, safe and secure, have their individual needs met and have a positive relationship with the staff caring for them. It is our policy that all staff remain neutral and treat all children as individuals with the same regard.

When looking to accommodate staff members working alongside their own child or close relative in the setting we will make an decision/agreement based on the following circumstances:

- The individual needs of the child, including if they have any special educational needs and/or disabilities
- The number of rooms/number of staff/staff deployment/ratios
- Age/stage of development of the child
- Staff members expertise and where/when they usually work
- Days/times the child attends
- Transition arrangements.

All decisions will be made on an individual basis; this may be that the child or close relation is better placed within the same room or a different room.

Once a decision has been made an agreed set of guidelines will be developed between the setting and the member of staff setting out the expectations of working with their child/close relation.

Staff caring for another staff member's child will treat them as they would any other parent/child.

Where this agreement is not working or is impacting on the care of the child or other children in the room, the manager will meet with the member of staff to review the agreement and the following will be considered:

- Time left until the child is due to transition to the next room/school

- Temporarily moving the staff member to another room. It is nursery policy to move the staff member and not the child (unless transitioning) so the child continues to be in the appropriate age/stage group and can forge consistent relationships with other children in the group
- Where the staff member is already in another room, but there are concerns there will be an agreement between the staff member, manager and room leader about contact with the child during the session. Although we do not want to restrict a parent seeing their child, we must consider the room routine and the upset a visit may cause the child when their parent leaves the room again

Breastfeeding

Where a staff member's baby requires breastfeeding, the setting will adapt the above guidelines to suit both the baby's and mother's needs. Cover will be provided during this time.

This policy was adopted on	Signed on behalf of the setting	Date for review

[Back to the top](#)

Young Worker Policy

At **GNRC** we support young workers and apprentices as we foster and shape the workforce of the future. At times there may be students on placement within GNRC

The EYFS (2021) sets out the requirements for young people working in a setting and we will adhere to these requirements at all times.

Suitable students on longer term placements and volunteers (aged 17 or over) who is attending our setting on a long term placement e.g. for 1 year will be monitored and assessed to determine their competence levels. If we believe that they are suitable and demonstrating the high levels of competence and responsibility we expect from our staff then we may consider including them in our staff ratios.

Apprentices in early education aged 16 and over who are attending our setting on a long term placement for 1 year or more, will be monitored and assessed to determine their competence levels. If we believe that they are suitable and demonstrating the high levels of competence and responsibility we expect from our staff then we may consider including them in our staff ratios.

Any young person in the setting under the age of 18 is considered a child by law, therefore we will be vigilant towards their safety and well-being. We will provide each young person with a mentor/buddy within the setting that can support their well-being. Any safeguarding concerns will be dealt with according to our safeguarding policies procedures.

Within our setting we expect our young staff to:

- Read, understand and adhere to all policies
- Take part in our ongoing staff suitability procedures. Declare any reasons why their suitability to work with children may change during their placement
- Share any safeguarding concerns they may have with their buddy/mentor or the safeguarding officer
- Maintain a high standard of work, behaviour, appearance and attendance whilst with the setting
- Undertake a full induction conducted by the setting
- Access training as required by the management
- If studying whilst with the setting, undertake all tasks required by the tutor to keep up to date with the course. If your coursework falls behind at any point your placement in the setting will be at risk
- Ensure that the setting environment is safe and secure for all children at all times and report any issues as they arise
- Help with the day to day running of the setting by undertaking tasks as determined by the supervisors and management
- Take part in staff meetings and all staff training as required by the setting.

This policy was adopted on	Signed on behalf of the setting	Date for review
<i>30.11.22</i>	<i>Selena Fletcher</i>	<i>30.09.25</i>

Volunteers

At **GNRC** we recognise the immense benefits that volunteers bring to the setting. In return we hope to give volunteers an opportunity to share their skills in a different environment and to undertake new experiences.

Status of volunteers

A volunteer is not an employee and will not have a contract of employment with the setting. We will, however, insist that the volunteer follows all GNRC procedures in the same manner as a paid employee to ensure consistency, safety and quality of care and early learning for the children. Volunteers will be supervised at all times.

Enhanced Disclosure and Barring Service (DBS) check

All volunteers will have suitability checks conducted in the same way as paid employees. This will include an enhanced DBS check. These checks will be conducted before any volunteer starts their time within the setting and will also include two written references.

Training

Volunteers will be offered training and/or support as appropriate. We will provide any training and support required for the role, including safeguarding and child protection, paediatric first aid (where applicable) and health and safety training. The purpose of this is to enable the volunteer to be supported and enhance their development in their voluntary role within our team.

Policies and procedures

Volunteers are expected to comply with all GNRC'S policies and procedures. The volunteer's induction process will include an explanation of this.

Confidentiality

Volunteers should not disclose information about the GNRC, staff, children and families as stated in the confidentiality policy and should follow GNRC'S confidentiality procedure at all times.

Volunteer's induction pack

On commencing their volunteer work, the volunteer will be given a pack containing:

- General information about GNRC
- A copy of the volunteering policy
- A confidentiality statement which will require reading, signing and returning to the manager
- Details of access to all GNRC relevant policies and procedures.
- During the induction period, volunteers will read the main policies of the setting including safeguarding, health and safety and promoting positive behaviour. The designated member of staff will discuss the policies to ensure the volunteer understands and adheres to this

Volunteer support

The setting has a designated officer who will take the volunteer through their induction and support and advise them throughout their time in the setting. Our designated officer for volunteers is **Helen Fletcher-Reilly**.

[Back to the top](#)

Absence Management Procedure

At **GNRC** we encourage all our employees to maximise their attendance at work while recognising that employees will, from time to time, be unable to come to work due to sickness, illness or infectious. By implementing this policy, we aim to strike a reasonable balance between the pursuit of our business needs and the genuine needs of employees to take occasional periods of time off work because of sickness. This policy and procedure establishes a framework to support individuals and the organisation in times of sickness absence. It ensures that appropriate and consistent advice is provided and that assistance and support is offered to employees and, where necessary, action is taken.

Principles

We promote good health and aim to provide a healthy working environment and demonstrating commitment to health, safety and the welfare of all staff in order to maximise attendance.

Management is responsible for regularly monitoring and taking appropriate action in connection with sickness and other unplanned absence.

Exclusion periods for contagious illnesses

Working with children means that you are more likely to come in to contact with illnesses which can be highly contagious. We take the health of children and staff very seriously therefore if you have any infectious/contagious illnesses you must adhere to the same exclusion periods as children. This will ensure that you are able to recover appropriately and that this infection/illness is not passed on to other staff, children or parents. The manager will advise you of any exclusion times required (see the sickness and illness and infection control policies).

Sickness absence reporting procedure

Reporting sickness absence should be done using the following guidelines. Failure to follow these guidelines could delay any sick pay due to you and could possibly result in disciplinary action.

1. On your first day of absence, you must:
 - Contact your manager yourself before your shift starts. Preferably first thing in the morning an hour before the setting opens
 - Give brief details of your illness and your expected length of absence.
 - Contact the setting by 6 o'clock to advise whether you will be returning to work the following day
2. If you have been unable to determine how long the absence will last, and it exceeds the third day, you must contact your manager again on the fourth day.
3. On returning to work you must complete a copy of the 'Employee's statement of sickness self-certification form'. This should be signed by management.

4. For absences of more than seven consecutive days, including the weekend/non-working days, you must provide a 'fit note' completed by a qualified medical practitioner for the period of absence.
5. After returning to work from any sickness absence leave, a 'return to work' interview may be undertaken by the employee and line manager. This will not happen in all circumstances, and we may hold such meetings at our discretion. However, such meetings will normally be held in the following circumstances:
 - Where the absence has exceeded 14 days
 - Where the nature of the illness means that duties on return to work may need to be altered and clarification and/or consultation is required
 - Where a member of staff has had two or more absences in 12 weeks.

During the return to work interview the following will be discussed:

- The reason for absence
- Whether and support is required and/or adjustments to the role (on a temporary or more permanent basis) are required and what they are. These might include regular catch-up meetings, adjusted work patterns, start and finish times and changes of duties
- Future requirements and expectations, e.g., improved attendance
- The return-to-work interview should be recorded and signed by both the manager and employee and a copy attached to the employee's file.

The return to work interview discussion is recorded using a set template and signed by both the manager and employee. A copy is attached to the employee's file.

Where an employee's attendance record gives cause for concern because of the duration or frequency of absence, this should be brought to the attention of the employee through a discussion with the manager.

Throughout any stage of discussions on sickness absence, employees may be accompanied by a work colleague.

The abuse of sick leave and pay regulations may be classified as misconduct and will be dealt with through the disciplinary procedure.

Frequent and/or persistent short-term sickness absence

Short-term absence may be short periods of one or two days occurring frequently.

Absence of this nature can be identified by one of the following indicators and should be classed as a trigger:

- Four self-certified spells of absence in one calendar year
- A total of 10 working days or more of self-certified absence in one calendar year
- Patterns of absence over a period, e.g. an individual regularly taking Mondays or Fridays off
- Where an employee's attendance record is significantly worse than those of comparable employees, or absence problems have gone on for a considerable length of time.

Long-term sickness absence

For the purposes of the policy, long-term sickness absence is defined by the setting as absences lasting over one month.

Where absences have lasted over 10 working days or more, the manager will contact the member of staff concerned to obtain an initial assessment of the sickness/illness.

At this point and where felt appropriate after further assessment sickness/illness, the manager will arrange a face-to-face meeting or telephone conference between themselves and the member of staff. The meeting will include:,:

- Confirming the reasons and nature of the absence and its likely duration
- Ensuring that the member of staff is aware of GNRC'S concern regarding their health and necessary absence from work
- Consider offering alternative duties or a shorter working week if this would enable a quicker return to work subject to medical advice
- Consideration to any personal issues being encountered and discuss possible ways of helping the individual resolve these
- Advising the member of staff that in their best interests they may be asked to see a registered medical practitioner or occupational health provider appointed by the setting to enable a medical report to be prepared
- Alternatively, and if appropriate, gain agreement from the member of staff to contact their doctor or specialist in order to establish the likely length of absence and the long-term effect on capability in relation to job performance and attendance at work.

If all other avenues have been investigated, the absence continues or, following return to work, the attendance record does not improve, a subsequent meeting would be arranged. At this point and with legal advise the manager may advise the member of staff on long term sickness absence that unless there are reasonable grounds to believe there will be an improvement in the foreseeable future, the manager should inform the member of staff that long-term sickness absence due to their ill health may put their employment at risk with the possibility of termination by reason of capability or suitability to work with children might have to be considered, taking into account any medical information available.

The position will be reviewed periodically and ultimately it may become necessary from a business perspective to consider termination of employment. In these circumstances, GNRC will:

- Review the employee's absence record to assess whether or not it is sufficient to justify dismissal
- Consult the employee
- Obtain up-to-date medical advice through occupational health
- Seek legal advice, where applicable
- Advise the employee in writing as soon as it is established that termination of employment has become a possibility
- Meet with the employee to discuss the options and consider the employee's views on continuing employment
- Review if there are any other jobs that the employee could do prior to taking any decision on whether or not to dismiss

- Allow a right of appeal against any decision to dismiss the employee on grounds of long-term ill health
- Arrange a further meeting with the employee to determine any appeal
- Following this meeting, inform the employee of its final decision
- Act reasonably towards the employee at all times.

Any decision to terminate employment will be taken by the Owner, making sure the capability procedure has been exhausted.

Occupational health

GNRC reserves the right to request employees to attend an appointment with an Occupational Health Advisor (e.g. consultant, GP) during their employment, if it is reasonably deemed necessary due to sickness absence, changes in health or the role, or where it is necessary to seek an expert medical opinion as to whether or not the employee can fulfil their job role or whether any reasonable adjustments should be made to the employee's role.

GNRC will seek to engage the services of an independent Occupational Health Advisor in situations where expert medical opinion is required and work with them to identify the best course of action in circumstances of sickness absence.

Access to medical records

The Access to Medical Records Act 1988 gives individuals the right of access to medical records relating to themselves which have been prepared by a medical practitioner for employment purposes. The Act provides that:

- Employers must gain the consent of employees before requesting reports from medical practitioners
- Employers must inform employees of their rights in respect of medical reports
- The employee has the right of access to the report before the employer sees it, provided appropriate notification is given
- The employer is responsible for notifying the medical practitioner that the employee wishes to have access
- The employee may ask for a report to be amended or may attach a statement to the report
- Having seen the report, the employee may wish to withhold consent to it being supplied.

Where GNRC requests further medical information about the health of staff from an individual's General Practitioner or Specialist, or its own occupational health provider, the provisions of the Act will be followed.

Throughout any interviews regarding sickness absence, staff are entitled to the support of and/or representation by a work colleague or recognised trade union representative.

Sick Pay

Statutory Sick Pay (SSP) will be paid in accordance with Department for Work and Pensions requirements and no payment will be made for the first three working days in a period of incapacity for work.

Annual leave and sick pay

Where an employee falls sick or is injured whilst on annual leave, GNRC will allow the employee to take sick leave and take the annual leave at a later time. This policy is subject to the following strict conditions:

- The total period of incapacity must be fully certificated by a qualified medical practitioner
- The employee must contact the manager as soon as he/she knows that there will be a period of incapacity during the pre-planned annual leave in accordance with the Sickness Absence Reporting Procedure
- The employee must submit a written request no later than five days after returning to work setting out how much of the annual leave period was affected by sickness and the amount of leave that the employee wishes to take at another time
- Where the employee is overseas when he/she falls sick or is injured, evidence must be produced that the employee was sick by way of either a medical certificate or proof of a claim on an insurance policy for medical treatment received at the overseas location.

Where the employee fulfils all of the above conditions, we will allow the employee the same amount of annual leave as the amount lost due to sickness or injury.

Sickness or injury shortly before a period of planned holiday

If an employee is ill or is injured before the start of a period of planned annual leave, we will agree to the employee postponing the annual leave dates to another mutually agreed time. Any period of sickness absence will then be treated in accordance with the employer's normal policy on sickness absence.

The employee must submit a written request to postpone the planned annual leave and this must be accompanied by a letter from his/her doctor confirming that he/she is unfit to take the annual leave.

Replacement annual leave dates

Where it is agreed that an employee can take replacement annual leave at a later time, the employee should nominate replacement annual leave dates as soon as possible, with the dates being subject to the agreement of the employee's line manager in the usual way.

Employees should endeavour to take any replacement annual leave within the same holiday year as the days lost as a result of sickness or injury. In the event that part or all of the annual leave is lost due to incapacity towards the end of GNRC's holiday year, and there is insufficient time left during that year for the replacement annual leave to be taken, the employee will be permitted to carry over the replacement annual leave to the next holiday year. However, this leave must be taken as early in the new holiday year as possible.

Serious illness/injury of an employee's immediate family

This will be looked at on an individual basis, the manager will agree with you a reasonable period of paid leave time initially, with additional unpaid leave if a

significant amount of time off is required. You may also consider taking any annual leave /TOIL and working flexibly i.e. making adjustments to the length of the working day, changes in hours/days worked etc.

Death of a member of an employee's immediate family

This leave applies on the death of an employee's spouse, life partner, parent, brother, sister, grandparent, dependant or other relative for whom the employee has special responsibility or has had special ties. See bereavement leave policy

Generally, the amount of time off required will be at the manager's discretion and will depend on individual circumstances but up **one working week** paid leave would be considered.

Death of a Child

If an employee has a death of a child under the age of 18 or suffers a stillbirth from 24 weeks of pregnancy, all employees will be entitled to two weeks paid leave; subject to meeting the eligibility criteria having been employed for at least 26 weeks. The Parental Bereavement Leave and Pay Act 2018.

[Back to the top](#)

Grievance Procedure

At **GNRC** we follow our legal obligations as an employer at all times including hearing and investigating grievances. We have the following policy and procedures that set out our process.

Legal obligations

Our obligations as an employer are detailed in the ACAS Code of Practice on disciplinary and grievance procedures (2015).. A full copy of the ACAS Code of Practice and the accompanying guidance can be obtained from the ACAS website www.acas.org.uk

We note that a failure to follow the code does not, in itself, make an organisation liable to formal proceedings at an employment tribunal, but failure to follow the code may result in any compensation award payable to be increased by up to 25%, or reduced by 25% if the employee does not comply.

Objectives and guiding principles

We recognise that an employee needs to feel that his or her grievance has been fully investigated and has received a fair hearing. The employee also needs to understand the reasons for the decision made by the manager who heard their grievance. The employee should then be given the opportunity to appeal against the decision. Their appeal should be submitted in writing and should be investigated and heard by someone more senior to the person who heard the initial grievance. The person allocated to hear the employee's appeal should be able to take a fresh and independent look at the issue. In our organisation the individual's immediate line manager deals with the grievance initially separately before being passed on to the owner of the setting.

ACAS advocates the use of mediation to resolve grievances, in an attempt to maintain a good working relationship and resolve issues within the workplace. We may decide to use such mediation where appropriate using ACAS support and guidance.

Our grievance procedure does not form part of any employees' contract of employment. It may be amended at any time and we may depart from it depending on the circumstances of any case.

This procedure applies to all employees regardless of length of service.

GNRC believes that all employees should be treated fairly and with respect. We encourage all employees to try to resolve any grievance with the individual concerned on an informal basis, as most grievances can be resolved quickly through discussion. Your line manager will assist you with this if you feel this is the best route for you.

If this does not resolve the complaint/issue/problem, you should initiate the formal process below.

Grievance process

Stage 1

Making your grievance

- You should put your grievance in writing and forward it to your line manager
- This written statement will form the basis of any investigations and the subsequent hearing, so it is important that you set out clearly the nature of your grievance and any dates and names of individuals involved. You should also indicate the outcome that you are seeking. If your grievance is unclear, you may be asked to clarify your complaint before any meeting takes place
- If your complaint relates to an issue with your line manager, the grievance may be sent to Helen Fletcher-Reilly
- Before proceeding to a full grievance hearing, it may be necessary to carry out investigations of any allegations made by you. If any evidence is gathered in the course of these investigations, you will be given a copy long enough in advance of the hearing and appropriate time for you to consider your response. In exceptional circumstances, the evidence given by individuals may have to remain confidential. Where confidentiality is necessary, this will be explained to you and an appropriate summary of the evidence gathered will be given to you.

Stage 2

The grievance hearing

The hearing will be held as soon as is reasonably possible following any investigations, and within **five days** working days of the receipt of your written complaint. It will be conducted by your line manager or another nominated manager if your complaint relates to an issue with your line manager. You are entitled to bring a companion to the grievance meeting if you make a reasonable request to do so. This request must be in advance of the meeting and you should tell us the name of your chosen companion. The companion may either be a trade union representative or a work colleague.

You should ensure that you attend the meeting where possible. If you are unable to attend because of circumstances beyond your control, you should inform your line manager as soon as possible and a further meeting will be re-arranged as soon as possible. If you fail to attend without explanation, or if it appears that you have not made sufficient attempts to attend, the hearing may take place in your absence.

During the hearing you will be given the opportunity to explain your complaint. Your explanations should focus on the complaint and not on irrelevant issues. The manager conducting the hearing will inform you if they believe the key issues are not being focused on. They may also set a reasonable timeframe for the meeting; this will be determined by the nature and complexity of your complaint.

The hearing may be adjourned to allow further investigations to take place. Following the meeting, you will be informed in writing of the outcome within **five** working days, where reasonably practicable, and told of any action that the setting proposes to take as a result of your complaint, if applicable. If it is anticipated that further investigation is required and therefore the outcome cannot be provided within this timeframe, we will inform you as to when you can expect to receive the outcome.

If you are dissatisfied with the outcome, you may make a formal appeal in writing to setting owner, stating your full grounds of appeal, within **five** working days of the date on which the decision was sent or given to you.

Stage 3

We will hold an appeal meeting within 14 working days of receiving the appeal, where reasonably practicable. This will be dealt with impartially by a more senior manager, where applicable who has not previously been involved in the case. You will have the right to bring a companion, as explained above.

We will confirm our final decision in writing, usually within seven working days of the appeal hearing, where reasonably practicable. There is no further right of appeal.

Grievances linked to disciplinary matters

Complaints that you may have about any disciplinary action taken against you should be dealt with as an appeal under the disciplinary procedure.

Grievances raised while you are subject to disciplinary proceedings will usually be heard when the disciplinary process has been completed.

If a grievance has any bearing on the disciplinary proceedings, it will be dealt with as part of the disciplinary hearing or disciplinary appeal, as appropriate.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Disciplinary Procedure

At **GNRC** we follow our legal obligations as an employer at all times including dealing with any disciplinary matter in a fair and consistent manner. We have the following policy and procedure that set out our process.

Legal obligations

Our legal obligations as an employer are detailed in the ACAS Code of Practice on disciplinary and grievance procedures (2015). A full copy of the ACAS Code of Practice and the accompanying guidance can be obtained from the ACAS website <http://www.acas.org.uk>.

We note that a failure to follow the code does not, in itself, make an organisation liable to formal proceedings at an employment tribunal, but failure to follow the code may result in any compensation award payable to be increased by up to 25% or reduced by 25% if the employee does not comply.

Objectives and guiding principles

The objective of this procedure is to set out the standards of conduct expected of all staff and to provide a framework within which our managers can work with employees to maintain satisfactory standards of conduct and to encourage improvement where necessary.

It is our policy to ensure that any disciplinary matter is dealt with fairly and consistently. We will take the necessary steps to establish the facts and to give employees the opportunity to respond before taking any formal action.

This procedure does not form part of any employee's contract of employment and it may be amended at any time. We may also vary this procedure, including any time limits, as appropriate in any case.

The procedure applies to all employees regardless of length of service.

Minor conduct issues can often be resolved informally between the employee and their line manager. These discussions should be held in private and without undue delay whenever there is a cause for concern. Where appropriate a note of any such discussions may be held on the employee's personnel file, but will be ignored for the purpose of future disciplinary issues.

Formal steps will be taken under this procedure if the matter is not resolved, or if informal discussion is not appropriate (due to the serious nature of the allegation against you).

The employee will not normally be dismissed for a first act of misconduct, unless it is decided it amounts to gross misconduct or the employee has not yet completed their probationary period.

The procedure

Our aim is to deal with disciplinary matters sensitively and fairly. All employees must treat all information in connection with the disciplinary procedure and its investigation as confidential.

Where there has been a serious allegation of misconduct or gross misconduct and/or there are serious concerns regarding the employee's capability, we aim to establish the facts quickly and no disciplinary action will be taken until the matter has been fully investigated. The employee will be informed if a formal complaint is made against them, and if necessary they may be suspended on full pay pending the outcome of the investigation and disciplinary procedure.

Stage 1: Investigation

- The manager investigate any allegations/concerns quickly and thoroughly to establish whether a disciplinary hearing should be held
- The purpose of the investigation is to establish a balanced view of the facts relating to the allegations against the employee. The amount of investigation will depend on the nature of the allegations and will vary from case to case. It may involve interviewing and taking statements from the employee and any witnesses, and/or reviewing relevant documents
- Investigation interviews are solely for the purpose of fact finding and no decision on the disciplinary procedure will be taken until after the disciplinary hearing
- The employee is not normally allowed to bring a companion to an investigatory interview. However, we may allow them to bring a work colleague or trade union representative in exceptional circumstances and if the employee wishes to be accompanied they should contact **Helen Fletcher-Reilly** to discuss the reasons for their request
- If the investigations lead us to reasonably believe there are grounds for disciplinary action, with legal advice GNRC will write to the employee outlining the allegations against them, the basis of the allegations and the potential consequences. The employee will be invited to a disciplinary hearing to discuss the matter. They will be sent any copies of evidence which may be referred to in the hearing (e.g. witness statements, or a summary of the statements if the witness's identity is to remain confidential, and minutes of meetings).

Suspension

- If GNRC believe that the employee may be guilty of misconduct, which is considered (at the settings absolute discretion) to be serious misconduct, where relationships have broken down, or where we have any grounds to consider that GNRC's property or responsibilities to other parties are at risk, or where we consider in the settings absolute discretion that the employees continued presence at the Company's premises would hinder an investigation, GNRC will be entitled to suspend you on full pay
- Any such suspension will normally last only as long as required to enable an investigation into the circumstances giving rise to such belief of serious misconduct to be carried out and any disciplinary hearing to be convened

- Any such period of suspension is not a punishment, nor considered as disciplinary action against the employee, nor does it imply that any decision has been taken about the employee's case.

Stage 2: Invite to disciplinary hearing

- GNRC will hold the disciplinary meeting to discuss the allegations. The employee will have the right to bring a companion to the meeting. A companion may be a work colleague or trade union representative. The employee must inform GNRC prior to the meeting who their chosen companion is. If their companion is unreasonable, for example, there may be a conflict of interest, GNRC may require the employee to choose someone else
- If the employee or their companion is unable to attend the meeting the employee should inform the manager immediately and we will arrange an alternative time and date, where applicable will be arranged.. The employee must make every effort to attend the meeting and failure to do so without good cause may be treated as misconduct in itself.

Disciplinary hearing

- During the meeting the manager or designated person leading the meeting will go through the allegations against the employee and the evidence that has been collated. The employee will be able to state their case and call relevant witnesses (provided the employee gives advance notice and we agree to their attendance) to support the case
- GNRC may adjourn the disciplinary meeting if we need to carry out further investigations need to be carried out and the employee will be given reasonable opportunity to consider new information
- The employee will be notified of the decision in writing, usually within **seven** working days of the hearing
- If the employee persistently fails to reply to invitations, or persistently fails to attend the arranged hearing without good cause, it may be carried out in their absence and they will be notified of the decision in writing. The employee will retain the right to appeal.

Appeal

- The employee will be given the opportunity to appeal the decision. If they wish to appeal, the employee should state their full grounds in writing and the letter should be sent to the manager within five working days from the date the decision was communicated to them
- The appeal meeting will be conducted impartially by a **Helen Fletcher-Reilly**, where possible, who has not previously been involved in the case
- The employee will be able to bring a companion to the meeting and the companion may be a work colleague or trade union representative (as stated above)
- GNRC may adjourn the appeal hearing if further investigations need to be carried out and the employee will be given reasonable opportunity to consider any new information before the hearing is reconvened
- GNRC will inform the employee in writing of our final decision as soon as possible, usually within **five** working days of the appeal hearing.

There is no legal right to appeal beyond this stage.

Disciplinary penalties

In the first instance, where less serious offences are concerned, GNRC are most likely to give the employee a verbal warning. This warning will be recorded and a copy maintained in the employee's personnel file with a time scale for improvement or to not re-offend.

[Note: the right to a verbal warning is not part of the ACAS code. Many employers use verbal warnings as a first stage, but you may prefer to use a written warning as the first stage depending on the circumstances.]

The usual penalties for misconduct are set out below. No penalty should be imposed without a hearing. We aim to treat all employees fairly and consistently, and a penalty imposed on another employee for similar misconduct will usually be taken into account but should not be treated as a precedent. Each case will be assessed on its own merits.

The employee will not normally be dismissed for a first act of misconduct, unless it is decided that it amounts to gross misconduct, or the employee has not yet completed their probationary period.

First written warning

A first written warning may be authorised by Manager or Director. It will usually be appropriate for a first act of misconduct where there are no other active written warnings on the employee disciplinary record.

Final written warning

A final written warning may be authorised by Manager or Director. It will usually be appropriate for:

- a. misconduct where there is already an active written warning on the employee record,
- b. misconduct that we consider is sufficiently serious, to warrant a final written warning even though there are no active warnings on the employee record.

Dismissal

Dismissal may be authorised by Manager or Director. It will usually only be appropriate for:

- a) any misconduct during the employee probationary period;
- b) further misconduct where there is an active final written warning on the employee record; or
- c) any gross misconduct regardless of whether there are active warnings on the employee record. Gross misconduct will usually result in immediate dismissal without notice or payment in lieu of notice (summary dismissal). Examples of gross misconduct are set out below.

Levels of authority

Managers (including officer in charge) have the authority to suspend an employee pending investigation. Only the Manager in charge and higher management has the authority to dismiss an employee as set out above.

Gross misconduct

In the case of gross misconduct, the setting reserves the right to dismiss an employee without notice (or payment in lieu of notice) if, after investigation and a hearing, the management are satisfied that there is sufficient justification for so doing.

Duration of warnings

Under normal circumstances warnings will be valid for the following time periods, although these may vary according to the nature of the occurrence and may therefore be determined by mutual agreement at the time of issue:

- Verbal warning - six months
- First written warning - six months
- Final written warning - 12 months.

On expiry, warnings will be disregarded for future disciplinary purposes.

Alternatives to dismissal

In some cases GNRC may, at the setting's discretion, consider alternatives to dismissal. These must be authorised and will usually be accompanied by a final written warning. Examples include:

- Demotion /Loss of seniority
- Change to job role
- A period of suspension without pay
- Loss of seniority
- Loss of additional hours/overtime.

Examples of gross misconduct

Examples of what would constitute a gross misconduct offence include:

- Failure to inform the employer of a disqualification, either personally or a person living in the same household as the registered provider, or a person employed in that household
- Theft or the unauthorised possession of property belonging to the setting, its employees or customers
- Assault on any employee or persons associated with the setting
- Breach of confidence i.e. the divulging of confidential information relating to the setting, its employees or clients
- Dishonesty, including the use of any funds, expenses or allowances for any other purpose than that for which they have been delegated by the setting
- Being under the influence of drugs or alcohol whilst on duty
- Serious or persistent breaches of safety rules
- Fraud including falsification of work records and expense claims
- Signing/clocking in or out for another employee
- Physical assault/punishment or abuse towards a child e.g. hitting a child in chastisement or harsh disciplinary actions and/or threatening the use of corporal punishment which could adversely affect a child's well-being

- Discrimination/harassment in any way against a child/person
- Persistent failure to follow setting documentary systems and procedures
- Unauthorised absence from work/unacceptable attendance levels
- Obscene language or other offensive behaviour
- Negligence in the performance of the employee duties.

Further behaviour that could constitute gross misconduct is not limited by the above list.

Examples of misconduct

Examples of what would constitute a misconduct offence include:

- Minor breaches of our policies including the Sickness Absence Policy, Mobile Phone, Smartwatches and Social Networking Policy, and Health and Safety Policies
- Minor breaches of the employee contract
- Minor damage to, or unauthorised use of, our property
- Poor timekeeping
- Time-wasting
- Refusal to follow instructions
- Excessive use of our telephones for personal calls
- Excessive personal email or internet usage
- Smoking in no smoking areas.

N.B. Some of the misconduct offences above may, dependent on the circumstances and having followed a detailed investigation, also be classed as gross misconduct offences.

As an organisation we take the health and wellbeing of staff and children seriously. As such, we would expect all members of staff working within the setting to abide by any government recommendations, laws and guidelines set for example rules on social distancing whether at work or in their private lives. Any breaches of government guidelines will be dealt with in accordance with our disciplinary procedures and may also be treated as misconduct.

This policy was adopted on	Signed on behalf of the setting	Date for review

[Back to the top](#)

Anti-bribery Policy

Legislation

The Bribery Act 2010 creates a new offence which can be committed by an organisation which fails to prevent persons associated with them from committing bribery on its behalf but only if that person performs services for you in business. It is unlikely that the organisation will be liable for the actions of someone who simply supplies goods to you.

There is full defence if it can be shown that there are adequate procedures and risk assessments in place to prevent bribery.

At **GNRC** we have adopted this policy to ensure that we have adequate procedures in place that are proportionate to the bribery risks we face.

It is our policy to conduct all of our business in an honest and ethical manner. We take a zero-tolerance approach to bribery and corruption and are committed to acting professionally, fairly and with integrity in all our dealings wherever we operate. We are also committed to implementing and enforcing effective systems to counter bribery.

What is a bribe?

A bribe is a financial or other advantage offered or given:

- to anyone to persuade them to or reward them for performing their duties improperly or;
- to any public official with the intention of influencing the official in the performance of his/her duties.

Gifts and hospitality

A 'gift' is defined as any item, cash, goods, or any service which is offered for personal benefit at a cost, or no cost, that is less than its commercial value.

You should consider the following if a gift is offered:

- Whether it is appropriate to accept it:
- Decline gifts unless to do so would cause serious embarrassment; and
- Discuss the position with the manager or owner if the gift clearly has a value in excess of £25

Parents may wish to thank staff for looking after their children with Christmas gifts or gifts when the child leaves the setting. This is perfectly understandable. Each staff member is reasonable for deciding if this gift is appropriate to accept and if it should be shared with the wider team. If in any doubt staff should discuss this with the manager.

GNRC will not accept gifts from service providers. This may be deemed as a bribe to maintain a contract. The setting will remain transparent and open at all times.

This policy was adopted on	Signed on behalf of the setting	Date for review

Quality of Provision Policy

At **GNRC** we are passionate about providing high quality care and education for all children. High quality care leads directly to better outcomes for our children and all staff are committed to providing children with the best possible start in life and enable them to reach their full potential.

As part of our quality practice we ensure children receive the highest quality care and education by:

- Having high expectations for all children so they can achieve the best outcomes
- Building close attachments with children so they feel safe, secure, happy and can thrive
- Implementing all of the safeguarding and welfare requirements of the Early Years Foundation Stage (EYFS)
- Reflecting on all areas of practice and striving towards the Ofsted grade descriptors for Outstanding quality indicators
- Consistently delivering high quality practice that makes a difference to children's daily experiences
- Ensuring a solid understanding of the importance of pedagogy and child development amongst all practitioners
- Ensuring that the environment, resources and provision is of high quality both indoors and out; monitoring resources and equipment ensuring these are risk assessed, and fit for purpose
- Providing children with wonderful experiences and opportunities giving them the best start in life
- Valuing continuous professional development for all staff and accessing a variety of training and development to support the needs of the children in the nursery
- Appropriately assessing children's learning and development and recognising where children may need support and acting on this quickly
- Evaluating the effectiveness of training and link to the outcomes for children
- Ensuring all staff are confident and supported in their roles and have the training and skills they need to be able to perform their roles
- Conducting regular supervision meetings with all team members to ensure all staff are supported to be the best they can be
- Using peer on peer observations to share, discuss and improve practice across the setting
- Monitoring all practice and feedback ideas for improvement
- Undertaking a quality improvement programme to ensure quality is embedded throughout the nursery
- Engaging with families and carers and supporting the home learning environment
- Operating a robust and embedded quality improvement and evaluation process across the whole setting that includes all parties such as practitioners, children, parents and external partners.

This policy was adopted on	Signed on behalf of the setting	Date for review
<i>30.11.22</i>	<i>Selena Fletcher</i>	<i>30.09.25</i>

Accidents and First Aid

At **GNRC** the safety of all child is paramount and we have measures in place to help to protect children. However sometimes accidents do unavoidably happen.

We follow this policy and procedure to ensure all parties are supported and cared for when accidents or incidents happen and that the circumstances of the accident or incident are reviewed with a view to minimising any future risks

Accidents

Location of accident files: **Locked store cupboard**

When an accident or incident occurs, we ensure:

- The child is comforted and reassured first
- The extent of the injury is assessed and if necessary, a call is made for medical support/ambulance
- First aid procedures are carried out where necessary, by a trained paediatric first aider
- The person responsible for reporting accidents, incidents or near misses is the member of staff who saw the incident or was first to find the child where there are no witnesses.
- The accident or incident is recorded on an Accident/Incident Form and it is reported to the setting manager. Other staff who have witnessed the accident may also countersign the form and, in more serious cases, provide a statement. This should be done as soon as the accident is dealt with, whilst the details are still clearly remembered.
- Parents are shown the Accident/Incident Report and informed of any first aid treatment given. They are asked to sign it the same day, or as soon as reasonably practicable after
- The setting manager reviews the accident/incident forms at least monthly for patterns, e.g. one child having a repeated number of accidents, a particular area in the setting or a particular time of the day when most accidents happen. Any patterns are investigated by the setting manager and all necessary steps to reduce risks are put in place
- The setting manager reports any serious accidents/incidents to the registered person for investigation for further action to be taken (i.e. a full risk assessment or report under Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR))
- The Accident File is kept for at least 21 years and three months
- Where medical attention is required, a senior member of staff will notify the parent(s) as soon as possible whilst caring for the child appropriately
- Where medical treatment is required the setting manager will follow the insurance company procedures, which may involve informing them in writing of the accident
- The setting manager/registered provider will report any accidents of a serious nature to Ofsted and the local authority children's social care team (as the local

child protection agency), where necessary. Where relevant such accidents will also be reported to the local authority environmental health department or the Health and Safety Executive and their advice followed. If the setting is an awarded Millie's Mark setting, or working towards the award then the *manager / registered provider will also notify Millie's Mark to meet the requirements under this scheme. Notification must be made as soon as is reasonably practical, but in any event within 14 days of the incident occurring.

Head injuries

If a child has a head injury in the setting then we will follow the following procedure:

- Comfort, calm and reassure the child
- Assess the child's condition to ascertain if a hospital or ambulance is required. We will follow our procedure for this if this is required (see below)
- If the skin is not broken we will administer a cold compress for short periods of time, repeated until the parent arrives to collect their child
- If the skin is broken then we will follow our first aid training and stem the bleeding
- Call the parent and make them aware of the injury and if they need to collect their child
- Complete the accident form
- Keep the child in a calm and quiet area whilst awaiting collection, where applicable
- We will continue to monitor the child and follow the advice on the NHS website as per all head injuries <https://www.nhs.uk/conditions/minor-head-injury/>
- For major head injuries we will follow our paediatric first aid training.

Transporting children to hospital procedure

The manager/staff member must:

- Call for an ambulance immediately if the injury is severe. We will not attempt to transport the injured child in our own vehicle
- Whilst waiting for the ambulance, contact the parent(s) and arrange to meet them at the hospital
- Arrange for the most appropriate member of staff to accompany the child taking with them any relevant information such as registration forms, relevant medication sheets, medication and the child's comforter
- Redeploy staff if necessary to ensure there is adequate staff deployment to care for the remaining children. This may mean temporarily grouping the children together
- Inform a member of the management team immediately
- Remain calm at all times. Children who witness an incident may well be affected by it and may need lots of cuddles and reassurance. Staff may also require additional support following the accident.

If a child has an accident that may require hospital treatment but not an ambulance and you choose to transport children within staff vehicles Citation advise you consider the following in your policy:

- Requesting permission from parents
- Ratio requirements of the setting being maintained
- The age and height of the child, in regards to will they need a car seat? Further guidance can be found at www.childcarseats.org.uk/types-of-seat/
- There are some exceptions for needing a child seat depending again on their age. Further guidance can be found at www.childcarseats.org.uk/the-law/cars-taxis-private-hire-vehicles-vans-and-goods-vehicles/#under-three
- With the fitting of the car seat, we also need to ask has the individual had training in carrying in carrying this out?
- Is this transport covered under business insurance, so a call to your insurance company will be needed, or do they have business insurance on their vehicle?
- Safeguarding of the child needs to be looked at. In certain situations e.g. A designated member of staff should be appointed to plan and provide oversight of all transporting arrangements and respond to any difficulties that may arise. Wherever possible and practicable it is advisable that transport is undertaken other than in private vehicles, with at least one adult additional to the driver acting as an escort. Staff should ensure that their behaviour is safe and that the transport arrangements and the vehicle meet all legal requirements. They should ensure that the vehicle is roadworthy and appropriately insured and that the maximum capacity is not exceeded
- Emergency procedures, e.g. what happens if the child's health begins to deteriorate during the journey.

First aid

The first aid boxes are located : **In the kitchen area**

These are accessible at all times with appropriate content for use with children.

The appointed person responsible for first aid checks the contents of the boxes regularly and replaces items that have been used or are out of date.

The staff first aid box is kept in **the store cupboard**. This is kept out of reach of the children.

First aid boxes should only contain items permitted by the Health and Safety (First Aid) Regulations Act 1981, such as sterile dressings, bandages and eye pads. No other medical items, such as paracetamol should be kept in them.

The appointed person responsible for first aid is Rachel Jones

All of the staff are trained in paediatric first aid and this training is updated every three years.

All first aid trained staff are listed in every room. When children are taken on an outing away from the setting, we will always ensure they are accompanied by at least one member of staff who is trained in first aid. A first aid box is taken on all outings, along with any medication that needs to be administered in an emergency, including inhalers etc.

Food Safety and play

Children are supervised during meal times and food is adequately cut up to reduce choking. The use of food as a play material is discouraged. However, as we understand that learning experiences are provided through exploring different malleable materials the following may be used. These are risk assessed and presented differently to the way it would be presented for eating e.g. in trays,

- Playdough
- Cornflour
- Dried pasta, rice and pulses.

Food items may also be incorporated into the role play area to enrich the learning experiences for children, e.g. Fruits and Vegetables. Children will be supervised during these activities.

Food that could cause a choking hazard, including raw jelly is not used.

Personal protective equipment (PPE)

GNRC provides staff with PPE according to the need of the task or activity. Staff must wear PPE to protect themselves and the children during tasks that involve contact with bodily fluids. PPE is also provided for domestic tasks. Staff are consulted when choosing PPE to ensure all allergies and individual needs are supported and this is evaluated on an ongoing basis.

Dealing with blood

We may not be aware that any child attending the setting has a condition that may be transmitted via blood. Any staff member dealing with blood must:

- Always take precautions when cleaning wounds as some conditions such as hepatitis or the HIV virus can be transmitted via blood.
- Wear disposable gloves and wipe up any blood spillage with disposable cloths, neat sterilising fluid or freshly diluted bleach (one part diluted with 10 parts water). Such solutions must be carefully disposed of immediately after use.

Needle punctures and sharps injury

We recognise that injuries from needles, broken glass and so on may result in blood-borne infections and that staff must take great care in the collection and disposal of this type of material. For the safety and well-being of the employees, any staff member dealing with needles, broken glass etc. must treat them as contaminated waste. If a needle is found the local authority must be contacted to deal with its disposal.

At **GNRC** we treat our responsibilities and obligations in respect of health and safety as a priority and we provide ongoing training to all members of staff which reflects best practice and is in line with current health and safety legislation.

This policy is updated at least annually in consultation with staff and parents and/or after a serious accident or incident.

This policy was adopted on	Signed on behalf of the setting	Date for review
<i>30.11.22</i>	<i>Selena Fletcher</i>	<i>30.09.25</i>

[Back to the top](#)

Immunisation

At **GNRC** we expect that children are vaccinated in accordance with the government's health policy and their age. We ask that parents inform us if their children are not vaccinated so that we can manage any risks to their own child or other children/staff/parents in the best way possible. The manager must be aware of any children who are not vaccinated within the setting in accordance with their age and promote this.

We make all parents aware that some children in the setting may not be vaccinated, due to their age, medical reasons or parental choice. GNRC does not discriminate against children who have not received their immunisations and will not disclose individual details to other parents. However, we will share the risks of infection if children have not had immunisations and ask parents to sign a disclaimer.

We record, or encourage parents to record, information about immunisations on children's registration documents and we update this information as and when necessary, including when the child reaches the age for the appropriate immunisations.

Staff vaccinations policy

It is the responsibility of all staff to ensure they keep up-to-date with their vaccinations, as recommended by the Government/NHS vaccination schedule and keep the setting informed.

If a member of staff is unsure as to whether they are up-to-date, then we recommend that they visit their GP or practice nurse for their own good health.

Emergency information

We keep emergency information for every child and update it every six months with regular reminders to parents in newsletters, at parents' evenings and a reminder notice on the Parent Information Board.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Allergies and Allergic Reactions

At **GNRC** we are aware that children may have or develop an allergy resulting in an allergic reaction. We aim to ensure allergic reactions are minimised or, where possible, prevented and that staff are fully aware of how to support a child who may be having an allergic reaction.

Our procedures

- All staff are made aware of the signs and symptoms of a possible allergic reaction in case of an unknown or first reaction in a child. These may include a rash or hives, nausea, stomach pain, diarrhoea, itchy skin, runny eyes, shortness of breath, chest pain, swelling of the mouth or tongue, swelling to the airways to the lungs, wheezing and anaphylaxis
- We ask parents to share all information about allergic reactions and allergies on child's registration form and to inform staff of any allergies discovered after registration
- We share all information with all staff and keep an allergy register on display in the rooms
- Where a child has a known allergy, the nursery manager will carry out a full Allergy Risk Assessment Procedure with the parent prior to the child starting the setting and/or following notification of a known allergy and this assessment is shared with all staff. This may involve displaying photos of the children along with their known allergies in the room, where applicable
- All food prepared for a child with a specific allergy is prepared in an area where there is no chance of contamination and served on equipment that has not been in contact with this specific food type, e.g., nuts
- The manager and parents will work together to ensure a child with specific food allergies receives no food at the setting that may harm them.
- Seating is monitored for children with allergies. Where deemed appropriate, staff will sit with children who have allergies and where age/stage appropriate staff will discuss food allergies with the children and the potential risks
- If a child has an allergic reaction to food, a bee or wasp sting, plant etc. a paediatric first aid trained member of staff will act quickly and administer the appropriate treatment, where necessary. We will inform parents and record the information in the incident book.
- If an allergic reaction requires specialist treatment, e.g. an EpiPen, then at least two members of staff working directly with the child and the manager will receive specific medical training to be able to administer the treatment to each individual child.

Food Information Regulations 2014

We incorporate additional procedures in line with the Food Information Regulations 2014 (FIR) including displaying our menus on the website identifying any of the 14 allergens that are used as ingredients in any of our dishes.

In the event of a serious allergic reaction and a child needing transporting children to hospital, the manager/staff member will:

- Call for an ambulance immediately if the allergic reaction is severe. Staff will not attempt to transport the sick child in their own vehicle
- Ensure someone contacts the parent(s) whilst waiting for the ambulance, and arrange to meet them at the hospital
- Arrange for the most appropriate member of staff to accompany the child, taking with them any relevant information such as registration forms, relevant medication sheets, medication and the child's comforter
- Redeploy staff if necessary to ensure there is adequate staff deployment to care for the remaining children. This may mean temporarily grouping the children together
- Inform a member of the management team immediately
- Remain calm at all times and continue to comfort and reassure the child experiencing an allergic reaction. Children who witness the incident may also be well affected by it and may need lots of cuddles and reassurance. Staff may also require additional support following the incident.
- Where a serious incident occurs and a child requires hospital treatment, Ofsted will be informed.

This policy is updated at least annually in consultation with staff and parents and/or after a serious incident.

This policy was adopted on	Signed on behalf of the setting	Date for review
<i>30.11.22</i>	<i>Selena Fletcher</i>	<i>30.09.25</i>

[Back to the top](#)

Sun Care

At **GNRC** we are committed to ensuring that all children are fully protected from the dangers of too much sun/UV rays. Severe sunburn in childhood can lead to the development of malignant melanoma (the most dangerous type of skin cancer) in later life.

We follow guidance from the weather and UV level reports and use the following procedures to keep children safe and healthy in the sun:

- Children must have a clearly labelled sun hat which will be worn at all times whilst outside in sunny weather. This hat will preferably be of legionnaires design (i.e. with an extended back and side to shield children's neck and ears from the sun) to provide additional protection
- Children must have their own labelled high factor sun cream with prior written consent for staff to apply. This enables children to have sun cream suitable for their own individual needs. Staff must be aware of the expiry date and discard sunscreen after this date. Sun cream containing nut-based ingredients will not be allowed in the setting.
- Parents are requested to supply light-weight cotton clothing for their children suitable for the sun, with long sleeves and long legs
- Children's safety and welfare in hot weather is the settings prime objective so staff will work closely with parents to ensure all appropriate cream and clothing is provided
- Staff will make day-to-day decisions about the length of time spent outside depending on the strength of the sun (UV levels); children will not be allowed in direct sunlight between 11.00am – 3.00pm on hot days from March to October, following NHS sun safety advice. Shaded areas are provided to ensure children are able to still go out in hot weather, cool down or escape the sun should they wish or need to
- Children will always have sun cream applied before going outside in the hot weather and at frequent intervals during the day
- Children are encouraged to drink cooled water more frequently throughout sunny or warm days and this will be accessible both indoors and out
- Children are made aware of the need for sun hats, sun cream and the need to drink more fluids during their time in the sun

Vitamin D

Sunlight is important for the body to receive vitamin D. We need vitamin D to help the body absorb calcium and phosphate from our diet. These minerals are important for healthy bones, teeth and muscles. Our body creates vitamin D from direct sunlight on our skin when we are outdoors. Most people can make enough vitamin D from being out in the sun daily for short periods with their hands or other body parts uncovered.

At GNRC we find the right balance to protecting children from sunburn by following the NHS guidance. The benefits are discussed with parents and their wishes followed with regard to the amount of sun cream applied.

We also promote the NHS recommendation to parents that all children aged under 5 years should be given vitamin D supplements even if they do get out in the sun.

This policy was adopted on	Signed on behalf of the setting	Date for review

[Back to the top](#)

Parents as Partners

At **GNRC** we welcome all parents* as partners and support a two-way sharing of information that helps establish trust and understanding. We are committed to supporting parents in an open and sensitive manner and include them as an integral part of the care. Working together ensures we can meet the individual needs of the family and child and provide the highest quality of care and education.

Our policy is to:

- Generate confidence and encourage parents to trust their own instincts and judgement regarding their own child
- Welcome all parents into the club room at any time and provide an area where parents can speak confidentially with us as required
- Ensure documentation and communications are provided in different and accessible formats to suit each parent's needs, e.g. Braille, multi-lingual, electronic communications
- Ensure that all parents are aware of the policies and procedures. A detailed parent welcome pack will be provided and our full policy documents will be available to parents at all times the website
- Maintain regular contact with parents to help us to build a secure and beneficial working relationship for their children
- Inform parents about the range and type of activities and experiences provided for children, the daily routines of the setting, the types of food and drinks provided for children and events through the website
- Consider and discuss all suggestions from parents concerning the care of their child
- Inform all parents of the systems for registering queries, compliments, complaints or suggestions, and to check that these systems are understood by parents
- Make sure all parents have access to our written complaints procedure
- Provide a written contract between the parent(s) regarding conditions of acceptance and arrangements for payment
- Respect the family's religious and cultural backgrounds and beliefs and accommodate any special requirements wherever possible and practical to do so
- Inform parents how GNRC supports children with special educational needs and disabilities
- Find out the needs and expectations of parents. We will do this through regular feedback via questionnaires, suggestion system and encouraging parents to review working practices. We will evaluate any responses and publish these for parents with an action plan to inform future, policy and staff development.

* For the purpose of this publication the term 'parents' will be used to describe all types of primary caregivers, such as biological and adoptive parents, foster carers and guardians.

This policy was adopted on	Signed on behalf of the setting	Date for review
<i>30.11.22</i>	<i>Selena Fletcher</i>	<i>30.09.25</i>

Babysitting

In line with current Safeguarding recommendations and parents terms and conditions, it is the policy of GNRC that staff who are currently employed or who have been employed within six months of leaving are not able to baby sit for children away from the setting.

GNRC has a duty to safeguard all children and adults whilst on our premises and whilst in the care of our staff. If staff care for children at parents' homes outside of setting hours or premises, we cannot guarantee the safety of children or staff, against potential allegations. Therefore, it is our policy that GNRC does not allow employees, current or past to privately care for children away from the setting, as a safeguarding precaution.

GNRC would not be directly held responsible for any health and safety or other issues that may arise from such private arrangements.

All individuals employed by GNRC, are made aware of this policy and therefore should it become known that individuals have agreed to/arranged to babysit for children who attend this setting, it will be deemed as a breach of terms and conditions of employment and will lead to disciplinary action being taken.

Parents sign a 'Terms and Conditions Contract' with GNRC which acknowledges that they are prohibited from directly or indirectly employing, or enticing for employment any member of staff; this includes babysitting. If any parent is in breach of these conditions this may lead to the child's place at GNRC being withdrawn.

Rare Circumstances:

If any member of staff has an agreement to care for a child/children who attend the setting outside of the setting prior to commencing employment at GNRC then they must make this arrangement clear at the time of interview. If an arrangement exists, between an employee and then a child/children joins the setting - then these details must be shared with Management.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>30.09.22</i>	<i>Selena Fletcher</i>	<i>30.09.26</i>

[Back to the top](#)

Separated Family

At **GNRC** we support families going through separation by working closely with the parents to establish the most effective transition and support. We understand that this can be a difficult time and support the child's/children's emotional well-being and report any significant changes in behaviour to the parent. Parents are signposted to relevant services and organisation for support for the whole family, where required.

Parental responsibility

While the law does not define in detail what parental responsibility is, the following list sets out some of the key features of someone holding parental responsibility. These include:

- Providing a home for the child
- Having contact with and living with the child
- Protecting and maintaining the child
- Disciplining the child
- Choosing and providing for the child's education
- Determining the religion of the child
- Agreeing to the child's medical treatment
- Naming the child and agreeing to any change of the child's name
- Accompanying the child outside the UK and agreeing to the child's emigration, should the issue arise
- Being responsible for the child's property
- Appointing a guardian for the child, if necessary
- Allowing confidential information about the child to be disclosed.

England

If the parents of a child are married to each other at the time of the birth, or if they have jointly adopted a child, then they both have parental responsibility. Parents do not lose parental responsibility if they divorce, and this applies to both the resident and the non-resident parent.

This is not automatically the case for unmarried parents. According to current law, a mother always has parental responsibility for her child. However, a father has this responsibility only if he is married to the mother when the child is born or has acquired legal responsibility for his child through one of these three routes:

- By jointly registering the birth of the child with the mother (From 1 December 2003)
- By a parental responsibility agreement with the mother
- By a parental responsibility order, made by a court.

Registration

During the registration process we collect details about both parents including who has parental responsibility, as this will avoid any future difficult situations.

We request these details on the child registration form. If a parent does not have parental responsibility, or has a court order in place to prevent this, we must have a copy of this documentation for the child's records.

If a child is registered by one parent of a separated family, we request disclosure of all relevant details relating to the child and other parent such as court orders or injunctions. This will make sure we can support the child and family fully in accordance with the policy set out below.

We will:

- Ensure the child's welfare is paramount at all times
- Comply with any details of a court order where applicable to the child's attendance at the setting where we have seen a copy/have a copy attached to the child's file
- Ensure any incident or accident within the setting relating to the child is reported to the person collecting the child
- Ensure that all matters known by the staff pertaining to the family and the parent's separation remain confidential
- Ensure that no member of staff takes sides regarding the separation and treats both parents equally and with due respect
- Not restrict access to any parent with parental responsibility unless a formal court order is in place. We respectfully ask that parents do not put us in this position.
- We will seek legal advice in the case of any disputes regarding the care/collection and sharing of information, where required to ensure we meet all legal requirements

We ask parents to:

- Provide us with all information relating to parental responsibilities, court orders and injunctions
- Update information that changes any of the above as soon as practicably possible
- Work with us to ensure continuity of care and support for your child
- Not involve staff in any family disputes, unless this directly impacts on the care we provide for the child
- Talk to the manager away from the child when this relates to family separation in order to avoid the child becoming upset. This can be arranged as a more formal meeting or as an informal chat
- Not ask the setting to take sides in any dispute. We will only take the side of your child and this will require us to be neutral at all times.

This policy was adopted on	Signed on behalf of the setting	Date for review

Outdoor Play

At **GNRC** we recognise the importance of daily outdoor play and the physical development and are committed to ensure all children have daily access regardless of their age and stage of development. Where possible this includes the children having free access to the outdoors allowing them the freedom to play indoors or out. We provide an inclusive outdoor play environment with areas for non-mobile children to freely explore. We make reasonable adjustments where required, in line with the Equality Act 2010. We go out to play with all children in all weathers (unless it is deemed unsafe).

We understand the vital role that learning outdoors has on children's learning and development as well as the importance of regular access to outdoor play in order to keep fit and healthy, develop children's large and fine motor skills, experience learning in a natural environment and access sunlight in order to absorb vitamin D more effectively. We also refer to The Chief Medical Office guidance on physical activity.

The outdoor areas, both within the setting grounds and in the local community have a wealth of experiences and resources which help children to learn and develop in a variety of ways, including independence, exploration and investigative skills, risk taking and self-esteem, all of which support children to develop skills now and for the future.

We take reasonable steps to ensure the safety of children through risk assessments whilst balancing the benefits to learning through providing an element of 'risky play'. This type of play allows children to explore and find their own boundaries in a safe environment with supportive practitioners. Staff are informed of the importance of safety procedures and are trained appropriately to ensure these procedures are followed effectively.

We ensure outdoor play is adequately supervised and we have robust safety checks in place, including regular head counts.

We obtain parental permission before any child leaves the setting during the day. This includes short outings into the local community. There is more information in the outings policy.

We plan all outdoor play opportunities and outings to complement the early years curriculum, this includes providing children with purposeful activities and quality resources that support and follow their individual interests and the seven areas of learning and development. We plan both adult-led and child-initiated opportunities to enable children to learn and practice new skills, knowledge and behaviours. Where possible and in line with the children's needs we will also often have snacks and meals outdoors and some children will sleep outdoors (see sleep policy).

Where activities take place away from the setting (e.g. rec) then a mobile phone and first aid kit will be taken to ensure the safety of children at all times. A trained paediatric first aider will be present when away from the main setting.

We use this policy alongside the following policies to ensure the safety and welfare of children throughout their time outside:

- Health and Safety
- Sun Care
- Lost Child Policy
- Parents and Carers as Partners
- Supervision of Children
- Safeguarding and Child Protection
- Outings.

This policy was adopted on	Signed on behalf of the setting	Date for review

[Back to the top](#)

Multiple Birth Families Policy

At **GNRC** we aim to ensure that all families are included and supported fully, no matter how big or small. There are more and more multiple births occurring in the UK, twins, triplets and even more. As a setting we accommodate all families and work together with parents to ensure all children are treated as individuals and supported to make the best progress they can.

This policy should be read in conjunction with our Settling in Policy and Partnership with Parent Policies. In addition to these to support the needs of multiple birth families, we will:

Twins, triplets and other multiple birth children will have unique relationships with their sibling, different to any other relationship in the setting so we will take this into consideration with all aspects of care and early learning.

To this end we will:

- Acknowledge multiple birth relationship as special and to be celebrated as well as enabling children to develop as individuals
- Work with parents to explore each child's individual preferences, interests, needs and starting points including, where applicable ways for staff to identify them apart
- Complete individual forms for each child to discover their individual routines, specific requirements, dietary needs etc.
- Recognise and celebrate all individual achievements
- Report back on each child separately at the end of the day to the parents
- Consider separation if this is beneficial for their development. Parents, and where appropriate the children, will be involved in the decision for when, where and how this may occur (e.g. focused activities, outdoor play)
- Arrange parental consultations for each child. Each child will receive the same time during the consultation as any other child in the setting. Assessments will be shared based on their individual progress and comparisons between the children will not be made, any concerns will be discussed as per SEND policy
- Understand that each child is unique and not expect them to behave in the same manner, excel in the same areas or enjoy the same activities.

This policy was adopted on	Signed on behalf of the setting	Date for review

Bereavement

Legislation

- The Parental Bereavement Leave and Pay Act 2018

At **GNRC** we recognise that children and their families may experience grief and loss of close family members or friends or their family pets whilst with us in the setting. We understand that this is not only a difficult time for families but it may also be a confusing time for young children, especially if they have little or no understanding of why their parents are upset and why this person/pet is no longer around.

We aim to support both the child and their family and will adapt the following procedure to suit their individual needs and family preferences:

- We ask that if there is a loss of a family member or close friend that the parents inform the setting as soon as they feel able to. This will enable us to support both the child and the family wherever we can and helps us to understand any potential changes in behaviour of a child who may be grieving themselves
- The manager will talk with the family to ascertain what support is needed or wanted from the setting. This may be an informal discussion or a meeting away from the child to help calm a potentially upsetting situation
- The child may need extra support or one-to-one care during this difficult time. We will adapt our staffing arrangements so the child is fully supported by the most appropriate member of staff on duty, where possible the child's key person
- We will be as flexible as possible to adapt the sessions the child and family may need during this time.

We will adapt the above procedure as appropriate when a family pet dies to help the child to understand their loss and support their emotions through this time.

We also recognise that there may also be rare occasions when GNRC team is affected by a death of a child or member of staff. This will be a difficult time for the staff team, children and families. Below are some agencies that may be able to offer further support and counselling if this occurs.

The Samaritans: www.samaritans.org 116 123

Death of a Child

If an employee has a death of a child under the age of 18 or suffers a stillbirth from 24 weeks of pregnancy, all employees will be entitled to two weeks paid leave; subject to meeting the eligibility criteria having been employed for at least 26 weeks.

Support will be given, including making reasonable adjustments on the return to work and further ongoing support will be provided.

[Back to the top](#)

Nutrition and Mealtimes

At **GNRC** we believe that mealtimes should be happy, social occasions for children and staff alike. We promote shared, enjoyable positive interactions at these times.

We will ensure that:

- A balanced and healthy snacks are provided for children attending a the setting
- We provide nutritious food at all snack and meal times, avoiding large quantities of fat, sugar, salt and artificial additives, preservatives and colourings
- Fresh drinking water is always available and accessible. It is frequently offered to children and intake is monitored. In hot weather staff will encourage children to drink more water to keep them hydrated
- Individual dietary requirements are respected. We gather information from parents regarding their children's dietary needs, including any special dietary requirements, preferences and food allergies that a child has and any special health requirements, before a child starts or joins GNRC. Where appropriate we will carry out a risk assessment in the case of allergies and work alongside parents to put into place an individual dietary plan for their child
- We give careful consideration to seating to avoid cross contamination of food from child to child. Where appropriate an adult will sit with children during meals to ensure safety and minimise risks. Where appropriate, age/stage discussions will also take place with all children about allergies and potential risks to make them aware of the dangers of sharing certain foods
- Staff show sensitivity in providing for children's diets and allergies. They do not use a child's diet or allergy as a label for the child, or make a child feel singled out because of her/his diet or allergy
- Staff set a good example and eat with the children and show good table manners. Meal and snack times are organised so that they are social occasions in which children and staff participate in small groups. During meals and snack times children are encouraged to use their manners and say 'please' and 'thank you' and conversation is encouraged
- Staff support children to make healthy choices and understand the need for healthy eating
- Cultural differences in eating habits are respected
- Children who refuse to eat at the mealtime are offered food later in the day
- Children are given time to eat at their own pace and not rushed
- We promote positive attitudes to healthy eating through play opportunities and discussions
- No child is ever left alone when eating/drinking to minimise the risk of choking
- We allow parents to bring in cakes on special occasions. We ensure that all food brought in from parents meets the above and health and safety requirements and ingredients that are listed within the Food Information for Consumers (FIR) 2014 and detailed in the allergens policy and procedure
- In the very unlikely event of any food poisoning affecting two or more children on the premises, whether or not this may arise from food offered at the setting,

we will inform Ofsted as soon as reasonably practical and in all cases within 14 days. We will also inform the relevant health agencies and follow any advice given.

This policy was adopted on	Signed on behalf of the setting	Date for review

[Back to the top](#)

Food Play

At **GNRC** we ensure any food we use for play with the children is carefully supervised. We will also use the following procedures to ensure children are kept safe:

- Choking hazards are checked and avoided
- We will not use whole jelly cubes for play. If we do use jelly to enhance our play then all jelly will be prepared with water as per the instructions and then used
- Small objects such as dried pasta and pulses will only be used for older children and under supervision
- All allergies and intolerances will be checked and activities will be adapted to suit all children's needs so no child is excluded
- All activities including food will be included on the planning sheets showing all allergens so all staff and parents are aware of the ingredients
- Children's allergies will be visible to staff when placing out food play activities to ensure all needs are met
- Any cooking activities will be checked prior to start to ensure all children are able use all the ingredients based on their individual needs
- We will not use food in play unless it enhances the opportunities children are receiving from the activity. Many of the food will be reused in other activities, especially the dry materials.

[Back to the top](#)

Conflict Resolution with Parents and Aggressive Behaviour Policy

At **GNRC** we believe that we have a strong partnership with our parents and an open door policy to discuss any matters arising (if applicable).

If as a parent you have any concerns or issues you wish to raise with the setting then please follow the complaints procedure.

In the case of a parent emailing, calling or using social media to complain the setting will direct them to the correct procedure for raising a complaint.

We have a zero tolerance on abusive calls, emails, social media contact and face to face confrontation.

Calls of an aggressive/abusive manner

The call taker receiving a call leading to abusive/aggressive will remain calm and professional and ask them to follow the complaints policy. If the abuse continues the call taker will end the call. Any abusive calls will be logged with an outline of the conversation.

Emails of an aggressive/abusive manner

The responder will ask the parents to come into the setting to speak in person, as per our complaints policy. If the emails persist the manager may seek legal action. All emails will be kept as evidence until the matter is resolved.

Social Media

If slanderous or abusive messages appear on any social media sites we will address these immediately with a request to follow our complaints procedure. We will endeavour to resolve any issue raised through our complaints procedure. If slanderous/abusive messages continue we will seek legal action against the complainant.

In the unlikely event that a parent starts to act in an aggressive or abusive way about GNRC, our policy is to:

- Direct the parent away from the children and into a private area such as the office (where appropriate)
- Ensure that a second member of staff is in attendance, where possible, whilst continuing to ensure the safe supervision of the children
- Act in a calm and professional way, ask the parent to calm down and make it clear that we do not tolerate aggressive or abusive language or behaviour
- Contact the police if the behaviour escalates
- Once the parent calms down, the member of staff will then listen to their concerns and respond appropriately
- An incident form will be completed detailing the time, reason and action taken
- Management will provide any support and reassurance that staff may need following the experience, and seek further support where necessary
- Management will also signpost parents to further support where applicable
- Staff will protect the privacy of the children in our care and ensure that information regarding the incident is kept confidentially.

This policy will be followed in the event of any other visitors/member of the public displaying this type of behaviour either by phone, email, social media or in person.

This policy was adopted on	Signed on behalf of the setting	Date for review

Access and Storage of Information

At **GNRC** we have an open access policy in relation to accessing information about the setting and parents' own children. This policy is subject to the laws relating to data protection and document retention.

Parents are welcome to view the policies and procedures of the setting which govern the way in which the GNRC operates. These may be viewed at any time on the website. The manager or any other relevant staff member will also explain any policies and procedures to parents or use any other methods to make sure that parents understand these in line with GNRC'S communications policy.

Parents are also welcome to see and contribute to all the records that are kept on their child. However, we must adhere to data protection laws and, where relevant, any guidance from the relevant agencies for child protection.

As we hold personal information about staff and families, we are registered under data protection law with the Information Commissioner's Office. All parent, child and staff information is stored securely according to the requirements of data protection registration including details, permissions, certificates and photographic images. We will ensure that staff understand the need to protect the privacy of the children in their care as well as the legal requirements that exist to ensure that information relating to the child is handled in a way that ensures confidentiality.

GNRC's records and documentation that are required to be kept and stored by current legislation are performed in accordance with minimum legal archiving requirements. We currently archive these records for at least 24 years to ensure we are covered for any child protection concerns.

GNRC records and documentation that are not required to be kept are deleted or destroyed in line with the current data protection laws and our Privacy Notice which can be found on our website.

If Parents have a specific deletion or retention request regarding any data that we hold, please raise a query in writing and we will respond formally to your request.

GNRC's records and documentation are kept and stored in accordance with minimum legal archiving requirements. We currently archive records for at least 21 years and three months.

This policy will be reviewed annually and amended according to any change in law/legislation.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Late Collection and Non-Collection

At **GNRC** have Breakfast, after-school and all day holiday Club sessions. Parents are able to drop and/or collect their child from Club flexibly within this time period asking them to be no later than the session end time, for example if they attend the breakfast session we expect children to be dropped off no later than 8.15am, and afternoon/all day session no later than 6pm. We understand that some parents may arrive earlier to collect their child, this is acceptable. However, the full fees still remain in place for the allocated session times.

We give parents information about the procedures to follow if they expect to be late. These include:

- Agreeing a safety password with the setting in advance to be used by anyone collecting a child who is not the parent (designated adult)
- Calling the setting or admin team as soon as possible to advise of their situation and expected time of arrival
- Asking a designated adult to collect their child wherever possible
- Informing the setting of this person's identity so the staff can talk to the child if appropriate. This will help to reduce or eliminate any distress caused by this situation
- If the designated person is not known to the staff, the parent must provide a detailed description of this person, including their date of birth where known. This designated person must know the individual child's safety password in order for the staff to release the child into their care. This is the responsibility of the parent.

If a child has not been collected from the setting we initiate the following procedure:

- The manager will check for any information regarding changes to normal routines, parents' work patterns or general information. If there is no information recorded, the manager will try to contact the parents on the telephone numbers provided for their mobile, home or work. If this fails the manager will try the emergency contacts shown on the child's records
- The manager/staff member in charge and one other member of staff must stay behind with the child (if outside normal operating hours). If the parents have still not collected the child, the manager will telephone all contact numbers available every 10 minutes until contact is made. These calls will be logged on a full incident record
- In the event of no contact being made after one hour has lapsed, the person in charge will ring the local authority children's social services emergency duty team
- The setting will inform Ofsted as soon as convenient
- The two members of staff will remain in the building until suitable arrangements have been made for the collection of the child
- The child's welfare and needs will be met at all times and to minimise distress staff will distract, comfort and reassure the child during the process
- In order to provide this additional care a late fee will be charged to parents. This will pay for any additional operational costs that caring for a child outside their normal hours may incur.

[Back to the top](#)

Admissions

At **GNRC** we care for primary school aged children in our wrap around care

The setting will use the following admission criteria which will be applied in the following order of priority:

1. Looked after children
2. A child known by the local authority to have special educational needs and/or a disability (SEND) and whose needs can be best met at the preferred setting
3. A vulnerable child with either a Child Protection or a Child in Need Plan, or in receipt of other local authority support
4. Children who have siblings who are already with us

We operate a waiting list and places are offered on an availability basis.

We operate an inclusion and equality policy and ensure that all children have access to wrap around services irrespective of their gender, race, disability, religion or belief or sexual orientation of parents.

Prior to a child attending setting, parents must complete an application form. These forms provide the setting with personal details relating to the child. For example, name, date of birth, address, emergency contact details, parental responsibilities, dietary requirements, collection arrangements, fees and sessions, contact details for parents, doctor's contact details, health visitor contact details, allergies, parental consent.

This policy was adopted on	Signed on behalf of the setting	Date for review

[Back to the top](#)

Arrivals and Departures

At **GNRC** we give a warm welcome and goodbye to every child and family on their arrival and departure, as well as ensuring the safety of children, parent/carers, visitors, employees, volunteers and students.

The staff member opening the door immediately records his/her arrival in the daily attendance register. The staff member also records any specific information provided by the parents, including the child's interests, experiences and observations from home.

If the child is to be collected someone who is not the parent at the end of the session, there is an agreed procedure that must be followed to identify the designated person. A password is required where possible for the designated adult. Parents are informed about these arrangements and reminded about them regularly.

The parent should be told about any accidents or incidents and the appropriate records must be signed by the parent before departure. Where applicable, all medicines should be recovered from the medicine box/fridge after the parent has arrived and handed to him/her personally. The medication policy is to be followed regarding parental signature.

The setting will not release a child to anyone other than the known parent unless an agreement has been made at the time of arrival. In the case of any emergency such as a parent being delayed and arranging for a designated adult to collect a child, the parent should inform the designated person of the agreed procedure and contact the setting about the arrangements as soon as possible. If in any doubt the setting will check the person's identity by ringing the child's parent or their emergency contact number (please refer to the late collection policy).

On departure, the staff member releasing the child must mark the child register immediately marked to show that the child has left the premises.

Parents/carers will be informed and reminded not to allow any other person onto the premises when dropping-off or collecting, this is to ensure the safety at all times. In the unlikely event that someone gains unauthorised access to the premises and if it feels safe to do so, a member of staff will ask the person what the purpose of their visit is. If needed our lockdown procedure will be initiated by staff and the police will be called. (Refer to lockdown procedure).

Adults arriving under the influence of alcohol or drugs

Please refer to the alcohol and substance misuse policy.

Arrivals and departures of visitors

For arrivals and departures of visitors the setting requires appropriate records to be completed on entry and exit e.g. in the visitors' book. Please refer to supervision of visitors policy for further information.

Staff, Students and Volunteers

Staff, students and volunteers are responsible for ensuring they sign themselves in and out of the building, including on breaks and lunchtimes.

This policy was adopted on	Signed on behalf of the setting	Date for review

[Back to the top](#)

Operational Plan

At **GNRC** we provide quality affordable childcare for the families in and around the local community. Quality childcare brings not only huge benefits for the children but also benefits for the whole community, enabling parents to start and/or return to work, combine employment with family life and enabling employers to retain and recruit employees from the local community.

We want parents to feel confident about the quality of care that is provided for their child in order for them to have no concerns for their child's health, welfare and early learning. We continuously reflect on the quality we provide and further develop our practice in line with policy, research, best practice and internal/external feedback. We ensure we update our business/action plan at least annually and combine this information.

We welcome parent's opinions and contributions to the quality improvement process and actively seek feedback through questionnaires, parents' evenings and informal discussion, which is recorded.

In order for **GNRC** to run effectively and efficiently serve local community needs, it is important that we have an operational plan that is implemented, reviewed and revised on a regular basis. This plan is a blueprint for managing the settings. It describes how the setting is run and what type of service is provided. It describes the service, the structure of the setting, who is responsible and guidance on practices and procedures.

The plan is used by the manager, staff, parents and outside agencies as a reference tool for general day-to-day practice and a tool against which to assess the quality of the service provided. We will review this policy on a regular basis (yearly), using reflective practice, and make and implement any necessary changes following a review.

This policy was adopted on	Signed on behalf of the setting	Date for review
30.11.22	<i>Selena Fletcher</i>	30.09.25

[Back to the top](#)

Record Retention Policy

This policy is subject to the laws relating to data protection and document retention.

We are required under legislation to keep certain records about children, parents and also staff members. Due to this legislation we are required to keep this information for a set amount of time.

Below is a brief overview of the information we keep and for how long. This policy should be used in conjunction with the Access and Storage of Information policy, the Data Protection and Confidentiality policy and the Privacy Notice.

Children's records - A reasonable period of time after children have left the provision. We will follow the Local Authority procedure here and this states they should be kept for **15** years.

Records relating to individual children e.g. care plans, speech and language referral forms – We will pass these on to the child's next school or setting following our Local Authority's protocols for transition and sharing of sensitive records. Copies will be kept for a reasonable period. We will follow the Local Authority procedure here and this states they should be kept for 15 years.

Accidents and pre-existing injuries - If relevant to child protection we will keep these until the child reaches 25 years old.

Safeguarding Records and Cause for Concern forms – We will keep until the child has reached 25 years old.

Records of any reportable death, injury, disease or dangerous occurrence (for children) - As these incidents could result in potential negligence claims, or evolve into a more serious health condition, we keep records until the child reaches the age of 21 years and 3 months.

Records of any reportable death, injury, disease or dangerous occurrence (for staff) – 3 years

Type of accidents include fractures, broken limbs, serious head injuries or where the child is hospitalised.

Observation, planning and assessment records of children - We keep our planning filed since the last inspection date so there is a paperwork trail if the inspector needs to see it.

Information and assessments about individual children is either given to parents when the child leaves or to the next setting/school that the child moves to (with parents' permission).

Personnel files and training records (including disciplinary records and working time records) – 7 years

Visitors/signing in book – Up to 24 years as part of the child protection trail.

This policy will be reviewed annually and amended according to any change in law/legislation.

This policy was adopted on	Signed on behalf of the setting	Date for review

Family Friendly Policy

Maternity rights

This section is for pregnant employees and new mothers. It details their rights, which fall into three main categories:

- Paid time off for antenatal care
- Maternity leave
- Maternity benefits.

Ante-natal care

You are entitled to be paid your normal rate of pay for any appointments during working hours related to antenatal care. In order to receive payment an appointment card must be produced confirming the appointment and you will be expected to return to work after keeping your appointment wherever possible.

When a certificate confirming pregnancy is issued, this must be handed in as soon as possible.

Ordinary maternity leave

You are entitled to 26 weeks ordinary maternity leave and have the right to return to work in your previous job. These rights apply regardless of length of service or the number of hours worked.

If you work full time you have the right to return to your full time position but you do not have the right to return part time. However, your employer will discuss any request for part time work and on request consider offering part time work. Requests should be made in writing to your employer, giving as much notice as possible.

You can start your ordinary maternity leave at any time from the 11th week before the expected week of childbirth (EWC) and there is a two-week compulsory maternity leave period following the birth (four weeks for factory workers). For all maternity leave purposes “childbirth” is either a live birth before the end of the 24th week of pregnancy or a live or still birth after the 24th week of pregnancy.

Throughout the ordinary maternity leave period, all your terms and conditions of employment are maintained with the sole exception of pay.

Additional maternity leave

Additional maternity leave starts at the end of the ordinary maternity leave period and ends 26 weeks later. As with ordinary maternity leave, all your terms and conditions of employment are maintained throughout this period with the sole exception of pay.

Notification

The notice periods detailed below must be complied with in order to safeguard your rights.

You must notify your employer in writing by the 15th week before the EWC of the following:

- That you are pregnant,

- The EWC,
- The date on which you intend to start your maternity leave.

You must also provide a certificate (normally a form MAT B1) stating the EWC. Your employer will then write to you within 28 days to confirm your date of return to work. You can change the date on which you intend to start your maternity leave by giving your employer at least 28 days written notice.

Returning to work

If you take the full entitlement to maternity leave your return date will be the date previously notified to you by your employer. If you wish to return early you must give your employer eight weeks' written notice of your early return date. Your early return may be delayed if this procedure is not followed.

If you intend to return to work at the end of your maternity leave but fail to do so, your employer's normal rules regarding absence will apply.

Maternity benefits

Although you do not need any qualifying service or to work a minimum number of hours to be entitled to maternity leave or the right to return to work, in order to qualify for Statutory Maternity Pay (SMP) from your employer, you need to have the following:

- At least 26 weeks continuous service at the end of the 15th week before the EWC (this is known as the "qualifying week" for maternity pay purposes)
- Average earnings above the National Insurance lower earnings limit during the eight weeks before the qualifying week.

If you meet these conditions you are entitled to a maximum of 39 weeks SMP which is calculated as:

- Six weeks at 90% of average weekly earnings
- 33 weeks at the lesser of the lower rate of SMP or 90% of average weekly earnings.

If you do not qualify for SMP you may be entitled to Maternity Allowance (MA).

Sickness absence during pregnancy

If you are absent from work because of a pregnancy related illness or reason at any time during the four weeks before your EWC, the ordinary maternity leave period begins on the first day of absence. If the pregnancy related absence began before the fourth week, then the ordinary maternity leave period begins at the start of the fourth week.

If you are absent from work and the illness is not pregnancy related, the maternity leave period will begin on the date you have previously notified.

If you are absent from work in the weeks leading up to your maternity leave it may affect the higher rate of SMP (90% of normal pay) because it is based on your average earnings in the eight weeks prior to the qualifying week.

Adoption rights

This section is similar to the previous section but deals with employee rights on the adoption of a child, which fall into three main categories:

- Paid time off to attend pre-adoption appointments
- Adoption leave
- Adoption benefits.

Pre-adoption appointments

If you are the primary or sole adopter and you have been advised that a child is due or expected to be placed with you for adoption you are entitled to be paid your normal rate of pay for up to five pre-adoption appointments during working hours. The appointments must have been made by or at the request of the adoption agency and in order to receive payment an appointment card must be produced confirming each appointment. The maximum time off for each appointment is six and a half hours and you will be expected to return to work after keeping your appointment wherever possible.

Ordinary adoption leave

If you are the adoptive parent who has elected to take adoption leave you have the right to 26 weeks ordinary adoption leave, which includes two weeks' compulsory adoption leave. You can start your adoption leave as soon as the child is placed with you for adoption or if pre-notified up to 14 days before that date.

You are entitled to return to work in your previous job after the ordinary adoption leave period. If you work full time you have the right to return to your full time position but you do not have the right to return part time. However, your employer will discuss any request for part time work and on request consider part time work. Requests should be made in writing to your employer, giving as much notice as possible.

Throughout the ordinary adoption leave, all your terms and conditions of employment are maintained with the sole exception of pay.

Additional adoption leave

If you are entitled to ordinary adoption leave, additional adoption leave starts at the end of the ordinary adoption leave period and ends 26 weeks later. As with ordinary adoption leave, all your terms and conditions of employment are maintained throughout this period with the sole exception of pay.

Notification

The notice periods detailed below must be complied with in order to safeguard your rights.

You must notify your employer in writing of the following no later than seven days after being matched with a child for adoption:

- The date of placement of the child for adoption,
- The date on which you intend to start your adoption leave.

You must also provide an Adoption Certificate from the approved adoption agency.

Your employer will then write to you within 28 days to confirm your date of return to work. You can change the date on which you intend to start your adoption leave by giving your employer at least 28 days' written notice.

Returning to work

If you take the full entitlement to adoption leave your return date will be the date previously notified to you by your employer. If you wish to return early you must give your employer eight weeks' written notice of your early return date. Your early return may be delayed if this procedure is not followed.

If you intend to return to work at the end of your adoption leave but fail to do so, your employer's normal rules regarding absence will apply.

Adoption benefits

Although you do not need any qualifying service or to work a minimum number of hours to be entitled to adoption leave or the right to return to work, in order to qualify for Statutory Adoption Pay (SAP) from your employer, you need to have the following:

- At least 26 weeks continuous service at the end of the week in which the child was matched with you for adoption
- Average earnings above the National Insurance lower earnings limit during the eight weeks before the week in which the child was matched with you for adoption.

If you meet these conditions you are entitled, subject to special rules where the adoption is disrupted or where the child reaches age 18, to a maximum of 39 weeks SAP, calculated as:

- Six weeks at 90% of average weekly earnings,
- 33 weeks at the lesser of the lower rate of SAP or 90% of average weekly earnings.

In order to be paid SAP, you should notify your employer in writing of the following no later than 28 days before the date on which you wish your SAP period to begin:

- The name and address of the approved adoption agency
- The date on which the child is expected to be placed for adoption and where the child has already been placed for adoption, the date of placement
- The date on which you were informed that the child was to be placed with you for adoption.

Paternity rights (birth)

Ante-natal appointments

You are entitled to accompany the child's mother on up to two ante-natal appointments without pay during working hours. This is on condition that you have or expect to have responsibility for the upbringing of the child and that you are the biological father of the child or are married to or are the partner of the child's mother. The maximum time off for each appointment is six and a half hours and you will be expected to return to work after keeping your appointment wherever possible.

Ordinary paternity leave

If you have at least 26 weeks continuous service at the end of the 15th week before the EWC, you are entitled to choose to take either one week or two consecutive weeks of ordinary paternity leave if you meet the following conditions:

- You have or expect to have responsibility for the upbringing of the child
- You are the biological father of the child or are married to or are the partner of the child's mother.

You cannot start your ordinary paternity leave until the child is born and it must end within 56 days beginning with the date on which the child is born or the first day of the EWC, whichever is the later. You must give prior notice of the day you intend to start your ordinary paternity leave, which can be:

- The day on which the child is born
- A day which you specify as a number of days after the day on which the child is born
- A pre-determined date, which must be later than the first day of the EWC.

Throughout the ordinary paternity leave, all your terms and conditions of employment are maintained with the sole exception of pay.

Paternity benefits

If you are entitled to ordinary paternity leave and your average earnings were above the National Insurance lower earnings limit during the eight weeks up to and including the 15th week before the EWC, you are entitled to be paid Statutory Paternity Pay (SPP). SPP is paid during the entire ordinary paternity leave period and is the lesser of:

- the standard rate of SPP or
- 90% of average weekly earnings.

Notification

To safeguard your rights to ordinary paternity leave and pay you must complete Form SC3 by the 15th week before the EWC. You can change the date on which you intend to start your ordinary paternity leave by completing a new Form SC3 at least 28 days before the original leave date.

Paternity rights (adoption)

Pre-adoption appointments

If you are the primary adopter's partner and you have been advised that a child is due or expected to be placed with you, you are entitled to attend up to two pre-adoption appointments without pay during working hours. The appointments must have been made by or at the request of the adoption agency and the maximum time off for each appointment is six and a half hours. You will be expected to return to work after keeping your appointment wherever possible.

Ordinary paternity leave

If you have at least 26 weeks continuous service at the end of the week in which the child's adopter is matched with the child for a UK adoption, you are entitled to choose to take either one week or two consecutive weeks of ordinary paternity leave if you meet the following conditions:

- You are not taking adoption leave in respect of the child

- You have or expect to have responsibility for the upbringing of the child
- You are married to or are the partner of the child's adopter.

You cannot start your ordinary paternity leave before the day the child is placed with the adopter and it must end within 56 days beginning with the date of placement. You must give prior notice of the day you intend to start your ordinary paternity leave, which can be:

- The day on which the child is placed with the adopter
- A day which you specify as a number of days after the day on which the child is placed with the adopter
- A pre-determined date, which must be later than the date on which the child is expected to be placed for adoption.

Throughout the ordinary paternity leave, all your terms and conditions of employment are maintained with the sole exception of pay.

Paternity benefits

If you are entitled to ordinary paternity leave and your average earnings were above the National Insurance lower earnings limit during the eight weeks before the week in which the child was matched for adoption, you are entitled to be paid Statutory Paternity Pay (SPP). SPP is paid during the entire ordinary paternity leave period and is the lesser of:

- the standard rate of SPP or
- 90% of average weekly earnings.

Notification

To safeguard your rights to ordinary paternity leave and pay you must complete a Form SC4 no later than seven days after the date on which the adopter is notified of having been matched with the child for adoption. You can change the date on which you intend to start your ordinary paternity leave by completing a new Form SC4 at least 28 days before the original leave date.

Shared parental rights (birth)

Introduction

Many parents will be able to share leave in the year after their child's birth and take leave in a more flexible way by stopping and starting their shared parental leave, taking their leave at the same time, and returning to work between periods of leave.

To qualify for shared parental leave you must have at least 26 weeks continuous service at the end of the 15th week before the EWC and still be in employment the week before you take the shared parental leave. In addition, you must share the main responsibility for the care of the child that the shared parental leave and pay relates to with the other parent and meet an 'employment and earnings' test.

Opting into shared parental leave and pay

If the mother and her partner agree, the mother can curtail her current maternity leave and 'convert' what remains of the leave period into shared parental leave (SPL). The mother must do this by giving formal notice to her employer and, if you are the mother, we have a form that can be completed to provide the required information. At least

eight weeks' notice must be given to curtail maternity leave, at which time the mother and her partner must also give their respective employers an indication of how they intend to take the shared parental leave and pay.

The mother's notice to curtail maternity leave will normally be accompanied by a notice of entitlement to take shared parental leave and a request for a period of shared parental leave and pay. Once notice to curtail maternity leave has been given, it can only be withdrawn in very limited circumstances. However, if the mother gives notice to curtail her maternity leave before the child is born, she has up to six weeks after the birth to change her mind. If the mother revokes her curtailment notice, she remains on maternity leave and can give a new notice to curtail her maternity leave at a later date.

Taking shared parental leave

Before you can take shared parental leave and pay you must provide your employer with a notice of your entitlement to shared parental leave and pay, and this must be accompanied by a 'declaration' from your partner. This is a 'one off' notice and, if you are the mother, you will already have given this notice with your notice to curtail your maternity leave. If you are the mother's partner we have a form that can be completed to provide the required information. The total number of weeks of SPL available is 52 weeks minus the maternity leave that the mother has already taken (including the compulsory maternity leave period). The leave must be taken in whole weeks (part-weeks count as whole weeks), and it must be taken before the child's first birthday.

All your terms and conditions of employment are maintained throughout the SPL period with the sole exception of pay and, if your combined total of maternity/paternity and SPL does not exceed 26 weeks, you are entitled to return to work in your previous job. If you work full time you have the right to return to your full time position but you do not have the right to return part time. However, your employer will discuss any request for part time work and on request consider part time work. Requests should be made in writing to your employer, giving as much notice as possible.

Notification

You are allowed three 'notifications' to take a period of SPL. A minimum of eight weeks' notice must be given before each period of leave, and the mother's first notice to take SPL will usually be included as part of the notice to curtail maternity leave.

If your notice is for a continuous period of SPL, for example six weeks off, it cannot be refused. If however your notice is for a discontinuous period of leave, for example six weeks comprising three weeks of SPL, three weeks in work, then three weeks of SPL, this can be refused. The first two weeks of the eight week notice period are to enable you and your employer to discuss this type of request and to try to reach agreement on the pattern of leave.

If agreement cannot be reached you have until the 15th day after you submitted your request (i.e. the day after the discussion period expires) to either let the request stand or to withdraw the request. If you let the request stand your employer can insist that the SPL is taken as a period of continuous leave (in the above example as a continuous period of six weeks). You then have five days in which to decide the start date for the period of continuous leave, otherwise it will start on the date of the first

period you previously notified. Alternatively, you can withdraw the request and it will not count as one of your three notifications.

If you want to change the dates of a previously notified period of SPL and your employer agrees to this, then the change does not count as a formal 'notification'. If, however, your employer does not agree to the change you can submit a formal notification of the change (giving at least eight weeks' notice). Your employer will have to accept this notification, but the change will count as one of your three 'notifications'.

Statutory Shared Parental Pay

If you qualified for SMP, MA or SPP you will also qualify for Statutory Shared Parental Pay (SSPP). The total number of weeks of SSPP available is 39 weeks minus the number of weeks of SMP already paid to the mother. SSPP is paid at the lesser of:

- The standard rate of SSPP or
- 90% of average weekly earnings.

As there will be more weeks of SPL available than weeks of SSPP, employees who claim SSPP will be required to sign a declaration stating the total pay available and the total pay received.

Shared parental rights (adoption)

Introduction

Many parents will be able to share leave in the year after the adoption and take leave in a more flexible way by stopping and starting their shared parental leave, taking their leave at the same time, and returning to work between periods of leave.

To qualify for shared parental leave you must have at least 26 weeks continuous service at the end of the week in which the adopter is notified of having been matched with a child for adoption and still be in employment the week before you take the shared parental leave. In addition, you must share the main responsibility for the care of the child that the shared parental leave and pay relates to with the other parent and meet an 'employment and earnings test'.

Opting into shared parental leave and pay

If the primary adopter and their partner agree, the primary adopter can curtail their current adoption leave and 'convert' what remains of the leave period into shared parental leave (SPL). The primary adopter must do this by giving formal notice to the employer and if you are the primary adopter, we have a form that can be completed to provide the required information. At least eight weeks' notice must be given to curtail adoption leave, at which time the primary adopter and their partner must also give their respective employers an indication of how they intend to take the shared parental leave and pay.

The primary adopter's notice to curtail adoption leave will normally be accompanied by a notice of entitlement to take shared parental leave and a request for a period of shared parental leave and pay. Once notice to curtail adoption leave has been given, it can only be withdrawn in very limited circumstances.

Taking shared parental leave

Before you can take shared parental leave and pay you must provide your employer with a notice of your entitlement to shared parental leave and pay, and this must be accompanied by a 'declaration' from your partner. This is a 'one off' notice and, if you are the primary adopter, you will already have given this notice with your notice to curtail your adoption leave. If you are the secondary adopter/adopter's partner we have a form that can be completed to provide the required information. The total number of weeks of SPL available is 52 weeks minus the adoption leave that the primary adopter has already taken (including the compulsory adoption leave period). The leave must be taken in whole weeks (part-weeks count as whole weeks), and it must be taken during the first year following the adoption.

All your terms and conditions of employment are maintained throughout the SPL period with the sole exception of pay and if your combined total of adoption/paternity and SPL does not exceed 26 weeks, you are entitled to return to work in your previous job. If you work full time you have the right to return to your full time position but you do not have the right to return part time. However, your employer will discuss any request for part time work and will, on request consider part time work. Requests should be made in writing to your employer, giving as much notice as possible.

Notification

You are allowed three 'notifications' to take a period of SPL. A minimum of eight weeks' notice must be given before each period of leave, and the primary adopter's first notice to take SPL will usually be included as part of the notice to curtail adoption leave.

If your notice is for a continuous period of SPL, for example six weeks off, it cannot be refused. If however, your notice is for a discontinuous period of leave, for example six weeks comprising three weeks of SPL, three weeks in work, then three weeks of SPL, this can be refused. The first two weeks of the eight week notice period are to enable you and your employer to discuss this type of request and to try to reach agreement on the pattern of leave.

If agreement cannot be reached you have until the 15th day after you submitted your request (i.e. the day after the discussion period expires) to either let the request stand or to withdraw the request. If you let the request stand your employer can insist that the SPL is taken as a period of continuous leave (in the above example as a continuous period of six weeks). You then have five days in which to decide the start date for the period of continuous leave, otherwise it will start on the date of the first period you previously notified. Alternatively, you can withdraw the request and it will not count as one of your three notifications.

If you want to change the dates of a previously notified period of SPL and your employer agrees to this, then the change does not count as a formal 'notification'. If, however, your employer does not agree to the change you can submit a formal notification of the change (giving at least eight weeks' notice). Your employer will have to accept this notification, but the change will count as one of your three 'notifications'.

Statutory Shared Parental Pay

If you qualified for SAP or SPP you will also qualify for Statutory Shared Parental Pay (SSPP). The total number of weeks of SSPP available is 39 weeks minus the number of weeks of SAP already paid to the primary adopter. SSPP is paid at the lesser of:

- The standard rate of SSPP or
- 90% of average weekly earnings.

As there will be more weeks of SPL available than weeks of SSPP, employees who claim SSPP will be required to sign a declaration stating the total pay available and the total pay received.

Parental leave

Parents of children born or placed for adoption on or after 15th December 1999 are entitled, on completion of one year's service with the Company, to take unpaid parental leave. The right applies to mothers and fathers and to a person who has legal parental responsibility. Parents who already have at least one year's service are able to start taking parental leave when the child is born or adopted and the remainder are able to start taking parental leave as soon as they have completed one year's service.

Parents are entitled to 18 weeks' leave for each child, to be taken before the child reaches age 18. Parents must give 21 days written notice to take parental leave and it must be taken in blocks or multiples of one week (part weeks, including single days or part days, count as whole weeks) up to a maximum of four weeks in any one year. Parents of disabled children for whom a disability living allowance has been awarded have the additional flexibility to take leave in days without them being counted as whole weeks, although part days count as full days.

Leave can be postponed by the Company for up to six months where the business cannot cope, except when a father gives the above advance notice to take leave immediately after the date when the child is born or when the partner of a primary adopter gives the above advance notice to take leave immediately after the date when the child is placed for adoption.

Time off for dependants

You will be allowed to take reasonable time off work without pay to deal with an emergency involving a dependant. The amount of time off allowed will depend on the circumstances.

For example, if a dependant is ill or injured, reasonable time off will be given to deal with the emergency – this does not mean that you will be allowed to take time off to look after the dependant personally.

Compassionate leave

This leave applies on the death of an employee's spouse, life partner, parent, brother, sister, grandparent, dependent or other relative for whom the employee has special responsibility or has had special ties.

Generally, the amount of time off required will be at the manager's discretion of the senior management team and will depend on individual circumstances but up to 37 hours (the equivalent of one working week) paid leave would be considered.

Death of a Child

If an employee has a death of a child under the age of 18 or suffers a stillbirth from 24 weeks of pregnancy, all employees will be entitled to two weeks paid leave; subject to meeting the eligibility criteria having been employed for at least 26 weeks.

Support will be given including making reasonable adjustments on the return to work and further ongoing support will be provided.

GDPR Privacy Notice

WHAT IS THE PURPOSE OF THIS DOCUMENT?

GNRC is committed to protecting the privacy and security of your personal information.

This privacy notice describes how the Setting collects and uses personal information about employees of the Setting (“Employees”), children attending the Setting (“Child” or “Children”) and the parents of the Children (“Parents”) (known collectively as “You” or “Your”), in accordance with the General Data Protection Regulation (GDPR).

GNRC is a “data controller”. This means that we are responsible for deciding how we hold and use personal information about You. We are required under data protection legislation to notify You of the information contained in this privacy notice.

This notice applies to Employees, Children and Parents. This notice does not form part of any contract of employment or other contract to provide services. We may update this notice at any time but if we do so, we will provide You with an updated copy of this notice as soon as reasonably practical.

It is important that Employees, Children and Parents read and retain this notice, together with any other privacy notice we may provide on specific occasions when we are collecting or processing personal information about You, so that You are aware of how and why we are using such information and what Your rights are under the data protection legislation.

DATA PROTECTION PRINCIPLES

We will comply with data protection law. This says that the personal information we hold about You must be:

1. Used lawfully, fairly and in a transparent way.
2. Collected only for valid purposes that we have clearly explained to You and not used in any way that is incompatible with those purposes.
3. Relevant to the purposes we have told You about and limited only to those purposes.
4. Accurate and kept up to date.
5. Kept only as long as necessary for the purposes we have told You about.
6. Kept securely.

THE KIND OF INFORMATION WE HOLD ABOUT YOU

Personal data, or personal information, means any information about an individual from which that person can be identified. It does not include data where the identity has been removed (anonymous data).

There are “special categories” of more sensitive personal data which require a higher level of protection, such as information about a person’s health or sexual orientation.

Employees:

We will collect, store, and use the following categories of personal information about Employees:

- Personal contact details such as name, title, addresses, telephone numbers, and personal email addresses.
- Date of birth.
- Gender.
- Marital status and dependants.
- Next of kin and emergency contact information.
- National Insurance number.
- Bank account details, payroll records and tax status information.
- Salary, annual leave, pension and benefits information.
- Start date and, if different, the date of an Employee's continuous employment.
- Location of employment or workplace.
- Copy of driving licence (where applicable).
- Recruitment information (including copies of right to work documentation, references and other information included in a CV or cover letter or as part of the application process).
- Employment records (including job titles, work history, working hours, holidays, training records and professional memberships).
- Personnel files and training records including performance information, disciplinary and grievance information, and working time records.
- Information about your use of our information and communications systems.
- Records of any reportable death, injury, disease or dangerous occurrence.

We may also collect, store and use the following "special categories" of more sensitive personal information:

- Information about an Employee's race or ethnicity.
- Information about an Employee's health, including any medical condition, accident, health and sickness records, including:
 - where an Employee leaves employment and under any share plan operated by a group company the reason for leaving is determined to be ill-health, injury or disability, the records relating to that decision;
 - details of any absences (other than holidays) from work including time on statutory parental leave and sick leave; and
 - where an Employee leaves employment and the reason for leaving is related to their health, information about that condition needed for pensions and permanent health insurance purposes.

Children:

We will collect, store, and use the following categories of personal information about Children:

- Name
- Date of birth
- Home address
- Dietary requirements
- Attendance information
- Photographs and video clips of the Child to signpost Children to where their belongings are stored at the Setting that they attend, and also for general display purposes

- Emergency contact should Parents be unavailable and the emergency contact's contact details
- Record book for each Child containing the work of the Child whilst at the Setting, observations about the Child's development whilst at the Setting from Employees of the Setting, specific examples of the Child's progress, photographs demonstrating the Child's development whilst at the Setting, and personal details of the Child (e.g. their date of birth) ("Progress Report")
- Records relating to individual Children e.g. care plans, common assessment frameworks, speech and language referral forms
- Accidents and pre-existing injuries forms
- Records of any reportable death, injury, disease or dangerous occurrence
- Observation, planning and assessment records of Children

We may also collect, store and use the following "special categories" of more sensitive personal information:

- Information about a Child's race or ethnicity, spoken language and nationality.
- Information about a Child's health, including any medical condition, health and sickness records.
- Information about a Child's accident or incident reports including reports of pre-existing injuries.
- Information about a Child's incident forms / child protection referral forms / child protection case details / reports.

Parents:

We will collect, store, and use the following categories of personal information about Parents:

- Name
- Home address
- Telephone numbers, and personal email addresses.
- National Insurance number.
- Bank account details.

We may also collect, store and use the following "special categories" of more sensitive personal information:

- Information about a Parent's race or ethnicity, spoken language and nationality.
- Conversations with Parents where Employees of the Setting deem it relevant to the prevention of radicalisation or other aspects of the governments Prevent strategy.

HOW IS YOUR PERSONAL INFORMATION COLLECTED?

Employees:

We collect personal information about Employees through the application and recruitment process, either directly from candidates or sometimes from an employment agency or background check provider. We may sometimes collect additional information from third parties including former employers, credit reference agencies or other background check agencies.

We will collect additional personal information in the course of job-related activities throughout the period of when an Employee works for us.

Children and Parents:

We collect personal information about Children and Parents from when the initial enquiry is made by the Parents, through the enrolment process and until the Children stop using the Setting's services.

HOW WE WILL USE INFORMATION ABOUT YOU

We will only use Your personal information when the law allows us to. Most commonly, we will use Your personal information in the following circumstances:

1. Where we need to perform the contract we have entered into with You.
2. Where we need to comply with a legal obligation.
3. Where it is necessary for our legitimate interests (or those of a third party) and Your interests and fundamental rights do not override those interests.

We may also use Your personal information in the following situations, which are likely to be rare:

1. Where we need to protect Your interests (or someone else's interests).

Situations in which we will use Employee personal information

We need all the categories of information in the list above (see Employee section within the [Paragraph](#) entitled 'The Kind of Information We Hold About You') primarily to allow us to perform our contracts with Employees and to enable us to comply with legal obligations. The situations in which we will process Employee personal information are listed below.

- Making a decision about an Employee's recruitment or appointment.
- Checking an Employee is legally entitled to work in the UK. Paying an Employee and, if an Employee is an Employee or deemed Employee for tax purposes, deducting tax and National Insurance contributions (NICs).
- Providing any Employee benefits to Employees.
- Enrolling you in a pension arrangement in accordance with our statutory automatic enrolment duties.
- Liaising with the trustees or managers of a pension arrangement operated by a group company, your pension provider and any other provider of employee benefits.
- Administering the contract we have entered into with an Employee.
- Conducting performance and/or salary reviews, managing performance and determining performance requirements.
- Assessing qualifications for a particular job or task, including decisions about promotions.
- Gathering evidence for possible grievance or disciplinary hearings.
- Making decisions about an Employee's continued employment, engagement.
- Making arrangements for the termination of our working relationship.
- Education, training and development requirements.
- Dealing with legal disputes involving Employees, including accidents at work.
- Ascertaining an Employee's fitness to work.
- Managing sickness absence.
- Complying with health and safety obligations.
- To prevent fraud.
- To monitor your use of our information and communication systems to ensure compliance with our IT policies.

- To ensure network and information security, including preventing unauthorised access to our computer and electronic communications systems and preventing malicious software distribution.

- Equal opportunities monitoring.

Some of the above grounds for processing will overlap and there may be several grounds which justify our use of an Employee's personal information.

Situations in which the Setting will use personal information of Children

We need all the categories of information in the list above (see Children section within the Paragraph entitled 'The Kind of Information We Hold About You') primarily to allow us to perform our obligations (including our legal obligations to Children). The situations in which we will process personal information of Children are listed below.

- Upon consent from the Parents, Personal Data of Children will be shared with schools for progression into the next stage of their education.

- Personal information of Children will be shared with local authorities without the consent of Parents where there is a situation where child protection is necessary.

- The personal information of Children will be shared with local authorities without the consent of Parents for funding purposes.

- Ofsted will be allowed access to the Setting's systems to review child protection records.

- To ensure we meet the needs of the Children

- To enable the appropriate funding to be received

- Report on a Child's progress whilst with the Setting

- To check safeguarding records

- To check complaint records

- To check attendance patterns are recorded

- When a Child's Progress Report is given to its Parent in order for that Parent to pass the same Progress Report to a school for application or enrolment purposes

Situations in which the Setting will use personal information of Parents

We need all the categories of information in the list above (see Parents section within the Paragraph entitled 'The Kind of Information we Hold About You') primarily to allow us to perform our contracts with Parents and to enable us to comply with legal obligations. The situations in which we will process personal information of Parents are listed below.

- The personal information of Parents will be shared with local authorities without the consent of Parents for funding purposes.

- To report on a Child's attendance

- To be able to contact a Parent or a Child's emergency contact about their Child

- To ensure setting fees are paid

If Employees and Parents fail to provide personal information

If Employees and Parents fail to provide certain information when requested, we may not be able to perform the respective contracts we have entered into with Employees and Parents, or we may be prevented from complying with our respective legal obligations to Employees, Children and Parents.

Change of purpose

We will only use Your personal information for the purposes for which we collected it, unless we reasonably consider that we need to use it for another reason and that reason is compatible with the original purpose. If we need to use Your personal information for an unrelated purpose, we will notify the Employee, Child or Parent, as is appropriate in the circumstances, and we will explain the legal basis which allows us to do so.

Please note that we may process an Employee's, a Child's or a Parent's personal information without their respective knowledge or consent, as relevant to the circumstances, in compliance with the above rules, where this is required or permitted by law.

HOW WE USE PARTICULARLY SENSITIVE PERSONAL INFORMATION

"Special categories" of particularly sensitive personal information require higher levels of protection. We need to have further justification for collecting, storing and using this type of personal information. We have in place an appropriate policy document and safeguards which we are required by law to maintain when processing such data. We may process special categories of personal information in the following circumstances:

1. In limited circumstances, with Employee or Parent explicit written consent.
2. Where we need to carry out our legal obligations or exercise rights in connection with Employee employment.
3. Where it is needed in the public interest, such as for equal opportunities monitoring or in relation to our occupational pension scheme.

Less commonly, we may process this type of information where it is needed in relation to legal claims or where it is needed to protect an Employee, a Child or a Parents' interests (or someone else's interests) and the Employee, Child or Parent as is appropriate is not capable of giving consent, or where the Employee or Parent has already made the information public.

The Setting's obligations as an employer

We will use particularly sensitive personal information of Employees in the following ways:

- We will use information relating to leaves of absence, which may include sickness absence or family related leaves, to comply with employment and other laws.
- We will use information about the physical or mental health of an Employee, or their disability status, to ensure Employee health and safety in the workplace and to assess the fitness of Employees to work, to provide appropriate workplace adjustments, to monitor and manage sickness absence and to administer benefits including statutory maternity pay, statutory sick pay, pensions and permanent health insurance.
- We will use information about an Employee's race or national or ethnic origin, religious, philosophical or moral beliefs, or an Employee's sexual life or sexual orientation, to ensure meaningful equal opportunity monitoring and reporting.

Do we need Employee consent?

We do not need the consent of Employees if we use special categories of personal information in accordance with our written policy to carry out our legal obligations or exercise specific rights in the field of employment law. In limited circumstances, we may approach Employees for their written consent to allow us to process certain particularly sensitive data. If we do so, we will provide Employees with full details of the information that we would like and the reason we need it, so that Employees can carefully consider whether they wish to consent. Employees should be aware that it is not a condition of their contract with the setting that they agree to any request for consent from us.

INFORMATION ABOUT CRIMINAL CONVICTIONS

We may only use information relating to criminal convictions where the law allows us to do so. This will usually be where such processing is necessary to carry out our obligations and provided we do so in line with our data protection policy.

Less commonly, we may use information relating to criminal convictions where it is necessary in relation to legal claims, where it is necessary to protect the interests of You (or someone else's interests) and You are not capable of giving your consent, or where an Employee or a Parent, as is relevant to the circumstances, has already made the information public.

We envisage that we will hold information about criminal convictions.

We will only collect information about criminal convictions if it is appropriate given the nature of the role and where we are legally able to do so, which includes but is not limited to Disclosure and Barring Service ("DBS") checks. Where appropriate, we will collect information about criminal convictions as part of the recruitment process or we may be notified of such information directly by you in the course of you working for us. We will use information about criminal convictions and offences in the following ways:

- To conduct a DBS check on each Employee, to record the date of the DBS check, the number of the DBS check and the name of the body conducting the DBS check.

We are allowed to use your personal information in this way to carry out our obligations. We have in place an appropriate policy and safeguards which we are required by law to maintain when processing such data.

AUTOMATED DECISION-MAKING

Automated decision-making takes place when an electronic system uses personal information to make a decision without human intervention. We are allowed to use automated decision-making in the following circumstances:

1. Where we have notified Employees or Parents of the decision and given the Employee or the Parent as is appropriate 21 days to request a reconsideration.
2. Where it is necessary to perform the contract with an Employee or a Parent and appropriate measures are in place to safeguard the Employee's, the Child's or the Parent's rights as is appropriate.
3. In limited circumstances, with explicit written consent from the Employee or the Parent, as is appropriate, and where appropriate measures are in place to safeguard Employee or Parent rights.

If we make an automated decision on the basis of any particularly sensitive personal information, we must have either explicit written consent from an Employee or a Parent as is appropriate, or it must be justified in the public interest, and we must also put in place appropriate measures to safeguard an Employee or a Parents rights as is relevant in the circumstances.

You will not be subject to decisions that will have a significant impact on You based solely on automated decision-making, unless we have a lawful basis for doing so and we have notified the Employee or the Parent as is appropriate in the circumstances.

DATA SHARING

We may have to share Employee, Child or Parent data with third parties, including third-party service providers and other entities in the group.

We require third parties to respect the security of Your data and to treat it in accordance with the law.

Why might the Setting share Employee, Child or Parent personal information with third parties?

We will share Your personal information with third parties where required by law, where it is necessary to administer the working relationship with You or where we have another legitimate interest in doing so.

Which third-party service providers process my personal information?

"Third parties" includes third-party service providers (including contractors and designated agents), local authorities, regulatory bodies, schools and other entities within our group. The following third-party service providers process personal information about you for the following purposes:

- Local Authorities – for funding and monitoring reasons (e.g. equal opportunities and uptake of funded hours)
- Regulatory bodies – for ensuring compliance and the safety and welfare of the children
- Schools – to provide a successful transition by ensuring information about the child's progress and current level of development and interests are shared

We will share personal data regarding your participation in any pension arrangement operated by a group company with the trustees or scheme managers of the arrangement in connection with the administration of the arrangements.

How secure is my information with third-party service providers and other entities in our group?

All our third-party service providers and other entities in the group are required to take appropriate security measures to protect Your personal information in line with our policies. We do not allow our third-party service providers to use Your personal data

for their own purposes. We only permit them to process Your personal data for specified purposes and in accordance with our instructions.

What about other third parties?

We may share Your personal information with other third parties, for example in the context of the possible sale or restructuring of the business. In this situation we will, so far as possible, share anonymised data with the other parties before the transaction completes. Once the transaction is completed, we will share Your personal data with the other parties if and to the extent required under the terms of the transaction.

We may also need to share Your personal information with a regulator or to otherwise comply with the law.

DATA RETENTION

How long will you use my information for?

We will only retain Your personal information for as long as necessary to fulfil the purposes we collected it for, including for the purposes of satisfying any legal, accounting, or reporting requirements. Details of retention periods for different aspects of your personal information are available in our retention policy which is available from the manager. To determine the appropriate retention period for personal data, we consider the amount, nature, and sensitivity of the personal data, the potential risk of harm from unauthorised use or disclosure of Your personal data, the purposes for which we process Your personal data and whether we can achieve those purposes through other means, and the applicable legal requirements.

In some circumstances we may anonymise Your personal information so that it can no longer be associated with You, in which case we may use such information without further notice to You. Once you are no longer an Employee, or a Child benefiting from the Setting's services or a Parent, as is appropriate, we will retain and securely destroy your personal information in accordance with [our data retention policy **OR** applicable laws and regulations].

RIGHTS OF ACCESS, CORRECTION, ERASURE, AND RESTRICTION

Your duty to inform us of changes

It is important that the personal information we hold about You is accurate and current. Please keep us informed if Your personal information changes during your working relationship with us.

Your rights in connection with personal information

Under certain circumstances, by law You have the right to:

- **Request access** to Your personal information (commonly known as a “data subject access request”). This enables You to receive a copy of the personal information we hold about You and to check that we are lawfully processing it.

- **Request correction** of the personal information that we hold about You. This enables You to have any incomplete or inaccurate information we hold about You corrected.
 - **Request erasure** of your personal information. This enables Employees or Parents to ask us to delete or remove personal information where there is no good reason for us continuing to process it. You also have the right to ask us to delete or remove Your personal information where You have exercised Your right to object to processing (see below).
 - **Object to processing** of Your personal information where we are relying on a legitimate interest (or those of a third party) and there is something about Your particular situation which makes You want to object to processing on this ground. You also have the right to object where we are processing Your personal information for direct marketing purposes.
 - **Request the restriction of processing** of Your personal information. This enables Employees or Parents, as is appropriate, to ask us to suspend the processing of personal information about You for example if You want us to establish its accuracy or the reason for processing it.
 - **Request the transfer** of Your personal information to another party.
- If You want to review, verify, correct or request erasure of Your personal information, object to the processing of Your personal data, or request that we transfer a copy of Your personal information to another party, please contact the manager in writing.

No fee usually required

You will not have to pay a fee to access Your personal information (or to exercise any of the other rights).

What we may need from You

We may need to request specific information from You to help us confirm your identity and ensure Your right to access the information (or to exercise any of Your other rights). This is another appropriate security measure to ensure that personal information is not disclosed to any person who has no right to receive it.

RIGHT TO WITHDRAW CONSENT

In the limited circumstances where You may have provided Your consent to the collection, processing and transfer of Your personal information for a specific purpose, You have the right to withdraw Your consent for that specific processing at any time. To withdraw Your consent, please contact Chris Fletcher. Once we have received notification that You have withdrawn Your consent, we will no longer process Your information for the purpose or purposes You originally agreed to, unless we have another legitimate basis for doing so in law.

CHANGES TO THIS PRIVACY NOTICE

We reserve the right to update this privacy notice at any time, and we will provide You with a new privacy notice when we make any substantial updates. We may also notify You in other ways from time to time about the processing of your personal information.
